

Article 22.

Urban Redevelopment Law.

§ 160A-500. Short title.

This Article shall be known and may be cited as the "Urban Redevelopment Law." (1951, c. 1095, s. 1; 1973, c. 426, s. 75.)

§ 160A-501. Findings and declaration of policy.

It is hereby determined and declared as a matter of legislative finding:

- (1) That there exist in urban communities in this State blighted areas as defined herein.
- (2) That such areas are economic or social liabilities, inimical and injurious to the public health, safety, morals and welfare of the residents of the State, harmful to the social and economic well-being of the entire communities in which they exist, depreciating values therein, reducing tax revenues, and thereby depreciating further the general community-wide values.
- (3) That the existence of such areas contributes substantially and increasingly to the spread of disease and crime, necessitating excessive and disproportionate expenditures of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution, punishment and the treatment of juvenile delinquency and for the maintenance of adequate police, fire and accident protection and other public services and facilities, constitutes an economic and social liability, substantially impairs or arrests the sound growth of communities.
- (4) That the foregoing conditions are beyond remedy or control entirely by regulatory processes in the exercise of the police power and cannot be effectively dealt with by private enterprise under existing law without the additional aids herein granted.
- (5) That the acquisition, preparation, sale, sound replanning, and redevelopment of such areas in accordance with sound and approved plans for their redevelopment will promote the public health, safety, convenience and welfare.

Therefore, it is hereby declared to be the policy of the State of North Carolina to promote the health, safety, and welfare of the inhabitants thereof by the creation of bodies corporate and politic to be known as redevelopment commissions, which shall exist and operate for the public purposes of acquiring and replanning such areas and of holding or disposing of them in such manner that they shall become available for economically and socially sound redevelopment. Such purposes are hereby declared to be public uses for which public money may be spent, and private property may be acquired by the exercise of the power of eminent domain. (1951, c. 1095, s. 2; 1973, c. 426, s. 75.)

§ 160A-502. Additional findings and declaration of policy.

It is further determined and declared as a matter of legislative finding:

- (1) That the cities of North Carolina constitute important assets for the State and its citizens; that the preservation of the cities and of urban life against physical, social, and other hazards is vital to the safety, health, and welfare of the citizens of the State, and sound urban development in the future is essential to the continued economic development of North Carolina, and that the creation,

- existence, and growth of substandard areas present substantial hazards to the cities of the State, to urban life, and to sound future urban development.
- (2) That blight exists in commercial and industrial areas as well as in residential areas, in the form of dilapidated, deteriorated, poorly ventilated, obsolete, overcrowded, unsanitary, or unsafe buildings, inadequate and unsafe streets, inadequate lots, and other conditions detrimental to the sound growth of the community; that the presence of such conditions tends to depress the value of neighboring properties, to impair the tax base of the community, and to inhibit private efforts to rehabilitate or improve other structures in the area; and that the acquisition, preparation, sale, sound replanning and redevelopment of such areas in accordance with sound and approved plans will promote the public health, safety, convenience and welfare.
 - (3) That not only is it in the interest of the public health, safety, convenience and welfare to eliminate existing substandard areas of all types, but it is also in the public interest and less costly to the community to prevent the creation of new blighted areas or the expansion of existing blighted areas; that vigorous enforcement of municipal and State building standards, sound planning of new community facilities, public acquisition of dilapidated, obsolescent buildings, and other municipal action can aid in preventing the creation of new blighted areas or the expansion of existing blighted areas; and that rehabilitation, conservation, and reconditioning of areas in accordance with sound and approved plans, where, in the absence of such action, there is a clear and present danger that the area will become blighted, will protect and promote the public health, safety, convenience and welfare.

Therefore it is hereby declared to be the policy of the State of North Carolina to protect and promote the health, safety, and welfare of the inhabitants of its urban areas by authorizing redevelopment commissions to undertake nonresidential redevelopment in accord with sound and approved plans and to undertake the rehabilitation, conservation, and reconditioning of areas where, in the absence of such action, there is a clear and present danger that the area will become blighted. (1961, c. 837, s. 1; 1973, c. 426, s. 75.)

§ 160A-504. Formation of commissions.

(a) Each municipality, as defined herein, is hereby authorized to create separate and distinct bodies corporate and politic to be known as the redevelopment commission of the municipality by the passage by the governing body of such municipality of an ordinance or resolution creating a commission to function within the territorial limits of said municipality. Notice of the intent to consider the passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting.

(b) The governing body of a municipality shall not adopt a resolution pursuant to subsection (a) above unless it finds:

- (1) That blighted areas (as herein defined) exist in such municipality, and
- (2) That the redevelopment of such areas is necessary in the interest of the public health, safety, morals or welfare of the residents of such municipality.

(c) The governing body shall cause a certified copy of such ordinance or resolution to be filed in the office of the Secretary of State; upon receipt of the said certificate the Secretary of State shall issue a certificate of incorporation.

(d) In any suit, action or proceeding involving or relating to the validity or enforcement of any contract or act of a commission, a copy of the certificate of incorporation duly certified by the Secretary of State shall be admissible in evidence and shall be conclusive proof of the legal establishment of the commission. (1951, c. 1095, s. 4; 1973, c. 426, s. 75.)

§ 160A-505. Alternative organization.

(a) In lieu of creating a redevelopment commission as authorized herein, the governing body of any municipality may, if it deems wise, either designate a housing authority created under the provisions of Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission as prescribed herein, or undertake to exercise such powers, duties, and responsibilities itself. Any such designation shall be by passage of a resolution adopted in accordance with the procedure and pursuant to the findings specified in G.S. 160A-504(a) and (b). In the event a governing body designates itself to perform the powers, duties, and responsibilities of a redevelopment commission under this subsection, or exercises those powers, duties, and responsibilities pursuant to G.S. 160D-1311, then where any act or proceeding is required to be done, recommended, or approved both by a redevelopment commission and by the municipal governing body, then the performance, recommendation, or

approval thereof once by the municipal governing body shall be sufficient to make such performance, recommendation, or approval valid and legal. In the event a municipal governing body designates itself to exercise the powers, duties, and responsibilities of a redevelopment commission, it may assign the administration of redevelopment policies, programs and plans to any existing or new department of the municipality.

(b) The governing body of any municipality which has prior to July 1, 1969, created, or which may hereafter create, a redevelopment commission may, in its discretion, by resolution abolish such redevelopment commission, such abolition to be effective on a day set in such resolution not less than 90 days after its adoption. Upon the adoption of such a resolution, the redevelopment commission of the municipality is hereby authorized and directed to take such actions and to execute such documents as will carry into effect the provisions and the intent of the resolution, and as will effectively transfer its authority, responsibilities, obligations, personnel, and property, both real and personal, to the municipality. Any municipality which abolishes a redevelopment commission pursuant to this subsection may, at any time subsequent to such abolition or concurrently therewith, exercise the authority granted by subsection (a) of this section.

On the day set in the resolution of the governing body:

- (1) The redevelopment commission shall cease to exist as a body politic and corporate and as a public body;
- (2) All property, real and personal and mixed, belonging to the redevelopment commission shall vest in, belong to, and be the property of the municipality;
- (3) All judgments, liens, rights of liens, and causes of action of any nature in favor of the redevelopment commission shall remain, vest in, and inure to the benefit of the municipality;
- (4) All rentals, taxes, assessments, and any other funds, charges or fees, owing to the redevelopment commission shall be owed to and collected by the municipality;
- (5) Any actions, suits, and proceedings pending against, or having been instituted by the redevelopment commission shall not be abated by such abolition, but all such actions, suits, and proceedings shall be continued and completed in the same manner as if abolition had not occurred, and the municipality shall be a party to all such actions, suits, and proceedings in the place and stead of the redevelopment commission and shall pay or cause to be paid any judgment rendered against the redevelopment commission in any such actions, suits, or proceedings, and no new process need be served in any such action, suit, or proceeding;
- (6) All obligations of the redevelopment commission, including outstanding indebtedness, shall be assumed by the municipality, and all such obligations and outstanding indebtedness shall be constituted obligations and indebtedness of the municipality;
- (7) All ordinances, rules, regulations and policies of the redevelopment commission shall continue in full force and effect until repealed or amended by the governing body of the municipality.

(c) Where the governing body of any municipality has in its discretion, by resolution, abolished a redevelopment commission pursuant to subsection (b) above, the governing body of such municipality may, at any time subsequent to the passage of a resolution abolishing a redevelopment commission, or concurrently therewith, by the passage of a resolution adopted in

accordance with the procedures and pursuant to the findings specified in G.S. 160A-504(a) and (b), designate an existing housing authority created pursuant to Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission. Where the governing body of any municipality designates, pursuant to this subsection, an existing housing authority created pursuant to Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission, on the day set in the resolution of the governing body passed pursuant to subsection (b) of this section, or pursuant to subsection (c) of this section:

- (1) The redevelopment commission shall cease to exist as a body politic and corporate and as a public body;
 - (2) All property, real and personal and mixed, belonging to the redevelopment commission or to the municipality as hereinabove provided in subsections (a) or (b), shall vest in, belong to, and be the property of the existing housing authority of the municipality;
 - (3) All judgments, liens, rights of liens, and causes of action of any nature in favor of the redevelopment commission or in favor of the municipality as hereinabove provided in subsections (a) or (b), shall remain, vest in, and inure to the benefit of the existing housing authority of the municipality;
 - (4) All rentals, taxes, assessments, and any other funds, charges or fees owing to the redevelopment commission, or owing to the municipality as hereinabove provided in subsections (a) or (b), shall be owed to and collected by the existing housing authority of the municipality;
 - (5) Any actions, suits, and proceedings pending against or having been instituted by the redevelopment commission, or the municipality, or to which the municipality has become a party, as hereinabove provided in subsections (a) or (b), shall not be abated by such abolition but all such actions, suits, and proceedings shall be continued and completed in the same manner as if abolition had not occurred, and the existing housing authority of the municipality shall be a party to all such actions, suits, and proceedings in the place and stead of the redevelopment commission, or the municipality, and shall pay or cause to be paid any judgments rendered in such actions, suits, or proceedings, and no new processes need be served in such action, suit, or proceeding;
 - (6) All obligations of the redevelopment commission, or the municipality as hereinabove provided in subsections (a) or (b), including outstanding indebtedness, shall be assumed by the existing housing authority of the municipality; and all such obligations and outstanding indebtedness shall be constituted obligations and indebtedness of the existing housing authority of the municipality.
 - (7) All ordinances, rules, regulations, and policies of the redevelopment commission, or of the municipality as hereinabove provided in subsections (a) or (b), shall continue in full force and effect until repealed and amended by the existing housing authority of the municipality.
- (d) A housing authority designated by the governing body of any municipality to exercise the powers, duties and responsibilities of a redevelopment commission shall, when exercising the same, do so in accordance with Article 22 of Chapter 160A of the General Statutes. Otherwise the

housing authority shall continue to exercise the powers, duties and responsibilities of a housing authority in accordance with Chapter 157 of the General Statutes. (1969, c. 1217, s. 1; 1971, c. 116, ss. 1, 2; 1973, c. 426, s. 75; 1981 (Reg. Sess., 1982), c. 1276, s. 13; 2003-403, s. 16; 2022-62, s. 50.)

§ 160A-505.1. Commission budgeting and accounting systems as a part of municipality budgeting and accounting systems.

The governing body of a municipality may by resolution provide that the budgeting and accounting systems of the municipality's redevelopment commission or, if the municipality's housing authority is exercising the powers, duties, and responsibilities of a redevelopment commission, the budgeting and accounting systems of the housing authority, shall be an integral part of the budgeting and accounting systems of the municipality. If such a resolution is adopted:

- (1) For purposes of the Local Government Budget and Fiscal Control Act, the commission or authority shall not be considered a "public authority," as that phrase is defined in G.S. 159-7(b), but rather shall be considered a department or agency of the municipality. The operations of the commission or authority shall be budgeted and accounted for as if the operations were those of a public enterprise of the municipality.
- (2) The budget of the commission or authority shall be prepared and submitted in the same manner and according to the same procedures as are the budgets of other departments and agencies of the municipality; and the budget ordinance of the municipality shall provide for the operations of the commission or authority.
- (3) The budget officer and finance officer of the municipality shall administer and control that portion of the municipality's budget ordinance relating to the operations of the commission or authority. (1971, c. 780, s. 37.2; 1973, c. 474, s. 30.)

§ 160A-506. Creation of a county redevelopment commission.

If the board of county commissioners of a county by resolution declares that blighted areas do exist in said county, and the redevelopment of such areas is necessary in the interest of public health, safety, morals, or welfare of the residents of such county, the county commissioners of said county are hereby authorized to create a separate and distinct body corporate and politic to be known as the redevelopment commission of said county by passing a resolution to create such a commission to function in the territorial limits of said county. Provided, however, that notice of the intent to consider passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting of the board of county commissioners for such purposes, and further provided that the redevelopment commission shall not function in an area where such a commission exists or in the corporate limits of a municipality without resolution of agreement by said municipality.

All of the provisions of Article 22, Chapter 160A of the General Statutes, shall be applicable to county redevelopment commissions, including the formation, appointment, tenure, compensation, organization, interest and powers as specified therein. (1969, c. 1208, s. 2; 1973, c. 426, s. 75.)

§ 160A-507. Creation of a regional redevelopment commission.

If the board of county commissioners of two or more contiguous counties by resolution declare that blighted areas do exist in said counties and the redevelopment of such areas is necessary in the interest of public health, morals, or welfare of the residents of such counties, the county commissioners of said counties are hereby authorized to create a separate and distinct body

corporate and politic to be known as the regional redevelopment commission by the passage of a resolution by each county to create such a commission to function in the territorial limits of the counties; provided, however, that notice of the intent to consider passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting of the board of county commissioners for such purposes, and further provided that the redevelopment commission shall not function in an area where such a commission exists or in the corporate limits of a municipality without resolution of agreement by the municipality.

The board of county commissioners of each county included in the regional redevelopment commission shall appoint one person as a commissioner and such a person may be appointed at or after the time of the adoption of the resolution creating the redevelopment commission. The board of county commissioners shall have the authority to appoint successors or to remove persons for misconduct who are appointed by them. Each commissioner to the redevelopment commission shall serve for a five-year term except that initial appointments may be for less time in order to establish a fair rotation system of appointments. In the event that a regional redevelopment commission shall have an even number of counties, the Governor of North Carolina shall appoint a member to the commission from the area to be served. The appointed members as commissioners shall constitute the regional redevelopment commission and certification of appointment shall be filed with the Secretary of State as part of the application for charter.

All provisions of the "Urban Redevelopment Law" as defined in Article 22 of Chapter 160A of the General Statutes, shall apply to the creation and operation of a regional redevelopment commission, and where reference is made to municipality, it shall be interpreted to apply to the area served by the regional redevelopment commission. (1969, c. 1208, s. 3; 1973, c. 426, s. 75.)

§ 160A-507.1. Creation of a joint county-city redevelopment commission.

A county and one or more cities within the county are hereby authorized to create a separate and distinct body corporate and politic to be known as the joint redevelopment commission by the passage of a resolution by the board of county commissioners and the governing body of one or more cities within the county creating such a commission to function within the territorial limits of such participating units of government; provided, however, that notice of the intent to consider passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting of the affected governing boards for such purposes, and further provided that a joint redevelopment commission created hereunder shall have authority to operate in an area where there presently exists a redevelopment commission upon the approval of the municipality or county concerned. The governing body of each participating local government shall appoint one or more commissioners as such governing bodies shall determine; such persons may be appointed at or after the time of adoption of the resolution creating the joint redevelopment commission. The appointing authority shall have the authority to appoint successors or to remove persons for misfeasance, malfeasance or nonfeasance who are appointed by them. Each commissioner shall serve for a term designated by the governing bodies of not less than one nor more than five years. The appointed members as commissioners shall constitute the joint redevelopment commission and certification of appointment shall be filed with the Secretary of State as part of the application for charter.

All provisions of the "Urban Redevelopment Law" as defined in Article 22 of Chapter 160A of the General Statutes shall apply to the creation and operation of a joint redevelopment commission and where reference is made to municipality, it shall be interpreted to apply to the units of government creating a joint redevelopment commission. (1975, c. 407.)

§ 160A-508. Appointment and qualifications of members of commission.

Upon certification of a resolution declaring the need for a commission to operate in a city or town, the mayor and governing board thereof, respectively, shall appoint, as members of the commission, not less than five nor more than nine citizens who shall be residents of the city or town in which the commission is to operate. The governing body may at any time by resolution or ordinance increase or decrease the membership of a commission, within the limitations herein prescribed. (1951, c. 1095, s. 5; 1971, c. 362, ss. 6, 7; 1973, c. 426, s. 75.)

§ 160A-509. Tenure and compensation of members of commission.

The mayor and governing body shall designate overlapping terms of not less than one nor more than five years for the members who are first appointed. Thereafter, the term of office shall be five years. A member shall hold office until his successor has been appointed and qualified. Vacancies for the unexpired terms shall be promptly filled by the mayor and governing body. A member shall receive such compensation, if any, as the municipal governing board may provide for this service, and shall be entitled within the budget appropriation to the necessary expenses, including traveling expenses, incurred in the discharge of his duties. (1951, c. 1095, s. 6; 1967, c. 932, s. 4; 1971, c. 362, s. 8; 1973, c. 426, s. 75.)

§ 160A-510. Organization of commission.

The members of a commission shall select from among themselves a chairman, a vice-chairman, and such other officers as the commission may determine. A commission may employ a secretary, its own counsel, and such technical experts, and such other agents and employees, permanent or temporary, as it may require, and may determine the qualifications and fix the compensation of such persons. A majority of the members shall constitute a quorum for its meeting. Members shall not be liable personally on the bonds or other obligations of the commission, and the rights of creditors shall be solely against such commission. A commission may delegate to one or more of its members, agents or employees such of its powers as it shall deem necessary to carry out the purposes of this Article, subject always to the supervision and control of the commission. For inefficiency or neglect of duty or misconduct in office, a commissioner of a commission may be removed by the governing body, but a commissioner shall be removed only after a hearing and after he shall have been given a copy of the charges at least 10 days prior to such hearing and have had an opportunity to be heard in person or by counsel. (1951, c. 1095, s. 7; 1971, c. 362, s. 9; 1973, c. 426, s. 75.)

§ 160A-511. Interest of members or employees.

No member or employee of a commission shall acquire any interest, direct or indirect, in any redevelopment project or in any property included or planned to be included in any redevelopment area, or in any area which he may have reason to believe may be certified to be a redevelopment area, nor shall he have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used by a commission, or in any contract with a redeveloper or prospective redeveloper relating, directly or indirectly, to any redevelopment project, except that a member or employee of a commission may acquire property in a residential redevelopment area from a person or entity other than the commission after the residential redevelopment plan for that area is adopted if:

- (1) The primary purpose of acquisition is to occupy the property as his principal residence;
- (2) The redevelopment plan does not provide for acquisition of such property by the commission; and
- (3) Prior to acquiring title to the property, the member or employee shall have disclosed in writing to the commission and to the local governing body his intent to acquire the property and to occupy the property as his principal residence.

Except as authorized herein, the acquisition of any such interest in a redevelopment project or in any such property or contract shall constitute misconduct in office. If any member or employee of a commission shall have already owned or controlled within the preceding two years any interest, direct or indirect, in any property later included or planned to be included in any redevelopment project, under the jurisdiction of the commission, or has any such interest in any contract for material or services to be furnished or used in connection with any redevelopment project, he shall disclose the same in writing to the commission and to the local governing body. Any disclosure required herein shall be entered in writing upon the minute books of the commission. Failure to make disclosure shall constitute misconduct in office. (1951, c. 1095, s. 8; 1973, c. 426, s. 75; 1977, 2nd Sess., c. 1139.)

A redevelopment commission is hereby specifically authorized to make (i) plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements and (ii) plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements. (1951, c. 1095, s. 9; 1961, c. 837, ss. 5, 7; 1969, c. 254, s. 1; 1973, c. 426, s. 75; 1981 (Reg. Sess., 1982), c. 1276, s. 14; 2003-403, s. 17; 2006-224, s. 2.3; 2006-259, s. 47; 2011-284, s. 120.)

§ 160A-513. Preparation and adoption of redevelopment plans.

(a) A commission shall prepare a redevelopment plan for any area certified by the planning commission to be a redevelopment area. A redevelopment plan shall be sufficiently complete to indicate its relationship to definite local objectives as to appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public improvements and the proposed land uses and building requirements in the redevelopment project area.

(b) The planning commission's certification of a redevelopment area shall be made in conformance with its comprehensive general plan, if any (which may include, inter alia, a plan of major traffic arteries and terminals and a land use plan and projected population densities) for the area.

(c) A commission shall not acquire real property for a development project unless the governing body of the community in which the redevelopment project area is located has approved the redevelopment plan, as hereinafter prescribed; provided, however, that the commission may acquire, through negotiation, specific pieces of property in the redevelopment area prior to the approval of such plan when the governing body finds that advance acquisition of such properties is in the public interest and specifically approves such action.

(d) The redevelopment commission's redevelopment plan shall include, without being limited to, the following:

- (1) The boundaries of the area, with a map showing the existing uses of the real property therein;
- (2) A land use plan of the area showing proposed uses following redevelopment;
- (3) Standards of population densities, land coverage and building intensities in the proposed redevelopment;
- (4) A preliminary site plan of the area;
- (5) A statement of the proposed changes, if any, in zoning ordinances or maps;
- (6) A statement of any proposed changes in street layouts or street levels;
- (7) A statement of the estimated cost and method of financing redevelopment under the plan; provided, that where redevelopment activities are performed on the basis of annual increments, such statement to be sufficient shall set forth a schedule of the activities proposed to be undertaken during the incremental period, together with a statement of the estimated cost and method of financing such scheduled activities only;
- (8) A statement of such continuing controls as may be deemed necessary to effectuate the purposes of this Article;
- (9) A statement of a feasible method proposed for the relocation of the families displaced.

(e) The commission shall hold a public hearing prior to its final determination of the redevelopment plan. Notice of such hearing shall be given once a week for two successive calendar weeks in a newspaper published in the municipality, or if there be no newspaper published in the municipality, by posting such notice at four public places in the municipality, said notice to be published the first time or posted not less than 15 days prior to the date fixed for said hearing.

(f) The commission shall submit the redevelopment plan to the planning commission for review. The planning commission, shall, within 45 days, certify to the redevelopment commission its recommendation on the redevelopment plan, either of approval, rejection or modification, and in the latter event, specify the changes recommended.

(g) Upon receipt of the planning commission's recommendation, or at the expiration of 45 days, if no recommendation is made by the planning commission, the commission shall submit to the governing body the redevelopment plan with the recommendation, if any, of the planning commission thereon. Prior to recommending a redevelopment plan to the governing body for approval, the commission shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted and harmonious development of the community and its environs, which will in accordance with present and future needs promote health, safety, morals, order, convenience, prosperity and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage and other public utilities, schools, parks, recreational and community facilities and other public requirements, the promotion of sound design and arrangements, the wise and efficient expenditure of public funds, the prevention of the recurrence of insanitary or unsafe dwelling accommodations, slums, or conditions or blight.

(h) The governing body, upon receipt of the redevelopment plan and the recommendation (if any) of the planning commission, shall hold a public hearing upon said plan. Notice of such hearing shall be given once a week for two successive weeks in a newspaper published in the municipality, or, if there be no newspaper published in the municipality, by posting such notice at four public places in the municipality, said notice to be published the first time or posted not less than 15 days prior to the date fixed for said hearing. The notice shall describe the redevelopment area by boundaries, in a manner designed to be understandable by the general public. The redevelopment plan, including such maps, plans, contracts, or other documents as form a part of it, together with the recommendation (if any) of the planning commission and supporting data, shall be available for public inspection at a location specified in the notice for at least 10 days prior to the hearing.

At the hearing the governing body shall afford an opportunity to all persons or agencies interested to be heard and shall receive, make known, and consider recommendations in writing with reference to the redevelopment plan.

(i) The governing body shall approve, amend, or reject the redevelopment plan as submitted.

(j) Subject to the proviso in subsection (c) of this section, upon approval by the governing body of the redevelopment plan, the commission is authorized to acquire property, to execute contracts for clearance and preparation of the land for resale, and to take other actions necessary to carry out the plan, in accordance with the provisions of this Article.

(k) A redevelopment plan may be modified at any time by the commission; provided that, if modified after the sale of real property in the redevelopment project area, the modification must be consented to by the redeveloper of such real property or his successor, or their successors in interest affected by the proposed modification. Where the proposed modification will substantially change the redevelopment plan as previously approved by the governing body the modification must similarly be approved by the governing body as provided above. (1951, c. 1095, s. 10; 1961, c. 837, s. 8; 1965, c. 808; 1969, c. 254, s. 2; 1973, c. 426, s. 75.)

§ 160A-514. Required procedures for contracts, purchases and sales; powers of commission in carrying out redevelopment project.

(a) A commission may privately contract for engineering, legal, surveying, professional or other similar services without advertisement or bid.

(b) In entering and carrying out any contract for construction, demolition, moving of structures, or repair work or the purchase of apparatus, supplies, materials, or equipment, a commission shall comply with the provisions of Article 8 of Chapter 143 of the General Statutes. In construing such provisions, the commission shall be considered to be the governing board of a "subdivision of the State," and a contract for demolition or moving of structures, shall be treated in the same manner as a contract for construction or repair. Compliance with such provisions shall not be required, however, where the commission enters into contracts with the municipality which created it for the municipality to furnish any such services, work, apparatus, supplies, materials, or equipment; the making of these contracts without advertisement or bids is hereby specifically authorized. Advertisement or bids shall not be required for any contract for construction, demolition, moving of structures, or repair work, or for the purchase of apparatus, supplies, materials, or equipment, where such contract involves the expenditure of public money in an amount less than five hundred dollars (\$500.00).

(c) A commission may sell, exchange, or otherwise transfer the fee or any lesser interest in real property in a redevelopment project area to any redeveloper for any public or private use that accords with the redevelopment plan, subject to such covenants, conditions and restrictions as the commission may deem to be in the public interest and in furtherance of the purposes of this Article. In the sale, exchange, or transfer of property, the commission shall exercise the authority and procedure set out in G.S. 160A-268, 160A-269, 160A-270, 160A-271, or 160A-279 for the disposition of property by a city council. Provided, however, that all sales, exchanges, or other transfers of real property from July 9, 1985, to December 31, 1987, in accordance with the provisions of this section prior to its revision on July 9, 1985, shall be and are valid in all respects.

(d) A commission may sell personal property having a value of less than five hundred dollars (\$500.00) at private sale without advertisement and bids.

(e) In carrying out a redevelopment project, the commission may:

- (1) With or without consideration and at private sale convey to the municipality in which the project is located such real property as, in accordance with the redevelopment plan, is to be laid out into streets, alleys, and public ways.
- (2) With or without consideration, convey at private sale, grant, or dedicate easements and rights-of-way for public utilities, sewers, streets and other similar facilities, in accordance with the redevelopment plan.
- (3) With or without consideration and at private sale convey to the municipality, county or other appropriate public body such real property as, in accordance with the redevelopment plan, is to be used for parks, schools, public buildings, facilities or other public purposes.
- (4) In addition to other authority contained in this section, after a public hearing advertised in accordance with the provisions of G.S. 160A-513(e), and subject to the approval of the governing body of the municipality, convey to a nonprofit association or corporation organized and operated exclusively for educational, scientific, literary, cultural, charitable or religious purposes, no part of the net earnings of which inure to the benefit of any private shareholder or individual, such real property as, in accordance with the redevelopment plan, is to be used for the purposes of such associations or corporations. Such conveyance shall be for such consideration as may be agreed upon by the commission and the

association or corporation, which shall not be less than the fair value of the property agreed upon by a committee of three professional real estate appraisers currently practicing in the State, which committee shall be appointed by the commission. All conveyances made under the authority of this subsection shall contain restrictive covenants limiting the use of property so conveyed to the purposes for which the conveyance is made.

(f) After receiving the required approval of a sale from the governing body of the municipality, the commission may execute any required contracts, deeds, and other instruments and take all steps necessary to effectuate any such contract or sale. Any contract of sale between a commission and a redeveloper may contain, without being limited to, any or all of the following provisions:

- (1) Plans prepared by the redeveloper or otherwise and such other documents as may be required to show the type, material, structure and general character of the proposed redevelopment;
- (2) A statement of the use intended for each part of the proposed redevelopment;
- (3) A guaranty of completion of the proposed redevelopment within specified time limits;
- (4) The amount, if known, of the consideration to be paid;
- (5) Adequate safeguards for proper maintenance of all parts of the proposed redevelopment;
- (6) Such other continuing controls as may be deemed necessary to effectuate the purposes of this Article.

Any deed to a redeveloper in furtherance of a redevelopment contract shall be executed in the name of the commission, by its proper officers, and shall contain in addition to all other provisions, such conditions, restrictions and provisions as the commission may deem desirable to run with the land in order to effectuate the purposes of this Article.

(g) The commission may temporarily rent or lease, operate and maintain real property in a redevelopment project area, pending the disposition of the property for redevelopment, for such uses and purposes as may be deemed desirable even though not in conformity with the redevelopment plan. (1951, c. 1095, s. 11; 1961, c. 837, s. 9; 1963, c. 1212, ss. 1, 2; 1965, c. 679, s. 2; 1967, c. 24, s. 18; c. 932, s. 1; 1973, c. 426, s. 75; 1985, c. 665, ss. 1, 2; 1987, c. 364; 1989, c. 413; 2003-66, ss. 1, 2.)

§ 160A-515. Eminent domain.

The commission may exercise the right of eminent domain in accordance with the provisions of Chapter 40A, but only where the property to be taken is a blighted parcel. (1951, c. 1095, s. 12; 1965, c. 679, s. 3; c. 1132; 1967, c. 932, ss. 2, 3; 1973, c. 426, s. 75; 1981, c. 919, s. 30; 2006-224, s. 2.4; 2006-259, s. 47.)

§ 160A-515.1. Project development financing.

(a) Authorization. – A city may finance a redevelopment project and any related public improvements with the proceeds of project development financing debt instruments, issued pursuant to Article 6 of Chapter 159 of the General Statutes, together with any other revenues that are available to the city. Before it receives the approval of the Local Government Commission for issuance of project development financing debt instruments, the city's governing body must define a development financing district and adopt a development financing plan for the district. The city

may act jointly with a county to finance a project, define a development financing district, and adopt a development financing plan for the district.

(b) Development Financing District. – A development financing district shall comprise all or portions of one or more redevelopment areas defined pursuant to this Article. The total land area within development financing districts in a city, including development financing districts created pursuant to G.S. 158-7.3, may not exceed five percent (5%) of the total land area of the city. For purposes of this section, land in a district created by a county that subsequently becomes part of a city does not count against the city's five-percent (5%) limit unless the city and the county have entered into an agreement pursuant to G.S. 159-107(e).

(c) Development Financing Plan. – The development financing plan must be compatible with the redevelopment plan or plans for the redevelopment area or areas included within the district. The development financing plan must include all of the following:

- (1) A description of the boundaries of the development financing district.
- (2) A description of the proposed development of the district, both public and private.
- (3) The costs of the proposed public activities.
- (4) The sources and amounts of funds to pay for the proposed public activities.
- (5) The base valuation of the development financing district.
- (6) The projected incremental valuation of the development financing district.
- (7) The estimated duration of the development financing district.
- (8) A description of how the proposed development of the district, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, or services.
- (9) A description of the appropriate ameliorative activities which will be undertaken if the proposed projects have a negative impact on residents or business owners of the district in terms of jobs, affordable housing, services, or displacement.
- (10) A requirement that the initial users of any new manufacturing facilities that will be located in the district and that are included in the plan will comply with the wage requirements in subsection (d) of this section.

(d) Wage Requirements. – A development financing plan shall include a requirement that the initial users of a new manufacturing facility to be located in the district and included in the plan must pay its employees an average weekly manufacturing wage that is either above the average manufacturing wage paid in the county in which the district will be located or not less than ten percent (10%) above the average weekly manufacturing wage paid in the State. The plan may include information on the wages to be paid by the initial users of a new manufacturing facility to its employees and any provisions necessary to implement the wage requirement. The issuing unit's governing body shall not adopt a plan until the Secretary of Commerce certifies that the Secretary has reviewed the average weekly manufacturing wage required by the plan to be paid to the employees of a new manufacturing facility and has found either (i) that the wages proposed by the initial users of a new manufacturing facility are in compliance with the amount required by this subsection or (ii) that the plan is exempt from the requirement of this subsection. The Secretary of Commerce may exempt a plan from the requirement of this subsection if the Secretary receives a resolution from the issuing unit's governing body requesting an exemption from the wage requirement and a letter from an appropriate State official, selected by the Secretary, finding that unemployment in the county in which the proposed district is to be located is especially severe.

Upon the creation of the district, the unit of local government proposing the creation of the district shall take any lawful actions necessary to require compliance with the applicable wage requirement by the initial users of any new manufacturing facility included in the plan; however, failure to take such actions or obtain such compliance shall not affect the validity of any proceedings for the creation of the district, the existence of the district, or the validity of any debt instruments issued under Article 6 of Chapter 159 of the General Statutes. All findings and determinations made by the Secretary of Commerce under this subsection shall be binding and conclusive. For purposes of this section, the term "manufacturing facility" means any facility that is used in the manufacturing or production of tangible personal property, including the processing resulting in a change in the condition of the property.

(e) County Review. – Before adopting a plan for a development financing district, the city council shall send notice of the plan, by first-class mail, to the board of county commissioners of the county or counties in which the development financing district is located. The person mailing the notice shall certify that fact, and the date thereof, to the city council, and the certificate is conclusive in the absence of fraud. Unless the board of county commissioners (or either board, if the district is in two counties) by resolution disapproves the proposed plan within 28 days after the date the notice is mailed, the city council may proceed to adopt the plan.

(f) Environmental Review. – Before adopting a plan for development financing districts, the city council shall submit the plan to the Secretary of Environmental Quality to review to determine if the construction and operation of any new manufacturing facility in the district will have a materially adverse effect on the environment and whether the company that will operate the facility has operated in substantial compliance with federal and State laws, regulations, and rules for the protection of the environment. If the Secretary finds that the new manufacturing facility will not have a materially adverse effect on the environment and that the company that will operate the facility has operated other facilities in compliance with environmental requirements, the Secretary shall approve the plan. In making the determination on environmental impact, the Secretary shall use the same criteria that apply to the determination under G.S. 159C-7 of whether an industrial project will have a materially adverse effect on the environment. The findings of the Secretary are conclusive and binding.

(g) Plan Adoption. – Before adopting a plan for a development financing district, the city council shall hold a public hearing on the plan. The council shall, no less than 30 days before the day of hearing, cause notice of the hearing to be mailed by first-class mail to all property owners and mailing addresses within the proposed development financing district. The council shall also, no more than 30 days and no less than 14 days before the day of the hearing, cause notice of the hearing to be published once in a newspaper of general circulation in the city. The notice shall state the time and place of the hearing, shall specify its purpose, and shall state that a copy of the proposed plan is available for public inspection in the office of the city clerk. At the public hearing, the council shall hear anyone who wishes to speak with respect to the proposed district and proposed plan. Unless a board of county commissioners or the Secretary of Environmental Quality has disapproved the plan pursuant to subsection (e) or (f) of this section, the council may adopt the plan, with or without amendment, at any time after the public hearing. However, the plan and the district do not become effective until the city's application to issue project development financing debt instruments has been approved by the Local Government Commission, pursuant to Article 6 of Chapter 159 of the General Statutes.

(h) Plan Modification. – Subject to the limitations of this subsection, a city council may, after the effective date of the district, amend a development financing plan adopted for a

development financing district. Before making any amendment, the city council shall follow the procedures and meet the requirements of subsections (d) through (g) of this section. The boundaries of the district may be enlarged only during the first five years after the effective date of the district and only if the area to be added has been or is about to be developed and the development is primarily attributable to development that has occurred within the district, as certified by the Local Government Commission. The boundaries of the district may be reduced at any time, but the city may agree with the holders of any project development financing debt instruments to restrict its power to reduce district boundaries.

(i) Plan Implementation. – In implementing a development financing plan, a city may act directly, through a redevelopment commission, through one or more contracts with private agencies, or by any combination of these. A private agency that enters into a contract with a city for the implementation of a development financing plan is subject to the provisions of Article 8 of Chapter 143 of the General Statutes only to the extent specified in the contract. (2003-403, s. 18; 2005-238, s. 12; 2006-211, s. 4; 2015-241, s. 14.30(v).)

§ 160A-516. Issuance of bonds.

(a) The commission shall have power to issue bonds from time to time for any of its corporate purposes including the payment of principal and interest upon any advances for surveys and plans for redevelopment projects. The commission shall also have power to issue refunding bonds for the purpose of paying or retiring or in exchange for bonds previously issued by it. The commission may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable:

- (1) Exclusively from the income, proceeds, and revenues of the redevelopment project financed with the proceeds of such bonds; or
- (2) Exclusively from the income, proceeds, and revenues of any of its redevelopment projects whether or not they are financed in whole or in part with the proceeds of such bonds; provided, that any such bonds may be additionally secured by a pledge of any loan, grant or contributions, or parts thereof, from the federal government or other source, or a mortgage of any redevelopment project or projects of the commission.

(b) Neither the commissioners of a commission nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance of the bonds. The bonds and other obligations of the commission (and the bonds and obligations shall so state on their face) shall not be a debt of the municipality, the county, or the State and neither the municipality, the county, nor the State shall be liable on the bonds, nor in any event shall the bonds or obligations be payable out of any funds or properties other than those of the commission acquired for the purpose of this Article. The bonds shall not constitute an indebtedness of the municipality within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of a commission are declared to be issued for an essential public and governmental purpose and to be public instrumentalities. The bonds are exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding income taxes on the gain from the transfer of the bonds and notes, and franchise taxes. The interest on the bonds is not subject to taxation as income. Bonds may be issued by a commission under this Article notwithstanding any debt or other limitation prescribed in any statute. This Article without reference to other statutes of the State shall constitute full and complete authority for the authorization and issuance of bonds by the commission under this Article and this authorization

and issuance shall not be subject to any conditions, restrictions, or limitations imposed by any other statute whether general, special, or local, except as provided in subsection (d) of this section.

(c) Bonds of the commission shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide.

(d) Bonds shall be sold by the redevelopment commission at either public or private sale upon such terms and in such manner, consistent with the provisions hereof, as the redevelopment commission may determine. Prior to the public sale of bonds hereunder, the redevelopment commission shall first cause a notice of the sale of the bonds to be published at least once at least 10 days before the date fixed for the receipt of bids for the bonds (i) in a newspaper having the largest or next largest circulation in the redevelopment commission's area of operation and (ii) in a publication that carries advertisements for the sale of State and municipal bonds published in the City of New York in the State of New York; provided, however, that in its discretion the redevelopment commission may cause any such notice of sale in the New York publication to be published as part of a consolidated notice of sale offering for sale the obligations of other public agencies in addition to the redevelopment commission's bonds, and provided, further, that any bonds may be sold by the redevelopment commission at private sale upon such terms and conditions as are mutually agreed upon between the commission and the purchaser. No bonds issued pursuant to this Article shall be sold at less than par and accrued interest. The provisions of the Local Government Finance Act shall not be applicable with respect to bonds sold or issued under this Article.

(e) In case any of the commissioners or officers of the commission whose signatures appear on any bonds or coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such commissioners or officers had remained in office until such delivery. Any provisions of any law to the contrary notwithstanding, any bonds issued pursuant to this Article shall be fully negotiable.

(f) In any suit, action or proceedings involving the validity or enforceability of any bond of the commission or the security therefor, any such bond reciting in substance that it has been issued by the commission to aid in financing a redevelopment project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the purposes and provisions of this Article.

(g) Bonds (including, without limitation, interim and long-term notes) may be issued or sold under this Article at private sale upon such terms and conditions as may be negotiated and mutually agreed upon by the commission and the purchaser (who may be the government or other public or private lender or purchaser). - (2) To mortgage all or any part of its real or personal property, then owned or thereafter acquired;
- (3) To covenant against pledging all or any part of its rents, fees and revenues, or against mortgaging all or any part of its real or personal property, to which its right or title then exists or may thereafter come into existence or against permitting or suffering any lien on such revenues or property; to covenant with respect to limitations on its right to sell, lease or otherwise dispose of any redevelopment project or any part thereof; and to covenant as to what other, or additional debts or obligations may be incurred by it;
- (4) To covenant as to the bonds to be issued and as to the issuance of such bonds in escrow or otherwise, and as to the use and disposition of the proceeds thereof; to provide for the replacement of lost, destroyed or mutilated bonds, to covenant against extending the time for the payment of its bonds or interest thereon; and to covenant for the redemption of the bonds and to provide the terms and conditions thereof;
- (5) To covenant (subject to the limitations contained in this Article) as to the amount of revenues to be raised each year or other period of time by rents, fees and other revenues, and as to the use and disposition to be made thereof; to create or to authorize the creation of special funds for moneys held for operating costs, debt service, reserves, or other purposes, and to covenant as to the use and disposition of the moneys held in such funds;
- (6) To prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;

- (9) To vest in any obligees of the commissions the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; to vest in any obligee or obligees holding a specified amount in bonds the right, in the event of a default to take possession of and use, operate and manage any redevelopment project or any part thereof, title to which is in the commission, or any funds connected therewith, and to collect the rents and revenues arising therefrom and to dispose of such moneys in accordance with the agreement with such

obligees; to provide for the powers and duties of such obligees and to limit the liabilities thereof, and to provide the terms and conditions upon which such obligees may enforce any covenant or rights securing or relating to the bonds; and

- (10) To exercise all or any part or combination of the powers herein granted; to make such covenants (other than and in addition to the covenants herein expressly authorized) and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said commission, as will tend to make the bonds more marketable notwithstanding that such covenants, acts or things may not be enumerated herein.

(b) The commission shall have power by its resolution, trust indenture, mortgage lease or other contract to confer upon any obligee holding or representing a specified amount in bonds, the right (in addition to all rights that may otherwise be conferred), upon the happening of an event of default as defined in such resolution or instrument, by suit, action or proceeding in any court of competent jurisdiction:

- (1) To cause possession of any redevelopment project or any part thereof title to which is in the commission, to be surrendered to any such obligee;
- (2) To obtain the appointment of a receiver of any redevelopment project of said commission or any part thereof, title to which is in the commission and of the rents and profits therefrom. If such receiver be appointed, he may enter and take possession of, carry out, operate and maintain such project or any part therefrom and collect and receive all fees, rents, revenues, or other charges thereafter arising therefrom, and shall keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of said commission as the court shall direct; and
- (3) To require said commission and the commissioners, officers, agents and employees thereof to account as if it and they were the trustees of an express trust. (1951, c. 1095, s. 14; 1973, c. 426, s. 75.)
