So long as such approved schedule remains in effect, destruction or disposal of records in accordance with its provisions shall be deemed to have met the requirements of G.S. 121-5(b).

The Department of Natural and Cultural Resources is hereby authorized and directed to conduct a program of inventorying, repairing, and microfilming in the counties for security purposes those official records of the several counties which the Department determines have permanent value, and of providing safe storage for microfilm copies of such records. Any State, county, municipal, or other public official is hereby authorized and empowered to turn over to the Department of Natural and Cultural Resources any State, county, municipal, or other public records no longer in current official use, and the Department of Natural and Cultural Resources is authorized in its discretion to accept such records, and having done so shall provide for their administration and preservation in the North Carolina State Archives. When such records have been thus surrendered, photocopies, microfilms, typescripts, or other copies of them shall be made and certified under seal of the Department, upon application of any person, which certification shall have the same force and effect as if made by the official or agency by which the records were transferred to the Department of Natural and Cultural Resources; and the Department may charge reasonable fees for these copies. The Department may answer written inquiries for nonresidents of the State and for this service may charge a search and handling fee not to exceed twenty-five dollars (\$25.00). The receipts from this fee shall be used to defray the cost of providing this service.

(d1) General Assembly. – Notwithstanding any other provision of this section or order, rules, or regulations promulgated or adopted thereunder, the custodian of any General Assembly record shall determine, in the custodian's discretion, whether a record is a public record and whether to turn over to the Department of Natural and Cultural Resources, or retain, destroy, sell, loan, or otherwise dispose of, such records. When requested by the Legislative Services Officer,

§ 121-9. Historic properties.

(a) Administration of Properties Acquired by State. – Historic or archaeological properties acquired by the State for administration by the State of North Carolina shall be under the control and administration of the Department of Natural and Cultural Resources. Upon approval of the North Carolina Historical Commission and the Secretary of Natural and Cultural Resources, the Department of Natural and Cultural Resources may, in its discretion, make a contract with any county or municipality within the State or with any nonprofit corporation or organization for the administration of any portion of such property.

(b) Acquisition of Historic Properties. – For the purpose of protecting or preserving any property of historical, architectural, archaeological, or other cultural importance to the people of North Carolina, and subject to the provisions of Subchapter II of Chapter 146 of the General Statutes, the Department may, with the approval of the North Carolina Historical Commission and after consultation with the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources and the Fiscal Research Division, acquire, preserve, restore, hold, maintain, operate, and dispose of such properties, together with such adjacent lands as may be necessary for their protection, preservation, maintenance, and operation. Such property may be real or personal in nature, and in the case of real property, the acquisition may include the fee or any lesser interest therein. Property may be acquired by gift, grant, devise, lease, purchase, or condemnation pursuant to the provisions of Chapter 40A of the General Statutes, or otherwise. Property may be acquired by the Department, using such funds as may be appropriated for the purpose or monies available to it from any other source.

(b1) In the case of real property, the North Carolina Historical Commission shall report the following information to the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources and the Fiscal Research Division before acquiring the property:

- (1) The statewide historical significance of the site.
- (2) The potential uses of the site.
- (3) The capital requirements of the site over a 20-year period of time.
- (4) The annual operating costs of the site.
- (5) The expected levels of visitation at the site.
- (6) Any other information that would assist in determining the full cost of maintaining, operating, and administering the site as State property.

(c) Interests Which May Be Acquired. – In the case of real property, the interest acquired shall be limited to that estate, interest, or term deemed by the Department to be reasonably necessary for the continued protection or preservation of the property. The Department may

acquire the fee simple title, but where it finds that a lesser interest, including any development right, negative or affirmative easement in gross or appurtenant, covenant, lease, or other contractual right of or to any real property to be the most practical and economical method of protecting and preserving historic property, the lesser interest may be acquired.

(d) Conveyance of Property for Preservation Purposes. – In appropriate cases, the Department may acquire or dispose of the fee or lesser interest to any such property for the specific purpose of conveying or leasing the property back to its original owner or of conveying or leasing it to such other person, firm, association, corporation, or other organization under such covenants, deed restrictions, lease, or other contractual arrangements as will limit the future use of the property in such a way as to insure its preservation. Where such action is taken, the property may be conveyed or leased by private sale. In all cases where property is conveyed, it shall be subjected by covenant or otherwise to such rights of access, public visitation, and other conditions or restrictions of operation, maintenance, restoration, and repair as the Department may prescribe, or to such conditions as may be agreed upon between the Department and the grantee or lessee to accomplish the purposes of this section.

(e) Use of Property so Acquired. – Any historic property acquired, whether in fee or otherwise, may be used, maintained, improved, restored, or operated by the Department for any public purpose within its powers and not inconsistent with the purpose of the continued preservation of the property. The property shall not be subject to condemnation by the State of North Carolina or any of its agencies or political subdivisions at any time, unless such method of acquisition is first approved by the Governor and Council of State.

(f) Emergency Acquisition Where Funds Not Immediately Available. – If funds or contributions for the acquisition of needed historic property are not available, the Governor and Council of State may, upon the recommendation of the Secretary of Natural and Cultural Resources and approval of the North Carolina Historical Commission, allocate from the Contingency and Emergency Fund an amount sufficient to acquire an option on the property or properties, which option shall continue until 90 days after the adjournment sine die of the next General Assembly. Upon recommendation of the Secretary and approval of the Historical Commission, the Governor and Council of State may allocate funds from the Contingency and Emergency Fund for the immediate acquisition, preservation, restoration, or operation of historically, archaeologically, architecturally, or culturally important properties. All funds hereinafter appropriated to purchase, restore, maintain, develop, or operate historic or archaeological or other important property shall be administered subject to the provisions of Chapter 143C and G.S. 143B-53.1 of the General Statutes unless the statute making the appropriation shall in specific and express terms provide otherwise.

(g) Power to Acquire Property by Condemnation. – In the event that a property which has been found by the Department of Natural and Cultural Resources to be important for public ownership or assistance is in danger of being sold, used, or neglected to such an extent that its historical or cultural importance will be destroyed or seriously impaired, or that the property is otherwise in danger of destruction or serious impairment, the Department of Natural and Cultural Resources, after receiving the approval of the North Carolina Historical Commission and of the Governor and Council of State, may acquire the historic property or any interest therein by condemnation under the provisions of Chapter 40A of the General Statutes. The Department of Natural and Cultural Resources, upon finding that destruction or serious impairment of the value of the property is imminent, shall file with the Governor and Council of State a report on the importance of the property and the desirability of ownership of the property, or the ownership of an

interest therein, by the State of North Carolina. Upon giving their approval, the Governor and Council of State shall cause to have filed such approval with the clerk of the superior court in the county or counties where the property is situated. Until the approval is filed, the power of condemnation may not be exercised. All condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina.

(h) Preservation and Custodial Care of State Capitol. – The rotunda, corridors, and stairways of the first floor of the State Capitol and all portions of the second, third, and loft floors of the said building shall be placed in the custody of the Department of Natural and Cultural Resources; and the Department shall, subject to the availability of funds for the purpose, care for and administer these areas for the edification of present and future generations. The aforesaid areas shall be preserved as historic shrines and shall be maintained insofar as practicable as they shall appear following the restoration of the Capitol. The Department of Natural and Cultural Resources is authorized to deny the use of the legislative chambers for meetings in order that they, with their historic furnishings, may be better preserved for posterity; provided, however, that the General Assembly may hold therein such sessions as it may by resolution deem proper.

The Department of Natural and Cultural Resources is hereby entrusted with the responsibilities herein specified as being the agency with the experience best qualified to preserve and administer historic properties in a suitable manner. However, for the purposes of carrying out the provisions of this section, it is hereby directed that such cooperation and assistance shall be made available to the said Department of Natural and Cultural Resources and such labor supplied, as may be feasible, by the Department of Administration.

The offices and working areas of the first floor as well as all washrooms and the exterior of the Capitol shall remain under the jurisdiction of the Department of Administration: Provided, however, that the Department of Administration shall seek the advice of the Department of Natural and Cultural Resources in matters relating to any alteration, renovation, and furnishing of said offices and areas. (c) These agreements may be effective perpetually or for shorter stipulated periods of time.

(d) These agreements may impose present, future, or continuing obligations on either party to the agreement, or their successors, in furtherance of the purposes of the agreement.

(e) These agreements may contain provisions which require the payment of a fee upon a future conveyance of the property that is subject to the agreement. (1979, c. 747, s. 5; 2008-165, s. 1.)

§ 121-39. Enforceability of agreements.

(a) Conservation or preservation agreements may be enforced by the holder by injunction and other appropriate equitable relief administered or afforded by the courts of this State. Where appropriate under the agreement, damages, or other monetary relief may also be awarded either to the holder or creator of the agreement or either of their successors for breach of any obligations undertaken by either.

(b) Such agreements shall entitle representatives of the holder to enter the involved land or improvement in a reasonable manner and at reasonable times to assure compliance. (1979, c. 747, s. 6.)

§ 121-39.1. Termination or modification of agreements.

(a) Easements secured by the Agricultural Development and Farmland Preservation Trust Fund, including perpetual agricultural conservation easements and forest land easements, military base protection and flyway easements regardless of funding source, or any other agricultural conservation easement that has been secured, in whole or in part, with federal funds and where at least one party to the agreement is a public body of this State, shall not be terminated or modified for the purpose of economic development.

(b) Prior to any modification or termination of a conservation agreement where at least one party to the agreement is a public body of this State, the agency requesting the conservation

agreement modification or termination shall conduct a conservation benefit analysis. The criteria for the conservation benefit analysis shall be established by the agency requesting the conservation agreement modification or termination. Conservation agreements may only be modified or terminated if the conservation benefit analysis concludes that the modification or termination results in a greater benefit to conservation purposes consistent with this Article.

(c) The conservation benefit analysis conducted by the requesting agency shall be reported to the Council of State prior to the vote of the Council of State on the final decision to modify the agreement.

(d) Notwithstanding any authority given to a public body of this State, including the State, any of its agencies, any city, county, district or other political subdivision, municipal or public corporation, or any instrumentality of any of the foregoing, to release or terminate conservation easements under other law, this section shall apply to conservation agreements that are intended to be effective perpetually or that are terminated or modified prior to the period of time stipulated in the agreement, and where at least one party to the agreement is a public body of this State, including the State, any of its agencies, any city, county, district or other political subdivision, municipal or public corporation, or any instrumentality of any of the foregoing.

(e) Parties to a conservation agreement may include a provision at the time an agreement is executed requiring the consent of the grantor or the grantor's successors in interest to terminate or modify the agreement for any purpose.

(f) Any agency managing a conservation agreement program may adopt rules governing its procedure for termination or modification of a conservation agreement, provided that any such rules may be no less stringent than the requirements of this section.

(g) This section shall not apply to a condemnation action initiated by a condemnor governed by Article 6 of Chapter 40A of the General Statutes or to a voluntary termination or modification affecting no more than the lesser of two percent (2%) or one acre of the total easement area of the conservation agreement when requested by a public utility, the Department of Transportation, or a government entity having eminent domain authority under Article 3 of Chapter 40A of the General Statutes. (2015-263, s. 13(a); 2017-108, s. 14.)

§ 121-40. Assessment of land or improvements subject to agreement.

§ 121-41. Public recording of agreements.

(a) Except as provided in subsection (c) of this section, conservation agreements shall be recorded in the office of the Register of Deeds of the county or counties in which the subject land or improvement is located, in the same manner as deeds are now recorded.

(b) Releases or terminations of such agreements shall be recorded in the same waiver. Releases or terminations, or the recording entry, shall appropriately identify by date, parties, and book and pages of recording, the agreement which is the subject of the release or termination.

(c) A conservation agreement entered into for the purpose of enrolling real property in a voluntary agricultural district pursuant to G.S. 106-737(4) is not required to be recorded unless such conservation agreement is irrevocable as provided pursuant to G.S. 106-743.2. (1979, c. 747, s. 8; 2011-219, s. 2.)

§ 121-42. Citation of Article.

Article 5.

Museum and Archives Repository Property.

§ 121-50. Legislative findings and declaration.

The General Assembly finds and declares that the growth and maintenance of collections in museums and archives repositories, both public and private, is a matter of general public interest to the citizens of North Carolina. Museums and archives repositories of all kinds depend upon loans of various articles of property to promote and encourage the teaching of North Carolina and local history and to preserve and care for historical manuscripts, materials, and artifacts. The uncertainty regarding title to and responsibility for loaned property is a hindrance to museums and archives repositories in their efforts to maintain, repair, and dispose of property in their possession. The purpose of this Article is to terminate stale claims and to fairly and reasonably allocate responsibilities for the determination of title and financial responsibilities in certain cases. (2015-218, s. 2.)

§ 121-51. Definitions.

The following definitions apply in this Article:

- (1) Address. – A description of the location of the lender as shown on a museum or archives repository's records that is sufficient for delivery by mail.
- (2) Archives repository. – An archives repository shall have the same meaning as the term "North Carolina State Archives" as defined in G.S. 121-2(7).
- (3) Loan. – The placement of property with a museum or archives repository that is not accompanied by a transfer of title of the property to the museum or archives repository and for which there is some record that the owner intended to retain title to the property. The term "loan" does not include transfers between museums, between archives repositories, or between museums and archives repositories unless the transferring institution specifically provides in writing that the transfer is a loan under this Article.
- (4) Museum. – A museum shall include any museum or historic site administered by the Department of Natural and Cultural Resources, including the term "North Carolina Museum of History" as defined in G.S. 121-2(6).
- (5) Property. – A tangible object under the care of a museum or archives repository that has intrinsic historic, artistic, scientific, educational, or cultural value.
- (6) Valid claim. – A written notice of intent to preserve an interest in property on loan to a museum or archives repository, including all of the following:
 - a. A description of the property adequate to enable the museum or archives repository to identify the property.
 - b. Documentation sufficient to establish the claimant as owner of the property.
 - c. A statement attesting to the truth, to the best of the signer's knowledge, of all information included in or with the notice.

- d. The signature, under penalty of perjury, of the claimant or a person authorized to act on behalf of the claimant. (2015-218, s. 2; 2015-241, s. 14.30(c).)

§ 121-52. Acquisition of title to loaned property.

(a) A museum or archives repository may acquire the title to documented property loaned to the museum or archives repository if (i) the term of the loan has expired and at least seven years have passed without written or other contact between the lender and the museum or archives repository or (ii) the term of the loan does not have an expiration date but at least seven years have passed without written or other contact between the lender and the museum or archives repository since the loan was made.

(b) To acquire title to property under this section, the museum or archives repository shall first send a notice by certified mail to the lender's last known address. The notice must include all of the following:

- (1) The lender's name and last known address.
- (2) A brief and general description of the property.
- (3) A statement that the term of the loan has been terminated.
- (4) The date or approximate date, if known, when the owner loaned the property to the museum or archives repository.
- (5) The name, address, and telephone number of the museum or archives repository representative to contact for more information or to claim ownership.
- (6) A statement that outlines the schedule and requirements for the museum or archives repository to acquire title under this section.

(c) If a valid claim to the property is not received by the museum or archives repository within 30 days from the date the notice was mailed, or if the museum or archives repository does not have an address for the lender, the museum or archives repository shall comply with the following:

- (1) If the property has an estimated value in excess of \$10,000, the museum or archives repository shall make a reasonable effort to locate and inform the owner, the owner's heirs or successors and publish a notice for no less than 365 consecutive days on an official Internet Web site created by the Department of Natural and Cultural Resources for such purpose.
- (2) If the property has an estimated value that is less than or equal to \$10,000, the museum or archives repository shall make a reasonable effort to locate and inform the owner, the owner's heirs or successors and publish a notice for no less than 180 consecutive days on an official Internet Web site created by the Department of Natural and Cultural Resources for such purpose.
- (3) The notices required by subdivisions (1) and (2) of this subsection shall include all of the following:
 - a. The information described in subdivisions (1) through (5) of subsection (b) of this section.
 - b. A digital image of the property and any documentation executed by the parties.
 - c. The date that the notice was posted.
 - d. The date that the notice will be removed from the museum or archives repository's official Internet Web site and a statement that the museum

or archives repository will acquire title to the loaned property if a valid claim to the property is not received by the museum or archives repository within 45 days of that date.

(d) If the requirements of this section are satisfied and if a valid claim to the loaned property is received by the museum or archives repository within 45 days after the date of the last publication of the notice required by subsection (c) of this section, the Department of Natural and Cultural Resources shall have 45 days to determine whether the claim is valid and that the claimant is the legal owner of the artifact. If the Department determines that the claim is valid and that the claimant is the legal owner of the artifact, the Department shall return the artifact to the owner at the owner's expense.

(e) If the requirements of this section are satisfied and if a valid claim to the loaned property is not received by the museum or archives repository within 45 days after the date of the last publication of the notice required by subsection (c) of this section, the museum or archives repository acquires the title to the property on the forty-sixth day after the date of the last publication of the notice under subsection (c) of this section. Upon acquiring title, the museum or archives repository shall own the property free and clear from all claims of ownership. (2015-218, s. 2; 2015-241, s. 14.30(c).)

§ 121-53. Disputed ownership.

(a) If the Department determines that the claim of ownership is not valid and rejects the claim to the artifact, the claimant may appeal the determination as provided by Chapter 150B of the General Statutes. The burden shall be on the claimant to prove that the claimant is the legal owner of the property.

(b) Nothing in this Article shall be construed to convert a loan into a bailment. All equitable and legal defenses shall be available to museums and archives repositories in the event of a dispute over ownership.

(c) In cases of disputed ownership of loaned property, a museum or archives repository may maintain possession of loaned property during the dispute and shall not be held liable for its refusal to surrender loaned property in its possession except in reliance upon a court order or judgment. (2015-218, s. 2.)

§ 121-54. Responsibilities of owners of loaned property; representation of ownership.

(a) Lender's Responsibilities. – In all cases, it shall be the responsibility of the owner of loaned property to notify the museum or archives repository in writing of the owner's identity and current address. It shall be the responsibility of any new owner acquiring loaned property to notify the museum or archives repository within 60 days of his or her name and address. Any owner of loaned property shall, upon request from a museum or archives repository holding loaned property, promptly provide evidence of ownership satisfactory to the museum or archives repository. This section shall apply to all changes in ownership, whether by sale, gift, devise, operation of law, or any other means. So long as a museum or archives repository deals honestly and in good faith, no museum or archives repository shall be prejudiced by reason of any failure to deal with the true owner of any loaned property if the owner has failed to comply with the requirements of this section.

(b) Representation of Ownership. – A museum or archives repository shall not be liable for actions taken in reasonable reliance upon the representations of the person who first transfers an

item of property to the museum or archives repository that the transferee is the true owner of the loaned property. (2015-218, s. 2.)

§ 121-55. Museum or archives repository's lien for expenses.

(a) When the lender of loaned property is known, a museum or archives repository may charge the lender expenses for the reasonable care of loaned property unclaimed after the expiration date of the loan.

(b) When the lender of loaned property is unknown, a museum or archives repository may place a lien against the value of specific loaned property for expenses reasonably necessary to protect the loaned property from ordinary decay and deterioration due to natural causes, theft, or vandalism. (2015-218, s. 2.)

§ 121-56. Acquisition of undocumented property.

(a) Property in the possession of a museum or archives repository that the museum or archives repository has reason to believe may be on loan and for which the museum or archives repository does not know the owner or have any reasonable means of determining the owner becomes the property of the museum or archives repository as provided in this section. If no person has claimed the property within seven years after the museum or archives repository or a predecessor or assignor of the museum or archives repository took possession of the property, then the museum or archives repository shall follow the notification process set out in G.S. 121-52(c). Pursuant to G.S. 121-52(d), if the Department receives a claim and determines that the claim is valid and that the claimant is the legal owner of the artifact, the Department shall return the artifact to the owner at the owner's expense. Otherwise, after following the notification process and consistent with G.S. 121-52(e), the museum or archives repository shall become the owner of the property, shall acquire title to the property and shall own the property free and clear from all claims of ownership.

(b) The requirements of G.S. 121-52 and G.S. 121-53 shall apply to valid and disputed claims of ownership to undocumented property. (2015-218, s. 2.)

§ 121-57. Exclusivity of provisions.

The provisions of this Article shall control the procedure and disposition of any property to which it applies in lieu of any other procedure prescribed by law. (2015-218, s. 2.)
