SECTION 5.1.(b) Decreases in Federal Fund Availability. – If the United States Congress reduces federal fund availability in the Social Services Block Grant below the amounts appropriated in this section, then the Department of Health and Human Services shall allocate these decreases giving priority first to those direct services mandated by State or federal law, then to those programs providing direct services that have demonstrated effectiveness in meeting the federally and State-mandated services goals established for the Social Services Block Grant. The Department shall not include transfers from TANF for specified purposes in any calculations of reductions to the Social Services Block Grant.

If the United States Congress reduces the amount of TANF funds below the amounts appropriated in this section after the effective date of this act, then the Department shall allocate the decrease in funds after considering any underutilization of the budget and the effectiveness of the current level of services. Any TANF Block Grant fund changes shall be reported to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

Decreases in federal fund availability shall be allocated for the Maternal and Child Health and Preventive Health Services federal block grants by the Department of

Health and Human Services after considering the effectiveness of the current level of services.

SECTION 5.1.(c) Increases in Federal Fund Availability. – Any block grant funds appropriated by the United States Congress in addition to the funds specified in this act shall be expended by the Department of Health and Human Services, with the approval of the Office of State Budget and Management, provided the resultant increases are in accordance with federal block grant requirements and are within the scope of the block grant plan approved by the General Assembly.

SECTION 5.1.(d) Changes to the budgeted allocations to the block grants appropriated in this act and new allocations from the block grants not specified in this act shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to the change and shall be reported immediately to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

If federal funds are received under the Maternal and Child Health Block Grant for abstinence education, pursuant to section 912 of Public Law 104-193 (42 U.S.C. § 710), for the 2001-2002 fiscal year, then those funds shall be transferred to the State Board of Education to be administered by the Department of Public Instruction. The Department of Public Instruction shall use the funds to establish an Abstinence Until Marriage Education Program and shall delegate to one or more persons the responsibility of implementing the program and G.S. 115C-81(e1)(4). The Department of Public Instruction shall carefully and strictly follow federal guidelines in implementing and administering the abstinence education grant funds.

SECTION 5.1.(g) The Department of Health and Human Services, Division of Social Services, shall do the following:

(a) Except as otherwise provided in this section, the executive head of every department of State government and every county, institution, or agency of the State shall mark every motor vehicle owned by the State, county, institution, or agency with a statement that the vehicle belongs to the State, county, institution, or agency. The requirements of this subsection are complied with if:

- (1) The vehicle has imprinted on the license plate, above the license number, the words "State Owned" and the vehicle has affixed to the front the words "State Owned";
- (2) In the case of a county, the vehicle has painted or affixed on its side a circle not less than eight inches in diameter showing a replica of the seal of the county; or

(b) A motor vehicle used by any State or county officer or official for transporting, apprehending, or arresting persons charged with violations of the laws of the United States or the laws of this State is not required to be marked as provided in subsection (a) of this section. The Commissioner may lawfully provide private license plates to local, State, or federal departments or agencies for use on publicly owned or leased vehicles used for those purposes. Private license plates issued under this subsection shall be issued on an annual basis and the records of issuance shall be maintained in accordance with the provisions of G.S. 20-56.

(c) A motor vehicle used by a county for transporting day or residential facility clients of area mental health, developmental disabilities, and substance abuse authorities established under Article 4 of Chapter 122C of the General Statutes is not required to be marked as provided in subsection (a) of this section. The Commissioner may lawfully provide private license plates to counties for use on publicly owned or leased vehicles

used for that purpose. Private license plates issued under this subsection shall be issued on an annual basis and the records of issuance shall be maintained in accordance with the provisions of G.S. 20-56.

(d) For purposes of this section, the term "private license plate" refers to a license plate that would normally be issued to a private party and therefore lacks any markings indicating that it has been assigned to a publicly owned vehicle. "Confidential" license plates are a specialized form of private license plate for which a confidential registration has been authorized under subsection (e) of this section. "Fictitious" license plates are a specialized form of private license plate for which a fictitious registration has been issued under subsection (f) or (g) of this section.

(e) Upon approval and request of the Director of the State Bureau of Investigation, the Commissioner shall issue confidential license plates to local, State, or federal law enforcement agencies and agents of the Internal Revenue Service in accordance with the provisions of this subsection. Applicants in these categories shall provide satisfactory evidence to the Director of the State Bureau of Investigation of the following:

- (2) The use of a confidential license plate is necessary to protect the personal safety of an officer or for placement on a vehicle used primarily for surveillance or undercover operations; and
- (3) The application contains an original signature of the head of the requesting agency or department or, in the case of a federal agency, the signature of the senior ranking officer for that agency in this State.

Confidential license plates issued under this subsection shall be issued on an annual basis and the Division shall maintain a separate registration file for vehicles bearing confidential license plates. That file shall be confidential for the use of the Division and is not a public record within the meaning of Chapter 132 of the General Statutes. Upon the annual renewal of the registration of a vehicle for which a confidential status has been established under this section, the registration shall lose its confidential status unless the agency or department supplies the Director of the State Bureau of Investigation with information demonstrating that an officer's personal safety remains at risk or that the vehicle is still primarily used for surveillance or undercover operations at the time of renewal.

(f) The Commissioner may to the extent necessary provide law enforcement officers of the Division on special undercover assignments with motor vehicle operator's licenses and motor vehicle license plates under assumed names, using false or fictitious addresses. The Commissioner shall be responsible for the request for issuance and use of such licenses and license plates, and may direct the immediate return of any license or license plate issued pursuant to this subsection.

(g) The Commissioner may, upon the request of the Director of the State Bureau of Investigation and to the extent necessary, lawfully provide local, State, and federal law enforcement officers on special undercover assignments with motor vehicle drivers licenses and motor vehicle license plates under assumed names, using false or fictitious addresses. Fictitious license plates shall only be used on publicly owned or leased vehicles. A request for fictitious licenses and license plates by a local, State or federal law enforcement agency or department shall be made in writing to the Director of the State Bureau of Investigation and shall contain an original signature of the head of the requesting agency or department or, in the case of a federal agency, the signature of the senior ranking officer for that agency in this State.

Prior to the issuance of any fictitious license or license plate, the Director of the State Bureau of Investigation shall make a specific written finding that the request is justified and necessary. The Director shall maintain a record of all such licenses, license

plates, assumed names, false or fictitious addresses, and law enforcement officers using the licenses or license plates. That record shall be confidential and is not a public record within the meaning of Chapter 132 of the General Statutes. The Director shall request the immediate return of any license or registration that is no longer necessary.

Licenses and license plates provided under this subsection shall expire six months after initial issuance unless the Director of the State Bureau of Investigation has approved an extension in writing. The head of the local, State, or federal law enforcement agency shall be responsible for the use of the licenses and license plates and shall return them immediately to the Director for cancellation upon either (i) their expiration, (ii) request of the Director of the State Bureau of Investigation, or (iii) request of the Commissioner. Failure to return a license or license plate issued pursuant to this subsection shall be punished as a Class 2 misdemeanor. At no time shall the number of valid licenses issued under this subsection exceed two hundred nor shall the number of valid license plates issued under this subsection exceed one hundred twenty-five unless the Director determines that exceptional circumstances justify exceeding those amounts. However, fictitious licenses and license plates issued to special agents of the State Bureau of Investigation and alcohol law enforcement agents shall not be counted against the limitation on the total number of fictitious licenses and plates established by this subsection and shall be renewable annually.

(h) No private, confidential, or fictitious license plates issued under this section shall be used on privately owned vehicles under any circumstances.

(i) The Commissioner shall administer the issuance of private plates for State-owned vehicles under the provisions of this section to ensure strict compliance with those provisions. The Division shall report to the Joint Legislative Commission on Governmental Operations by January 1 and July 1 of each year on the total number of private plates issued to each agency, the total number of confidential plates issued to each agency, and the total number of fictitious licenses and plates issued by the Division."

Effective January 1, 2002, all confidential license plates issued by the Division of Motor Vehicles shall be converted to private plates unless prior to that date the agency or department that requested the maintenance of a confidential file has supplied the Director of the State Bureau of Investigation with the information required under G.S. 20-39.1(e), as enacted by this subsection (a) of this section.

Any savings are to be calculated using the actual expenditures for a program, activity, or service compared to the budgeted amount for the same, if an amount has been budgeted for the program, activity, or service. The savings calculation shall include the amount of any reversions in excess of the baseline reversion. The Office of State Budget and Management shall have oversight responsibility for ensuring that the required reversions and transfers are made to the

General Fund, and that all encumbered funds are accounted for and paid as required by law.

(g) No distribution of suggester awards shall occur until reversion requirements to the General Fund are met and distributions as required by G.S. 143-345.22 are satisfied and verified by the Office of State Budget and Management. An initial prescription order for an atypical antipsychotic drug or a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. Generic drugs shall be dispensed at a lower cost to the Medical Assistance Program rather than trade or brand name drugs. As used in this subsection, "brand name" means the proprietary name the manufacturer places upon a drug product or on its container, label, or wrapping at the time of packaging; and "established name" has the same meaning as in section 502(e)(3) of the Federal Food, Drug, and Cosmetic Act as amended, 21 U.S.C. § 352(e)(3).

The Department of Health and Human Services may proceed with planning and development work on the Program of All-Inclusive Care for the Elderly.

SECTION 21.19.(j) Volume Purchase Plans and Single Source Procurement. – The Department of Health and Human Services, Division of Medical Assistance, may, subject to the approval of a change in the State Medicaid Plan, contract for services, medical equipment, supplies, and appliances by implementation of

SECTION 21.19.(l) For all Medicaid eligibility classifications for which the federal poverty level is used as an income limit for eligibility determination, the income limits will be updated each April 1 immediately following publication of federal poverty guidelines.

Services to pregnant women eligible under this subsection continue throughout the pregnancy but include only those related to pregnancy and to those other conditions determined by the Department as conditions that may complicate pregnancy. In order to reduce county administrative costs and to expedite the provision of medical services to pregnant women, to infants, and to children described in subdivisions (3) and (4) of this subsection, no resources test shall be applied.

SECTION 21.19.(o) Medicaid enrollment of categorically needy families with children shall be continuous for one year without regard to changes in income or assets.

SECTION 21.19.(p) The Department shall disregard earned income for recipients who would otherwise lose Medicaid eligibility under section 1931 of Title XIX of the Social Security Act due to earnings. This disregard shall be applied for a maximum of 12 consecutive months.

SECTION 21.19.(t) The Department of Health and Human Services may adopt temporary rules according to the procedures established in G.S. 150B-21.1 when it finds that these rules are necessary to maximize receipt of federal funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce fraud and abuse. Prior to the filing of these temporary rules with the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary rule and its effect on State appropriations and local governments.

SECTION 21.19.(u) The Department shall report to the Fiscal Research Division of the Legislative Services Office and to the House of Representatives Appropriations Subcommittee on Health and Human Services and the Senate Appropriations Committee on Health and Human Services or the Joint Legislative Health Care Oversight Committee on any change it anticipates making in the Medicaid program that impacts the type or level of service, reimbursement methods, or waivers, any of which require a change in the State Plan or other approval by the Centers for Medicare and Medicaid Services (CMS). The reports shall be provided at the same time they are submitted to CMS for approval.

SECTION 21.19.(v) Upon approval of a demonstration waiver by the Centers for Medicare and Medicaid Services (CMS), the Department of Health and Human Services may provide Medicaid coverage for family planning services to men and women of child-bearing age with family incomes equal to or less than one hundred eighty-five percent (185%) of the federal poverty level. In implementing the new coding system, the Division shall ensure that the new coding system does not discriminate between providers of therapeutic mental health services with similar qualifications and training. In meeting the requirements of this subsection, the Division shall consult with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and the professional licensing boards responsible for licensing the affected professionals.

SECTION 21.19.(y) The Department of Health and Human Services may apply federal transfer of assets policies, as described in Title XIX, Section 1917(c) of the Social Security Act to real property excluded as "income producing" under Title XIX, Section 1902(r)(2) of the Social Security Act. The Department shall develop and implement a plan to reduce the rate of growth in total expenditures for payments for medical services for the fiscal year 2002-2003 to eight percent (8%) or less of the total expenditures for the 2001-2002 fiscal year, excluding the rate of growth associated with eligibles.

 - a. Increase utilization of more expensive services;
 - b. Reduce quality of treatment;
 - c. Result in a lower level of compliance with appropriate drug therapy; and
 - d. Have a differential impact upon racial and ethnic minorities and the elderly.

The Department shall conduct a review at least annually of the drugs included in the prior authorization program to determine whether any of the factors listed in this subdivision or other factors with similar results have occurred.

SPECIAL ASSISTANCE DEMONSTRATION PROJECT

SECTION 21.29.(a) Section 11.21 of S.L. 1999-237, as amended by Section 11.13 of S.L. 2000-67, reads as rewritten:

"Section 11.21. (a) The Department of Health and Human Services may use funds from the existing State/County Special Assistance for Adults budget to provide Special

Assistance payments to eligible individuals in in-home living arrangements. These payments may be made for up to 400 individuals. These payments may be made for up to a two-year period beginning July 1, 2000, and ending June 30, 2002. An individual enrolled in the Special Assistance demonstration project on June 30, 2002, who remains continuously eligible may receive payments through June 30, 2003. The standard monthly payment to individuals enrolled in the Special Assistance demonstration project shall be fifty percent (50%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that demonstration project participants are those individuals who need and, but for the demonstration project, would seek placement in an adult care home facility. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State. The Department shall make an interim report to the cochairs of the House of Representatives Appropriations Committee, the cochairs of the House of Representatives Appropriations Subcommittee on Health and Human Services and the cochairs of the Senate Appropriations Committee, the Chair of the Senate Appropriations Committee on Human Resources by June 30, 2001, and a final report by January 1, 2003. This report shall include the following information:

- (1) A description of cost savings that could occur by allowing individuals eligible for State/County Special Assistance the option of remaining in the home.
- (2) Which activities of daily living or other need criteria are reliable indicators for identifying individuals with the greatest need for income supplements for in-home living arrangements.
- (3) How much case management is needed and which types of individuals are most in need of case management.
- (4) The geographic location of individuals receiving payments under this section.
- (5) A description of the services purchased with these payments.
- (6) A description of the income levels of individuals who receive payments under this section and the impact on the Medicaid program.
- (7) Findings and recommendations as to the feasibility of continuing or expanding the demonstration program.
- (8) The level and quantity of services (including personal care services) provided to the demonstration project participants compared to the level and quantity of services for residents in adult care homes.
- (9) A fiscal analysis and programmatic results of increasing the demonstration project participant's monthly assistance payment to fifty percent (50%) of the Special Assistance monthly payment.

Section 11.21.(b). The Department shall incorporate data collection tools designed to compare quality of life among institutionalized vs. noninstitutionalized populations (i.e. an individual's perception of his or her own health and well-being, years of healthy life, and activity limitations). To the extent national standards are available, the Department shall utilize those standards.

Section 11.21.(c). The Department shall expand its report of the Demonstration Program in order to fully assess the success of the pilot. The Department shall contract with an independent consultant to develop an evaluation design that ensures that the evaluation includes an assessment of the impact of the Program on the economic security, health, and well-being of the participants."

SECTION 21.29.(b) The Department of Health and Human Services shall apply for a Section 1115 Medicaid Waiver to provide medical assistance to individuals living in their own home who are receiving supplemental State/County special assistance payments on a pilot basis rather than statewide. Individuals eligible for

supplemental payments under the waiver shall be those individuals whose income exceeds one hundred percent (100%) of the federal poverty level and who would otherwise qualify for State/County Special Assistance as a resident of an adult care home. The waiver shall be designed to enable eligible recipients to remain at home, to receive the same payment amount as adult care home residents receiving State/County Special Assistance, and to qualify for Medicaid. If the waiver is granted, the Department shall not implement the waiver unless the implementation is approved and enacted by the General Assembly and funds are appropriated for that purpose. The Department shall report the status of the waiver to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services on December 1, 2001, and March 1, 2002. The report shall include the amount of funds needed to implement the waiver. Local partnerships shall monitor qualifying expenses to ensure they have occurred and meet the requirements prescribed in this subsection.

Failure to obtain a twenty percent (20%) match by June 30 of each fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 21.72.(d) Counties participating in the Program may use the county's allocation of State and federal child care funds to subsidize child care according to the county's Early Childhood Education and Development Initiatives Plan as approved by the North Carolina Partnership for Children, Inc. - (1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the

minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower.

- (1) Payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.
- (2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 75 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 21.73.(g) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to unsubsidized privately paying parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 21.73.(j) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State

If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 28.6.(d) Eligibility for Funds. – Except as provided in subsection (h) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 28.6.(e) Allocation of Funds. – Except as provided in subsection (g) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county wealth

as a percentage of State average wealth by the State average current expense appropriations per student.)

The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit, located in whole or in part in the county, based on the average daily membership of the county's students in the school units.

SECTION 28.6.(g) Minimum Effort Required. – Counties that had effective tax rates in the 1996-97 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-98 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only.

This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 28.6.(h) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2001-2003 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show (i) that it has remedied the deficiency in funding, or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 28.6.(i) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2002, if it determines that counties have supplanted funds.

SECTION 28.6.(j) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for

the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 28.7.(a) Funds for Small School Systems. – Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership of from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

- (1) Round all fractions of positions to the next whole position.
- (2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
- (3) Provide additional program enhancement teachers adequate to offer the standard course of study.
- (4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
- (5) Provide a base for the consolidated funds allotment of at least five hundred forty thousand seventy-four dollars (\$540,074) excluding textbooks.
- (6) Allot vocational education funds for grade 6 as well as for grades 7-12.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fund fully the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 28.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2001-2003 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the

- local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show (i) that it has remedied the deficiency in funding, or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 28.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula solely because of an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be phased out over a two-year period. For the first year of ineligibility, the unit shall receive the same amount it received for the prior fiscal year. For the second year of ineligibility, it shall receive one-half of that amount.

If a local school administrative unit becomes ineligible for funding under this formula solely because of an increase in the population of the county in which the local school administrative unit is located, funding for that unit shall be continued for five years after the unit becomes ineligible.

SECTION 28.7.(d) Definitions. – As used in this section:

- (1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education.
- (2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.
- (2a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.
- (3) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).
- (4) "State adjusted property tax base per student" means the sum of all county adjusted property tax bases divided by the total number of students in average daily membership who reside within the State.
- (4a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.
- (5) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 28.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2002, if it determines that counties have supplanted funds.

SECTION 28.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at

Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

STUDENTS WITH LIMITED ENGLISH PROFICIENCY

SECTION 28.9.(a) The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2 1/2%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom

materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency.

A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

SECTION 28.9.(b) The Department of Public Instruction shall prepare a current headcount of the number of students classified with limited English proficiency by December 1 of each year.

Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

SECTION 28.13.(c) The appropriate classification for placement of principals and assistant principals on the salary schedule, except for principals in alternative schools, shall be determined in accordance with the following schedule:

Classification	Number of Teachers Supervised
Assistant Principal	
Principal I	Fewer than 11 Teachers
Principal II	11-21 Teachers
Principal III	22-32 Teachers
Principal IV	33-43 Teachers
Principal V	44-54 Teachers
Principal VI	55-65 Teachers
Principal VII	66-100 Teachers

Principal VIII

More than 100 Teachers

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 28.13.(d) A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of the public schools and an additional step for every three years of experience as a principal. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and the 1999-2000 school year for improvement in student performance or maintaining a safe and orderly school.

SECTION 28.13.(e) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars (\$126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars (\$253.00) per month.

SECTION 28.13.(f) There shall be no State requirement that superintendents in each local school unit shall receive in State-paid salary at least one percent (1%) more than the highest paid principal receives in State salary in that school unit: Provided, however, the additional State-paid salary a superintendent who was employed by a local school administrative unit for the 1992-93 fiscal year received because of that requirement shall not be reduced because of this subsection for subsequent fiscal years that the superintendent is employed by that local school administrative unit so long as the superintendent is entitled to at least that amount of additional State-paid salary under the rules in effect for the 1992-93 fiscal year.

SECTION 28.13.(g) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

SECTION 28.13.(h)

- (1) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.
- (2) If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 28.13.(i) Participants in an approved full-time Masters in School Administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the masters program. Certification of eligible full-time interns shall be supplied to the Department of Public Instruction by the Principal Fellows Program or a school of education where the intern participates in a full-time Masters in School Administration.

The principal shall not make the decision solely on the basis of standardized test scores. If a principal's decision to retain a child in the same grade is partially based on the pupil's scores on standardized tests, those test scores shall be verified as accurate.

A principal shall not require additional testing of a student entering a public school from a school governed under Article 39 of this Chapter if test scores from a nationally standardized test or nationally standardized equivalent measure that are adequate to determine the appropriate placement of the child are available."

SECTION 28.17.(c) G.S. 115C-47 is amended by adding a new subdivision to read:

"§ 115C-105.41. Students who have been placed at risk of academic failure; personal education plans.

Local school administrative units shall identify students who have been placed at risk for academic failure. Identification shall occur as early as can reasonably be done and can be based on grades, observations, State assessments, and other factors that impact student performance that teachers and administrators consider appropriate, without having to await the results of end-of-grade or end-of-course tests. At the beginning of the school year, a personal education plan for academic improvement with focused intervention and performance benchmarks shall be developed for any student not performing at least at grade level, as identified by the State end-of-grade test. Focused intervention and accelerated activities should include research-based best practices that meet the needs of students and may include coaching, mentoring, tutoring, summer school, Saturday school, and extended days. Local school administrative units shall provide these activities free of charge to students. Local school administrative units shall also provide transportation free of charge to all students for whom transportation is necessary for participation in these activities.

Parents should be included in the implementation and ongoing review of personal education plans."

SECTION 28.17.(f) G.S. 115C-174.12(a) reads as rewritten:

~~"(a) The State Board of Education shall review the tests being administered through State and local testing programs and shall select the tests that it believes are necessary to provide the best measures of the levels of academic achievement attained by students in various subject areas. The State Board of Education's policies regarding the testing of children with disabilities shall (i) provide broad accommodations and alternate methods of assessment that are consistent with a child's individualized education program and section 504 (29 U.S.C. § 794) plans, (ii) prohibit the use of statewide tests as the sole determinant of decisions about a child's graduation or promotion, and (iii) provide parents with information about the Statewide Testing Program and options for students with disabilities. The State Board shall report its proposed policies and proposed changes in policies to the Joint Legislative Education Oversight Committee prior to adoption."~~

SECTION 28.17.(g) Schools shall devote no more than two days of instructional time per year to the taking of practice tests that do not have the primary purpose of assessing current student learning.

SECTION 28.17.(h) Students in a local school shall not be subject to field tests or national tests during the two-week period preceding the administration of the end-of-grade tests, end-of-course tests, or the school's regularly scheduled final exams. No school shall participate in more than two field tests at any one grade level during a school year unless that school volunteers, through a vote of its school improvement team, to participate in an expanded number of field tests.

SECTION 28.17.(i) The Joint Legislative Education Oversight Committee shall study the State's testing program. As part of this study, the Committee shall consider:

- (1) The number of tests currently mandated at the State level and the process and cost of developing, validating, and scoring them.
- (2) Whether the State should consider the use of nationally developed tests as a substitute to State-developed testing. In particular, the Committee shall determine whether this use would (i) affect the ABCs Program, (ii) adequately measure student achievement and performance, (iii) provide more than minimum levels of achievement, (iv) provide a better comparison to student achievement and performance in other states, (v) be practical for high school courses or higher level courses, (vi) reduce the need for field testing, and (vii) offer any cost savings to the State.
- (3) The number of grades in which State tests are given. The Committee shall determine the necessity for testing all grades in third through eighth grades, whether a reduction in the grades tested would affect the receipt of federal money, and the extent to which a reduction would impair the State's ability to identify schools under the ABCs Program.
- (4) The high school courses for which State tests are given and whether there is an appropriate distribution of tests across grades nine through 12 and that test an appropriate array of the minimum courses required for admission to the constituent institutions of The University of North Carolina. In addition, the Committee shall examine whether students who take higher level courses and students in 12th grade are held accountable for their academic growth and performance.
- (5) The advantages and disadvantages of using a composite of end-of-course tests or other tests such as the SAT, AP tests, or other nationally standardized tests in high school rather than developing a high school exit exam. If the Committee finds a high school exit exam is preferable, then it shall determine whether it must be administered to

all students or limited to certain students, for example, those who do not take the SAT or a certain number of courses for which there are end-of-course tests.

- (6) The extent to which additional testing, including field testing, practice testing, and locally mandated testing, is occurring and whether this should be limited or prohibited.
- (7) Evaluate alternative schools to determine how educational achievement is being advanced in these alternative school programs and that placement in these programs is to improve student performance rather than improve the performance of the school in which the student originally was assigned.
- (8) Any other issue the Committee considers relevant.

The Committee shall report its findings and any recommendations, including recommended legislation, to the 2002 Regular Session of the 2001 General Assembly.

SECTION 28.17.(j) The State Board of Education shall develop and report to the Joint Legislative Education Oversight Committee on its objectives for the Statewide Testing Program and on the implementation of that Program. The report shall include:

- (1) A statement of the relationship between these objectives and the tests currently administered under the Program;
- (2) An analysis of whether the current tests appropriately achieve these objectives;
- (3) A statement of any actions that may be needed to coordinate the objectives and the tests more effectively; and
- (4) Strategies for communicating the objectives of the Program, the tests administered under the Program, and the relationship between these objectives and tests to principals, teachers, parents, and students throughout the State.

SECTION 28.17.(k) Subsections (b) and (e) of this section become effective December 1, 2001.

SECTION 28.18.(a) The State Board of Education shall establish a pilot program to permit the Charlotte-Mecklenburg School Administrative Unit, the Forsyth County School Administrative Unit, and the Wake County School Administrative Unit to use funds allocated for mentors for full-time mentors.

Funds allocated for mentors in these units shall be used only for teachers and instructional support personnel assigned to newly certified teachers, second-year teachers who were assigned mentors during the prior school year, or as authorized by Section 28.31 of this act, and entry-level instructional support personnel who have not previously been teachers. These funds shall be used only for:

- (1) Salary supplements to teachers and instructional support personnel who are serving as mentors. The amount of the salary supplement shall not be based on the number of teachers or instructional support personnel to whom the mentor is assigned; or
- (2) Payments to teachers or instructional support personnel who are employed solely to serve as mentors. An individual employed solely to serve as a mentor shall receive a payment for each individual, up to 15 individuals, to whom the mentor is assigned. The amount of each such payment shall be the same as the amount of the salary supplement for a mentor.

SECTION 28.18.(b) The Charlotte-Mecklenburg Board of Education, the Forsyth County Board of Education, and the Wake County Board of Education shall report to the State Board of Education on an annual basis on the impact that the mentor program has had on retention of teachers. The State Board shall report on this information to the Joint Legislative Education Oversight Committee.

In the course of the study, the State Board shall consider:

- (1) The effectiveness of the current programs;
- (2) The need for modifications to or enhancements of the current programs;
- (3) Alternative ways to deliver services to initially certified teachers and to provide them with the resources they need to develop as professionals;
- (4) Strategies or alternatives for improving teacher retention rates through the administration of these programs; and
- (5) The adequacy of funding for programs for initially certified teachers.

The State Board shall report the results of this study to the Joint Legislative Education Oversight Committee by March 1, 2002.

SECTION 28.19.(b) The State Board of Education shall modify the Performance-Based Licensure Program to provide additional support for initially certified teachers. Initially certified teachers shall receive up to three days of approved paid leave during their second year of employment to work on their performance-based products or to consult with their mentors. If teachers have not successfully completed the performance-based requirements by their third year of employment, the teachers shall receive up to three days of approved paid leave to complete all requirements. Teachers participating in the program shall take paid leave only with the approval of their supervisors.

SECTION 28.20.(a) If a local school administrative unit experiences a loss in projected average daily membership of greater than five percent (5%) due to the opening of a new charter school within the unit, the State Board of Education may use funds from the Reserve for Average Daily Membership Adjustments to assure that the funding loss to the local school administrative unit does not exceed five percent (5%) in the first fiscal year of the charter school's operation.

The State Board of Education shall phase out this special allotment in subsequent fiscal years by decreasing the amount of the special allotment each year by the amount of the prior year's funding loss.

SECTION 28.20.(b) A local school administrative unit that received funds for the 2000-2001 fiscal year pursuant to Section 8.5 of S.L. 2000-67 to reduce the loss of funds due to shifts of enrollment to charter schools shall continue to receive funds for the 2001-2002 fiscal year in the amount of one hundred percent (100%) of the 2000-2001 allotment and for the 2002-2003 fiscal year in the amount of fifty percent (50%) of the 2000-2001 allotment.

SECTION 28.21. If a claim for Medicaid outreach reimbursement that was submitted by a local school administrative unit and paid by a federal agency is later found by that agency to be inappropriate, the Department of Public Instruction shall request that the federal agency offset the overpaid amount against the next quarterly reimbursement due to the local school administrative unit. If the federal agency does not allow the offset, the Department of Public Instruction shall request repayment from the local school administrative unit, as provided for in agreements between the Department of Public Instruction and the local school administrative unit or, in the case of a local interagency agreement, agreements among local school administrative units. The contribution rate of an employer whose contribution rate is determined by this Experience Rating Formula table shall be reduced by fifty percent (50%) for any year in which the balance in the Unemployment Insurance Fund equals or exceeds eight hundred million dollars (\$800,000,000) on the computation date and the fund ratio determined on that date is less than five percent (5%) and shall be reduced by sixty percent (60%) for any year in which the balance in the Unemployment Insurance Fund equals or exceeds eight hundred million dollars (\$800,000,000) on the computation date, and the fund ratio determined on that date is five percent (5%) or more.

MODIFY TERM OF COMMUNITY COLLEGE FACULTY CONTRACTS

SECTION 30.6. The General Assembly finds that standardization of the term of contracts with community college faculty members will provide the General Assembly with the data necessary to make informed decisions regarding faculty salaries and funding for the summer term. Therefore, the State Board of Community Colleges shall require community colleges to convert all faculty contracts to nine-month contracts covering the fall and spring semesters. Faculty members currently employed for more than nine months shall be placed on supplemental contracts for the summer term. These modifications in faculty contracts shall not change the salary of any faculty member.

All faculty members employed after the date this act becomes law shall be placed on nine-month contracts with supplemental contracts for the summer term.

REALIGNMENT OF ACCOUNTS FOR INSTITUTIONAL AND ADMINISTRATIVE SUPPORT

SECTION 30.7. In prior fiscal years, funds for Institutional and Administrative Support in the following have been appropriated in four separate accounts. Since these funds are allotted to community colleges on a formula basis, this level of detail is unnecessary. Therefore, beginning with the 2001-2002 fiscal year, State aid accounts 536938 through 536941 shall be consolidated into a single State aid account for Institutional and Academic Support to match actual practice.

Requested by: Senators Dalton, Lucas, Garrou, Plyler, Odom, Lee; Representatives Boyd-McIntyre, Rogers, Yongue, Easterling, Oldham, Redwine, Thompson

STUDY OF DISCREPANCIES IN FACULTY SALARIES

SECTION 30.8. The Joint Legislative Education Oversight Committee shall study discrepancies in community college faculty salaries. In the course of the study, the Committee shall examine faculty salaries at various colleges to determine why salaries at some colleges are above the State average while others are well below it.

The Committee shall report its findings to the 2002 Regular Session of the 2001 General Assembly.

Requested by: Senators Dalton, Lucas, Garrou, Plyler, Odom, Lee; Representatives Boyd-McIntyre, Rogers, Yongue, Easterling, Oldham, Redwine, Thompson

STATE BOARD RESERVE ALLOCATIONS

SECTION 30.9. The State Board of Community Colleges shall use funds from the State Board Reserve in the amount of one hundred thousand dollars (\$100,000) for each fiscal year to assist small rural low-wealth community colleges with operation and maintenance of plant costs if they need to assist new or expanding industries in their service delivery areas.

CONSOLIDATE AND COORDINATE WORKFORCE DEVELOPMENT PROGRAMS

SECTION 30.10.(a) The Bureau of Training Initiatives funded by the Worker Training Trust Fund is transferred from the North Carolina Department of

Labor to the North Carolina Community Colleges System, as if by a Type I transfer as defined in G.S. 143A-6, with all the elements of such a transfer. The Bureau of Training Initiatives is designed to provide training services and develop new training innovations similar to the North Carolina Community Colleges System's Workforce Development programs. Consolidating these efforts at the North Carolina Community Colleges System will result in greater efficiencies and coordination.

No changes in the organizational structure of the programs transferred under this subsection, other than those provided by this subsection, shall take place prior to January 1, 2002. The State Board of Community Colleges shall present a plan for such changes to the Joint Legislative Education Oversight Committee no less than 30 days before they are proposed to become effective.

SECTION 30.10.(b) The Apprenticeship program currently housed within the North Carolina Department of Labor is transferred to the North Carolina Community Colleges System, as if by a Type I transfer as defined in G.S. 143A-6, with all the elements of such a transfer. Joint delivery of Apprenticeship and Community College workforce training programs will ensure coordination of program delivery and appropriate classroom training supporting the needs of the client and the employer. The community colleges already provide the majority of classroom training for Apprenticeship.

If the transfer made by this subsection is subject to approval by the United States Department of Labor, the effective date of this subsection is the date of such approval.

No changes in the organizational structure of the programs transferred under this subsection, other than those provided by this subsection, shall take place prior to January 1, 2002. The State Board of Community Colleges shall present a plan for such changes to the Joint Legislative Education Oversight Committee no less than 30 days before they are proposed to become effective.

(a) Funds shall be appropriated each fiscal year in the Current Operations Appropriations Act to the Board of Governors of The University of North Carolina for aid to institutions and shall be disbursed in accordance with the provisions of G.S. 116-19, 116-21, and 116-22.

All funds in the account shall be provided as scholarship funds for needy North Carolina students during the fiscal year. Each student awarded a scholarship from this account shall be notified of the source of the funds and of the amount of the award. Funds not utilized under G.S. 116-19 shall be available for the tuition grant program as defined in G.S. 116-21.2.

"§ 116-21.2. Legislative tuition grants to aid students attending private institutions of higher education.

(a) In addition to any funds appropriated pursuant to G.S. 116-19 and in addition to all other financial assistance made available to institutions, or to students attending these institutions, there is granted to each full-time North Carolina undergraduate student attending an approved institution as defined in G.S. 116-22, a sum, to be determined by the General Assembly for each academic year which shall be distributed to the student as provided by this subsection.

Each approved institution shall be subject to examination by the State Auditor for the purpose of determining whether the institution has properly certified eligibility and enrollment of students and credited grants paid on behalf of the students.

(d) In the event there are not sufficient funds to provide each eligible student with a full grant:

- (1) The Board of Governors of The University of North Carolina, with the approval of the Office of State Budget and Management, may transfer available funds to meet the needs of the programs provided by subsections (a) and (b) of this section; and

(b) No legislative tuition grant funds shall be expended for a program at an off-campus site of a private institution, as defined in G.S. 116-22(1), established after May 15, 1987, unless (i) the private institution offering the program has previously notified and secured agreement from other private institutions operating degree programs in the county in which the off-campus program is located or operating in the counties adjacent to that county or (ii) the degree program is neither available nor planned in the county with the off-campus site or in the counties adjacent to that county.

(c) Any member of the armed services, as defined in G.S. 116-143.3(a), abiding in this State incident to active military duty, who does not qualify as a resident for tuition purposes, as defined under G.S. 116-143.1, is eligible for a legislative tuition grant pursuant to this section if the member is enrolled as a full-time student. - (2) Is incarcerated in a State or federal correctional facility for committing a Class C through I felony and is not eligible for parole or release within 10 years."

SECTION 31.1.(b) G.S. 116-19 reads as rewritten:

"§ 116-19. Contracts with private institutions to aid North Carolina students; reporting requirement.

(a) In order to encourage and assist private institutions to continue to educate North Carolina students, the State Education Assistance Authority may enter into contracts with the institutions under the terms of which an institution receiving any funds that may be appropriated pursuant to this section would agree that, during any fiscal year in which such funds were received, the institution would provide and administer scholarship funds for needy North Carolina students in an amount at least equal to the amount paid to the institution, pursuant to this section, during the fiscal year. Under the terms of the contracts the State Education Assistance Authority would agree to pay to the institutions, subject to the availability of funds, a fixed sum of money for each North Carolina student enrolled at the institutions for the regular academic year, said sum to be determined by appropriations that might be made from time to time by the General Assembly pursuant to this section. Funds appropriated pursuant to this section shall be paid by the State Education Assistance Authority to an institution on certification of the institution showing the number of North Carolina students enrolled at the institution as of October 1 of any year for which funds may be appropriated.

(b) The State Education Assistance Authority shall document the number of full-time equivalent North Carolina undergraduate students that are enrolled in off-campus programs and the State funds collected by each institution pursuant to G.S. 116-19 for those students. The State Education Assistance Authority shall also document the number of scholarships and the amount of the scholarships that are awarded under G.S. 116-19 to students enrolled in off-campus programs. An 'off-campus program' is any program offered for degree credit away from the institution's main permanent campus.

The State Education Assistance Authority shall include in its annual report to the Joint Legislative Education Oversight Committee the information it has compiled and its findings regarding this program."

SECTION 31.1.(c) Funds are appropriated in this act to the Board of Governors of The University of North Carolina to be allocated and disbursed as provided by G.S. 116-19, 116-21, 116-21.1, and 116-22. These funds shall provide up to one thousand one hundred dollars (\$1,100) per full-time equivalent North Carolina undergraduate student enrolled at an institution as of October 1, 2001, for the 2001-2002 fiscal year and up to one thousand one hundred dollars (\$1,100) per full-time equivalent North Carolina undergraduate student enrolled at an institution as of October 1, 2002, for the 2002-2003 fiscal year.

SECTION 31.1.(d) Funds appropriated in this act to the Board of Governors of The University of North Carolina shall be allocated and disbursed for legislative tuition grants in compliance with G.S. 116-21.2. The funds shall be allocated as

follows: to each full-time North Carolina undergraduate student a sum not to exceed one thousand eight hundred dollars (\$1,800) for the 2001-2002 academic year and one thousand eight hundred dollars (\$1,800) for the 2002-2003 academic year.

ACADEMIC COMMON MARKET PILOT PROGRAM

SECTION 31.2.(a) The Southern Regional Education Board currently operates an Academic Common Market program. Under this program, qualified students from participating states may apply to attend programs at public universities in participating states that are not available in their home state's university system. North Carolina's participation for graduate programs would provide a cost-effective means of offering educational access for North Carolina residents. North Carolinians would be able to attend graduate programs that are not available at The University of North Carolina at reduced rates, and the State would avoid the cost associated with the development of new academic programs.

SECTION 31.2.(b) The Board of Governors of The University of North Carolina may establish a pilot program for participation in the Southern Regional Education Board's Academic Common Market at the graduate program level. The Board of Governors shall examine the graduate programs offered in The University of North Carolina system and select for participation only those graduate programs that are likely to be unique or are not commonly available in other Southern Regional Education Board states. Out-of-state tuition shall be waived for students who are residents of other Southern Regional Education Board states and who are participating in the Academic Common Market program. If accepted into The University of North Carolina graduate programs that are part of the Academic Common Market, these students shall pay in-State tuition and shall be treated for all purposes of The University of North Carolina as residents of North Carolina. Prior to the beginning of this pilot, the Board of Governors shall submit its list of graduate programs selected to be a part of the pilot program to the Joint Legislative Education Oversight Committee.

SECTION 31.2.(c) The pilot programs established under this section shall terminate July 1, 2005. However, once a student is enrolled in The University of North Carolina system under the Academic Common Market program, the student shall be entitled to pay in-State tuition as long as the student is enrolled in that graduate program. The Board of Governors shall report the success of the Academic Common Market program to the Joint Legislative Education Oversight Committee by December 31, 2003, and by January 31, 2005, and the Committee may recommend changes, if any are appropriate, to the pilot program at either of those times.

AID TO PRIVATE MEDICAL SCHOOLS/FUNDING FORMULA

SECTION 31.3. Part 2 of Article 1 of Chapter 116 of the General Statutes is amended by adding a new section to read:

"§ 116-21.5. Private medical schools—assistance funding formula.

(a) Funds shall be appropriated each year in the Current Operations Appropriations Act to the Board of Governors of The University of North Carolina for continuation of financial assistance to the medical schools of Duke University and Wake Forest University. The funds shall be disbursed on certifications of the respective schools of medicine that show the number of North Carolina residents as first-year, second-year, third-year, and fourth-year students in the medical school as of the appropriate fiscal year.

(b) Disbursement to Wake Forest University shall be made in the amount of eight thousand dollars (\$8,000) for each medical student who is a North Carolina resident, one thousand dollars (\$1,000) of which shall be placed by the school in a fund to be used to provide financial aid to needy North Carolina students who are enrolled in the medical school. The maximum aid given to any student from this fund in a given year shall not exceed the amount of the difference in tuition and academic fees charged by the school and those charged at the School of Medicine at the University of North Carolina at Chapel Hill.

(c) Disbursement to Duke University shall be made in the amount of five thousand dollars (\$5,000) for each medical student who is a North Carolina resident, five hundred dollars (\$500.00) of which shall be placed by the school in a fund to be used to provide student financial aid to financially needy North Carolina students who are enrolled in the medical school. No individual student may be awarded assistance from this fund in excess of two thousand dollars (\$2,000) each year. In addition to this basic disbursement for each year of the biennium, a disbursement of one thousand dollars (\$1,000) shall be made for each medical student who is a North Carolina resident in the first-year, second-year, third-year, and fourth-year classes to the extent that enrollment of each of those classes exceeds 30 North Carolina students.

(d) The Board of Governors shall establish the criteria for determining the eligibility for financial aid of needy North Carolina students who are enrolled in the medical schools and shall review the grants or awards to eligible students. The Board of Governors shall adopt rules for determining which students are residents of North Carolina for the purposes of these programs. The Board of Governors shall also make any regulations as necessary to ensure that these funds are used directly for instruction in the medical programs of the schools and not for religious or other nonpublic purposes. The Board of Governors shall encourage the two schools to orient students toward primary care, consistent with the directives of G.S. 143-613(a). The two schools shall supply information necessary for the Board to comply with G.S. 143-613(d).

(e) If the funds appropriated in the Current Operations Appropriations Act to the Board of Governors of The University of North Carolina for continuation of financial assistance to the medical schools of Duke University and Wake Forest University are insufficient to cover the enrolled students in accordance with this section, then the Board of Governors may transfer unused funds from other programs in the Related Educational Programs budget code to cover the extra students."

OPTIONAL RETIREMENT PROGRAM FOR THE NORTH CAROLINA COMMUNITY COLLEGES SYSTEM

SECTION 32.24.(a) Article 1 of Chapter 135 of the General Statutes is amended by adding a new section to read:

"§ 135-5.4. Optional retirement program for State-funded community colleges.

(a) An Optional Retirement Program provided for in this section is authorized and established and shall be implemented by the North Carolina Community Colleges System, ("System"). The Optional Retirement Program shall be underwritten by the purchase of annuity contracts, which may be both fixed and variable contracts or a combination thereof, or financed through the establishment of a trust, for the benefit of the presidents of the community colleges all of whom are appointed after the implementation of the Program and who elect membership as required by subsection (b) of this section. Under the Optional Retirement Program, the State and the participant shall contribute, to the extent authorized or required, toward the purchase of such contracts or deposited in such trust on the participant's behalf.

(b) Participation in the Optional Retirement Program shall be governed as follows:

- (1) Employees initially appointed on or after the implementation of the Optional Retirement Program shall at the same time of entering upon eligible employment elect (i) to join the Retirement System in accordance with the provisions of law applicable thereto or (ii) to participate in the Optional Retirement Program. This election shall be in writing and filed with the Retirement System and with the employing institution and shall be effective as of the date of entry into eligible service.
- (2) An election to participate in the Optional Retirement Program shall be irrevocable. An eligible employee failing to elect to participate in the Optional Retirement Program at the time of entry into eligible service shall automatically be enrolled as a member of the Retirement System.

- (3) No election by an eligible employee of the Optional Retirement Program shall be effective unless it is accompanied by an appropriate application for the issuance of a contract or contracts or trust participation under the Program.
- (4) If any participant having less than five years coverage under the Optional Retirement Program leaves the employ of the System and either retires or commences employment with an employer not having a retirement program with the same company underwriting the participant's annuity contract, regardless of whether the annuity contract is held by the participant, a trust, or the Retirement System, the participant's interest in the Optional Retirement Program attributable to contributions of the employing institution shall be forfeited and shall either (i) be refunded to the employing institution and forthwith paid by it to the Retirement System and credited to the pension accumulation fund or (ii) be paid directly to the Retirement System and credited to the pension accumulation fund.

(c) Each employing institution shall contribute on behalf of each participant in the Optional Retirement Program an amount equal to a percentage of the participant's compensation as established from time to time by the General Assembly. Each participant shall contribute the amount that he or she would be required to contribute if a member of the Retirement System. Contributions authorized or required by the provisions of this subsection on behalf of each participant shall be made, consistent with section 414(h) of the Internal Revenue Code, by salary reduction according to rules and regulations established by the employing institution. Additional personal contributions may also be made by a participant by payroll deduction or salary reduction to an annuity or retirement income plan established pursuant to G.S. 115D-25. Payment of contributions shall be made by the employing institution to the designated company or companies underwriting the annuities or the trustees for the benefit of each participant, and this employer contribution shall not be subject to any State tax if made under the Optional Retirement Program or, otherwise, by salary reduction.

(d) The System shall designate the company or companies from which contracts are to be purchased or the trustee responsible for the investment of contributions under the Optional Retirement Program and shall approve the form and contents of such contracts or trust agreement. In making this designation and giving such approval, the Board shall give due consideration to the following:

- (1) The nature and extent of the rights and benefits to be provided by these contracts or trust agreement for participants and their beneficiaries;
- (2) The relation of these rights and benefits to the amount of contributions to be made;
- (3) The suitability of these rights and benefits to the needs of the participants and the interest of the institutions of the System in recruiting and retaining faculty in a national market; and
- (4) The ability of the designated company or companies underwriting the annuity contracts or trust agreement to provide these suitable rights and benefits under such contracts or trust agreement for these purposes.

In lieu of such designation and in order to provide a more efficient, cost-effective, and flexible Program, the System may designate the company or companies designated for the Optional Retirement Program for State institutions of higher education as prescribed in G.S. 135-5.1(d).

Notwithstanding the provisions of this subsection, no contractual relationship established under the Optional Retirement Program pursuant to the authority granted by Chapter 338, Session Laws of 1971, is deemed terminated by the provisions of this section.

(e) The System or employing institution may provide for the administration of the Optional Retirement Program and may perform or authorize the performance of all functions necessary for its administration.

(f) Any eligible employee electing to participate in the Optional Retirement Program is ineligible for membership in the Retirement System so long as he or she remains employed in any eligible position within the System, and, in this event, he or she shall continue to participate in the Optional Retirement Program.

(g) No retirement benefit, death benefit, or other benefit under the Optional Retirement Program shall be paid by the State of North Carolina, or the System, or the Board of Trustees of the Teachers' and State Employees' Retirement System with respect to any employee selecting and participating in the Optional Retirement Program or with respect to any beneficiary of that employee. SECTION 34.14.(a) Subchapter VIII of Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 44.

"Third One-Half Cent (1/2¢) Local Government Sales and Use Tax.

"§ 105-515. Short title.

This Article is the Third One-Half Cent (1/2¢) Local Government Sales and Use Tax Act.

"§ 105-516. Limitations.

This Article applies only to counties that levy the first one-cent (1¢) sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter.

"§ 105-517. Levy.

(a) After Vote. – If a majority of those voting in a special election held pursuant to this Article vote for the levy of the taxes in a county, the board of commissioners of a county may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Without Vote. – If the question of whether to levy taxes under this Article has not been defeated in a special election held in the county within two years, the board of commissioners of a county may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law. Before adopting a resolution under this subsection, the board of commissioners

must give at least 10 days' public notice of its intent to adopt the resolution and must hold a public hearing on the issue of adopting the resolution.

(c) Effective Date. – A tax levied under this Article may not become effective before July 1, 2003.

"§ 105-518. County election on adoption of tax.

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct a special election on the question of whether to levy local one-half percent (½%) sales and use taxes in the county as provided in this Article. The election must be held on a date jointly agreed upon by the two boards and must be held in accordance with the procedures of G.S. 163-287.

(b) Ballot Question. – The question to be presented on a ballot for a special election concerning the levy of the taxes authorized by this Article must be in the following form:

[] FOR [] AGAINST
one-half percent (½%) local sales and use taxes, to replace the current one-half percent (½%) State sales and use taxes that end July 1, 2003.'

"§ 105-519. Administration of taxes.

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B.

"§ 105-520. Distribution of taxes.

(a) Point of Origin. – The Secretary must, on a monthly basis, allocate to each taxing county one-half of the net proceeds of the tax collected in that county under this Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary must allocate one-half of the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

(b) Per Capita. – The Secretary must, on a monthly basis, allocate the remaining net proceeds of the tax collected under this Article among the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary must then adjust the amount allocated to each county as provided in G.S. 105-486(b).

(c) Distribution Between Counties and Cities. – The Secretary must divide and distribute the funds allocated under this section each month between each taxing county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this subsection for a month if it is not entitled to a distribution under G.S. 105-501 for the same month.

"§ 105-521. Transitional local government hold harmless.

(a) Definitions. – The following definitions apply in this section:

- (1) Local government. – A county or municipality that received a distribution of local sales taxes in the most recent fiscal year for which a local sales tax share has been calculated.
- (2) Local sales tax share. – A local government's percentage share of the two-cent (2¢) sales taxes distributed during the most recent fiscal year for which data are available.
- (3) Repealed reimbursement amount. – The total amount a local government would have been entitled to receive during the 2002-2003 fiscal year under G.S. 105-164.44C, 105-275.1, 105-275.2, 105-277.001, and 105-277.1A, if the Governor had not withheld any distributions under those sections.

(b) Distributions. – On or before September 15, 2003, and each September 15 thereafter, the Secretary must multiply each local government's local sales tax share by the estimated amount that all local governments would be expected to receive during the current fiscal year under G.S. 105-520 if every county levied the tax under this Article for the year. If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars (\$100.00).

On or before May 1, 2003, and each May 1 thereafter, the Office of State Budget and Management and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount that all local governments would be expected to receive during the upcoming fiscal year under G.S. 105-520 if every county levied the tax under this Article for the fiscal year. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

(c) Source of Funds. – The Secretary must draw the funds distributed under this section from sales and use tax collections under Article 5 of this Chapter.

(d) Reports. – The Secretary must report to the Revenue Laws Study Committee by January 31, 2004, and each January 31 thereafter, the amount distributed under this section for the current fiscal year."

For taxes levied on or after January 1, 2004, the provisions of G.S. 105-466(c) apply.
