§ 20-4.23. Legislative findings and policy.

- (a) Findings. The General Assembly and the states that are members of the Drivers License Compact find that:
 - (1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
 - (2) The violation of a law or an ordinance relating to the operation of a motor vehicle is evidence that the violator engages in conduct that is likely to endanger the safety of persons and property.
 - (3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles in whichever jurisdiction the vehicle is operated.
- (b) Policy. It is the policy of the General Assembly and of each of the states that is a member of the Drivers License Compact to:
 - (1) Promote compliance with the laws, ordinances, and administrative rules and regulations of a member state relating to the operation of motor vehicles.
 - (2) Make the reciprocal recognition of licenses to drive and the eligibility for a license to drive more just and equitable by making consideration of overall compliance with motor vehicle laws, ordinances, and administrative rules and regulations a condition precedent to the continuance or issuance of any license that authorizes the holder of the license to operate a motor vehicle in a member state. (1993, c. 533, s. 1.)
