Any institution desiring to establish a nursing program shall apply to the Board and submit satisfactory evidence that it will meet the standards prescribed by the Board. Those standards shall be designed to ensure that graduates of those programs have the education necessary to safely and competently practice nursing.

34 (a) No agency, institution or physician providing a service for which payment or

37 such services were rendered through a registered nurse acting under authority of rules and
38 regulations adopted by the North Carolina Medical Board and the Board of Nursing
39 pursuant to G.S. 90-6 and 90-171.23.
