- (3) The electronic notary shall verify the identity of the remotely located principal as provided in G.S. 10B-134.11. If the remotely located principal is a member of the Armed Forces of the United States, or the spouse or dependent of the member, as described in G.S. 10B-134.1(10)b., the electronic notary may rely on that remotely located principal's written, verbal, or electronic declaration and confirmation under penalty of perjury as to remotely located principal's location and military or familial status.

(c) Except as provided in subsection (d) of this section, if the remote electronic notarial act is an oath or affirmation, the electronic notary shall administer the oath or affirmation to the remotely located principal utilizing a licensed platform.

(d) In judicial actions or proceedings, any notary public registered with the Secretary, whether or not registered as an electronic notary, may administer an oath or affirmation to a witness that does not require remote electronic notarization of a record or a notarial certificate and seal when done in person, provided all of the following apply:

- (1) The notary is physically located in this State at the time the oath or affirmation is administered to the remotely located witness.
- (2) Communication technology is utilized. The notary shall not be required to select the medium of communication technology or to retain a communication technology recording of the performance of each remote oral oath or affirmation.
