42 G.S. 105-129.83 and that has purchased or leased business property and placed it in service in
43 this State during the taxable year and that has satisfied the threshold requirements of subsection
44 (c) of this section is allowed a credit equal to the applicable percentage of the excess of the
45 eligible investment amount over the applicable threshold. If the taxpayer places business
46 property in service in an urban progress zone or an agrarian growth zone, the applicable
47 percentage is the one for a development tier one area. Business property is eligible if it is not
48 leased to another party. The credit may not be taken for the taxable year in which the business
49 property is placed in service but shall be taken in equal installments over the four years
50 following the taxable year in which it is placed in service. The applicable percentage is as
51 follows:

 10 tier one area. Business property placed in service in an urban progress zone or an agrarian
 11 growth zone is not aggregated with business property placed in service at any other eligible
 12 establishments regardless of county. If the taxpayer places eligible business property in service
 13 at more than one establishment in a county during the taxable year, the threshold applies to the
 14 aggregate amount of eligible business property placed in service during the taxable year at all
 15 establishments in the county. If the taxpayer places eligible business property in service at
 16 establishments in different counties, the threshold applies separately to the aggregate amount of
 17 eligible business property placed in service in each county. If the taxpayer places eligible
 18 business property in service at an establishment over the course of a two-year period, the
 19 applicable threshold for the second taxable year is reduced by the eligible investment amount

Tier Three	2,000,000 <u>3,000,000</u>

21 (25%) of the production company's qualifying expenses. For the purposes of this section, in the
22 case of an episodic television series, an entire season of episodes is one production. The credit
23 is computed based on all of the taxpayer's qualifying expenses incurred with respect to the
24 production, not just the qualifying expenses incurred during the taxable year.

25 ~~(b1) Alternative Credit. – In lieu of the credit allowed under subsection (b) of this~~
26 ~~section, a taxpayer that is a production company and has qualifying expenses of at least two~~
27 ~~hundred fifty thousand dollars (\$250,000) with respect to a production may elect to take a~~

40 taxpayer for purposes of claiming a credit allowed by this section. If a return filed by a
41 pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, a
42 credit allowed under this section does not affect the entity's payment of tax on behalf of its
43 owners.

44 (d) Return. – A taxpayer may claim a credit allowed by this section on a return filed for
45 the taxable year in which the production activities are completed. The return must state the
46 name of the production, a description of the production, and a detailed accounting of the

49 imposed by this Part for the taxable year reduced by the sum of all credits allowable, the
50 Secretary must refund the excess to the taxpayer. The refundable excess is governed by the
51 provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this

1 Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable
2 credits are subtracted before refundable credits.

3 (f) Limitations. – The amount of credit allowed under this section with respect to a
4 production that is a feature film may not exceed ~~seven-twenty million five hundred thousand~~
5 ~~dollars (\$7,500,000)-(\$20,000,000)~~. No credit is allowed under this section for any production

31 company, the proposed dates on which the production company plans to begin filming the
32 production, and any other information required by the Division. For productions that have
33 production credits, a taxpayer claiming a credit under this section must acknowledge in the
34 production credits both the North Carolina Film Office and the regional film office responsible
35 for the geographic area in which the filming of the production occurred.

26 (25%) of the production company's qualifying expenses. For the purposes of this section, in the
27 case of an episodic television series, an entire season of episodes is one production. The credit
28 is computed based on all of the taxpayer's qualifying expenses incurred with respect to the
29 production, not just the qualifying expenses incurred during the taxable year.

34 ~~production company's qualifying expenses less the difference between the amount of tax paid~~
35 ~~on purchases subject to the tax under G.S. 105-187.51 and the amount of sales or use tax that~~

45 taxpayer for purposes of claiming a credit allowed by this section. If a return filed by a
46 pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, a
47 credit allowed under this section does not affect the entity's payment of tax on behalf of its
48 owners.

49 (d) Return. – A taxpayer may claim a credit allowed by this section on a return filed for
50 the taxable year in which the production activities are completed. The return must state the

7 Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable
8 credits are subtracted before refundable credits.

3 standard, health insurance, environmental impact, safety and health programs, and overdue tax
4 debts, respectively.

5 (b) Allocation. – A credit allowed under this Article may be taken against the franchise
6 tax levied in Article 3 of this Chapter or the income taxes levied in Article 4 of this Chapter.
7 The taxpayer must elect the tax against which a credit will be claimed when filing the return on
8 which the credit is first claimed. This election is binding. Any carryforwards of a credit must be
9 claimed against the same tax.

10 (c) Cap. – A credit allowed under this Article may not exceed fifty percent (50%) of the
11 amount of tax against which it is claimed for the taxable year, reduced by the sum of all other
12 credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This
13 limitation applies to the cumulative amount of credit, including carryforwards, claimed by the
14 taxpayer under this Article against the tax for the taxable year. Any unused portion of a credit
15 allowed in this Article may be carried forward for the succeeding eight years.

16 (d) Limitations. – A taxpayer that claims or has claimed a credit under this Article with
17 respect to a facility is not eligible to receive a grant under Part 2G of Article 10 of Chapter
18 143B of the General Statutes (Job Development Investment Grant Program) or Part 2H of
19 Article 10 of Chapter 143B of the General Statutes (One North Carolina Fund).

20 (e) Sunset. – This Article is repealed for taxable years beginning on or after January 1,
21 2014.

22 **"§ 105-129.108. Substantiation.**

23 To claim a credit allowed by this Article, the taxpayer must provide any information
24 required by the Secretary. Every taxpayer claiming a credit under this Article must maintain
25 and make available for inspection by the Secretary any records the Secretary considers
26 necessary to determine and verify the amount of the credit to which the taxpayer is entitled.
27 The burden of proving eligibility for a credit and the amount of the credit rests upon the
28 taxpayer, and no credit may be allowed to a taxpayer that fails to maintain adequate records or
29 to make them available for inspection.

30 **"§ 105-129.109. Reports.**

31 The Department must publish by May 1 of each year the following information, itemized
32 by credit and taxpayer, for the 12-month period ending the preceding December 31:

33 (1) The qualifying expenses for which a credit was claimed, classified by
34 whether the expenses were production property or compensation or wages.

35 (2) The number of people employed in the State with respect to credits claimed.

36 (3) The total cost to the General Fund of the credits claimed.

37 **"§ 105-129.110. Production credit.**

38 (a) Credit. – A taxpayer that has qualifying expenses of at least fifty thousand dollars
39 (\$50,000) with respect to an interactive digital media production is allowed a credit equal to
40 fifteen percent (15%) of all qualifying expenses of the taxpayer for which the taxpayer has not
41 already claimed a credit under this Article. The credit is computed based on all of the taxpayer's
42 qualifying expenses incurred with respect to the production, not just the qualifying expenses
43 incurred during the taxable year.

44 (b) Limitations. – No credit is allowed under this section for any production that
45 satisfies one of the following conditions:

46 (1) It is gambling or casino games.

47 (2) It is a project done for academic credit.

48 (3) It is a production that is developed internally by the taxpayer for internal use.

49 (4) It is political advertising.

50 (5) It contains material that is obscene, as defined in G.S. 14-190.1, or that is
51 harmful to minors, as defined in G.S. 14-190.13.

1 (6) It is an Internet site that is primarily static and primarily designed to provide
2 information about one or more persons, businesses, companies, or firms.

3 (c) No Double Credit. – A taxpayer that claims a credit under this section may not also
4 claim a credit under Article 3J of this Chapter with respect to jobs whose compensation or
5 wages are included in the calculation of the credit under this section or with respect to business
6 property, the cost of which is included in the calculation of the credit under this section.

7 **"§ 105-129.111. Headquarters credit.**

8 (a) Eligibility. – A taxpayer that is primarily engaged in the production of interactive
9 digital media is eligible for a credit under this section with respect to a company headquarters if
10 the taxpayer creates at least 20 new full-time jobs at the company headquarters within a
11 24-month period and maintains those jobs for at least three years. A taxpayer that meets this job
12 creation requirement is eligible for credits under this section with respect to jobs created during
13 the three taxable years beginning with the year in which the 24-month period in which the job
14 creation requirement is satisfied begins. A taxpayer that creates an additional 20 new full-time
15 jobs at the company headquarters in a 24-month period during a three-year eligibility period
16 does not qualify for any extended eligibility period. However, a taxpayer that creates an
17 additional 20 new full-time jobs at the company headquarters in a 24-month period after the
18 completion of a three-year eligibility period is eligible for credits with respect to the company
19 headquarters for an additional three taxable years beginning in the year in which the additional
20 job creation requirement is satisfied. A job that is a transferred job, as defined in
21 G.S. 105-129.87(e), is not a new job for purposes of this Article.

22 (b) Credit. – A taxpayer that satisfies the eligibility requirement of subsection (a) of this
23 section and has qualifying expenditures related to the production of interactive digital media in
24 this State during the taxable year is eligible for a credit for each new full-time job created at the
25 company headquarters. The credit is equal to five thousand dollars (\$5,000) for each new
26 full-time job. The entire credit is taken in the taxable year in which the job is created.

27 (c) Calculation. – The number of new jobs a taxpayer creates or maintains during the
28 taxable year is determined by subtracting the average number of full-time jobs the taxpayer had
29 in this State during the 12-month period preceding the beginning of the taxable year from the
30 average number of full-time jobs the taxpayer has in this State during the taxable year.

31 (d) Forfeiture. – A taxpayer forfeits a credit allowed under this section if the taxpayer
32 fails to maintain the job for at least three years. A taxpayer that forfeits a credit under this
33 section is liable for all past taxes avoided as a result of the credit plus interest at the rate
34 established under G.S. 105-241.21, computed from the date the taxes would have been due if
35 the credit had not been allowed. The past taxes and interest are due 30 days after the date the
36 credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is
37 subject to the penalties provided in G.S. 105-236.

38 (e) Limitations. – The maximum cumulative credit that may be claimed by a taxpayer
39 under this section is five hundred thousand dollars (\$500,000).

40 (f) No Double Credit. – A taxpayer that claims a credit under this section may not also
41 claim a job creation credit under Article 3J of this Chapter with respect to the same job. The
42 compensation or wages, employee fringe contributions, per diems, stipends, and living
43 allowances for a job for which a credit is claimed under this section for the year for which the
44 credit is claimed may not be used in computing the credit allowed under G.S. 105-129.110."

45 **SECTION 3.2.** If House Bill 1880, 2009 General Assembly, becomes law, then
46 G.S. 105-129.109, as enacted by this act, reads as rewritten:

47 **"§ 105-129.109. Reports.**

48 The Department ~~must publish by May 1 of each year~~ must include in the economic
49 incentives report required by G.S. 105-256 the following information, itemized by credit and
50 taxpayer, for the 12-month period ending the preceding December 31: taxpayer:

- 1 (1) The qualifying expenses for which a credit was claimed, classified by
- 2 whether the expenses were production property or compensation or wages.
- 3 (2) The number of people employed in the State with respect to credits claimed.
- 4 (3) The total cost to the General Fund of the credits claimed."

5 **SECTION 3.3.** This part is effective for taxable years beginning on or after
6 January 1, 2011, and applies to productions commenced on or after that date.

12 "The following definitions apply in this Article:

13 ...

14 (5c) Datacenter. – A facility that provides infrastructure for hosting or data
15 processing services and that has power and cooling systems that are created
16 and maintained to be concurrently maintainable and to include redundant
17 capacity components and multiple distribution paths serving the computer

19 distribution paths serving the computer equipment, a single distribution path
20 may serve the computer equipment at any one time. The facility may be
21 comprised of a structure or series of structures located or to be located (i) on
22 a single parcel of land, (ii) on contiguous parcels of land that are commonly
23 owned or owned by affiliation with the operator of that facility, or (iii) on

35 interrupt or impede other distribution paths.
- 36 c. Redundant capacity components. – Components beyond those
37 required to support the computer equipment.

- 9 content in an easily searchable format. The business may
- 10 provide additional Internet services, including e-mail,
- 11 connections to other Web sites, auctions, news, or other
- 12 content, or may serve as a home base for Internet users.
- 13 b. ~~The facility is comprised of a structure or series of structures located~~

- 19 required under sub-subdivision d. of this subdivision, either an
- 20 enterprise tier one, two, or three area or a development tier one or
- 21 two area pursuant to G.S. 105-129.3 or G.S. 143B-437.08, regardless
- 22 of any subsequent change in county enterprise or development tier
- 23 status.
- 24 d. The Secretary of Commerce has made a written determination that at
- 25 least two hundred fifty million dollars (\$250,000,000) in private

SECTION 4.2. G.S. 105-164.13(55) reads as rewritten:

"(55) Sales of electricity for use at an eligible Internet data center and eligible business property to be located and used at an eligible Internet data center. - b. For the generation, transformation, transmission, distribution, or management of electricity, including exterior substations and other business personal property used for these purposes.
- c. To provide related computer engineering or computer science research.

If the level of investment required by G.S. 105-164.3(8e)d. is not timely made, then the exemption provided under this subdivision is forfeited. If the level of investment required by G.S. 105-164.3(8e)d. is timely made but any specific eligible business property is not located and used at an eligible Internet ~~data center, datacenter,~~ then the exemption provided for ~~such that~~ eligible business property under this subdivision is forfeited. If the level of investment required by G.S. 105-164.3(8e)d. is timely made but any portion of the electricity is not used at an eligible Internet ~~data center, datacenter,~~

1 then the exemption provided for ~~such that~~ electricity under this subdivision
 2 is forfeited. A taxpayer that forfeits an exemption under this subdivision is
 3 liable for all past taxes avoided as a result of the forfeited exemption,
 4 computed from the date the taxes would have been due if the exemption had
 5 not been allowed, plus interest at the rate established under G.S. 105-241.21.
 6 If the forfeiture is triggered due to the lack of a timely investment required
 7 by G.S. 105-164.3(8e)d., then interest is computed from the date the taxes
 8 would have been due if the exemption had not been allowed. For all other
 9 forfeitures, interest is computed from the time as of which the eligible
 10 business property or electricity was put to a disqualifying use. The past taxes
 11 and interest are due 30 days after the date the exemption is forfeited. A
 12 taxpayer that fails to pay the past taxes and interest by the due date is subject
 13 to the provisions of G.S. 105-236."

14 **SECTION 4.3.** G.S. 105-164.14(j) reads as rewritten:

15 "(j) Certain Industrial Facilities. – The owner of an eligible facility is allowed an annual

 22 manufacturing, the owner of the facility creates at least 200
 23 additional jobs, and the business pays an average weekly wage at the
 24 facility equal to or greater than the average wage of the county. In
 25 making the wage calculation, the business must include any jobs that
 26 were filled for at least 1,600 hours during the calendar year.

27 (3) Industries. – This subsection applies to the following industries:

28 ...
 29 i. Paper-from-pulp manufacturing. – Paper-from-pulp manufacturing
 30 means an industry primarily engaged in manufacturing or converting
 31 paper, other than newsprint or uncoated groundwood paper, from

 41 minimum investment within five years after the first refund under this
 42 subsection with respect to the facility or fails to maintain the minimum
 43 number of jobs created with respect to the facility, the facility loses its
 44 eligibility and the owner forfeits all refunds already received under this
 45 subsection. Upon forfeiture, the owner is liable for tax under this Article
 46 equal to the amount of all past taxes refunded under this subsection, plus
 47 interest at the rate established in G.S. 105-241.21, computed from the date
 48 each refund was issued. The tax and interest are due 30 days after the date of
 49 the forfeiture. A person that fails to pay the tax and interest is subject to the
 50 penalties provided in G.S. 105-236.

 49 **SECTION 8.1.** Chapter 143 of the General Statutes is amended by adding a new
 50 section to read:

1 "§ 143-131.1. Small project bidding by State agencies, boards, commissions, and

23 awarded a State contract for goods or services by providing their total
24 catalogue for lines of equipment and attachments to eligible purchasers,
25 including State agencies, departments, institutions, public school districts,
26 political subdivisions, and higher education facilities.
- 27 (2) A multiple award schedule contract allows multiple vendors to compete and
28 be awarded a contract based upon the value of their products or services.
- 29 (3) A properly administered multiple award schedule contract allows the State to
30 evaluate vendors based on a variety of factors, including discounts, total life
31 cycle costs, service, warranty, distribution channel, and past vendor
32 performance.
- 33 (4) Under appropriate circumstances, multiple award schedule contracts result in
34 competitive pricing, transparency, administrative savings, expedited
35 procurement, and flexibility for State purchasers.
