

§ 106-549.53. Inspection; condemnation of adulterated poultry.

(a) For the purpose of preventing the entry into or flow or movement in intrastate commerce of any poultry product which is capable of use as human food and is adulterated, the Commissioner shall, where and to the extent considered by him necessary, cause to be made by inspectors antemortem inspection of poultry in each official establishment engaged in processing poultry or poultry products solely for intrastate commerce.

(b) The Commissioner, whenever processing operations are being conducted, shall cause to be made by inspectors postmortem inspection of the carcass of each bird processed, and at any time such quarantine, segregation and reinspection as he deems necessary of poultry and poultry products capable of use as human food in each official establishment engaged in processing such poultry or poultry products solely for intrastate commerce.

(c) All poultry carcasses and parts thereof and other poultry products found to be adulterated shall be condemned and shall, if no appeal be taken from such determination of condemnation, be destroyed for human food purposes under the supervision of an inspector: Provided, that carcasses, parts, and products, which may by reprocessing be made not adulterated, need not be so condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If an appeal be taken from such determination, the carcasses, parts, or products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the Commissioner determines that the appeal is frivolous. If the determination of condemnation is sustained the carcasses, parts, and products shall be destroyed for food purposes under the supervision of an inspector. (1971, c. 677, s. 6.)
