"(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-30. Provided, a distributee includes an employee or former employee. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any

portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code."

**SECTION 3.(j)** G.S. 128-27(a1) reads as rewritten:

"(a1) Early Service Retirement Benefits. – Any member may retire and receive a reduced retirement allowance upon written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than ~~90~~ 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 50 years and have at least 20 years of creditable service."

If an applicant for disability retirement fails to furnish requested additional medical information within 90 days following such request, the application shall be declared null and void under the same conditions outlined above, unless the applicant is eligible for early or service retirement in which case the application shall be processed accordingly, using the same effective date as would have been used had the application for disability retirement been approved. The Director of the Retirement Systems Division, acting on behalf of the Board of Trustees, may extend the 90-day limitation provided for in this section when a member has suffered incapacitation such that a reasonable person would not have expected the member to be able to complete the required paperwork within the regular deadline, or when an omission by the Retirement Systems Division prevents the member from having sufficient time to meet the regular deadline."

**SECTION 4.(b)** G.S. 135-10.1 reads as rewritten:

**"§ 135-10.1. Failure to respond.**

The Director of the Retirement Systems Division, acting on behalf of the Board of Trustees, may extend the 90-day limitation provided for in this section when a member has suffered incapacitation such that a reasonable person would not have expected the member to be able to complete the required paperwork within the regular deadline, or when an omission by the Retirement Systems Division prevents the member from having sufficient time to meet the regular deadline."

**SECTION 5.(a)** G.S. 135-5(g) reads as rewritten:

"(g) Election of Optional Allowance. – With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the options set forth below. The election of Option 2 or Option 3 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or until the first retirement check has been cashed. Such election may be revoked by the member prior to the date the first payment becomes normally due or until his first retirement check has been cashed. Provided, however, in the event a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Options 2, 3, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option.

Option 1.(a) In the Case of a Member Who Retires prior to July 1, 1963. – If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

(b) In the Case of a Member Who Retires on or after July 1, 1963, but prior to July 1, 1993. – If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120 thereof for each month for which he has received a retirement allowance payment, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees;  
or

Option 2. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly

acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option 3. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option 4. Adjustment of Retirement Allowance for Social Security Benefits. – Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, upon application therefor, to receive a social security benefit.

Option 5. For Members Retiring Prior to July 1, 1993. – The member may elect to receive a reduced retirement allowance under the conditions of Option 2 or Option 3, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120 thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option 6. A member may elect either Option 2 or Option 3 with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

Upon the death of a member after the effective date of a retirement for which the member has been approved and following receipt by the Board of Trustees of an election of benefits but prior to the cashing of the first benefit check, the retirement benefit shall be payable as provided by the member's election of benefits under this subsection.

Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is named for the return of accumulated contributions. If more than one beneficiary is named for the return of accumulated contributions, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries."

**SECTION 5.(b)** G.S. 135-5(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the

Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate."

**SECTION 5.(c)** G.S. 135-5(m) reads as rewritten:

"(m) Survivor's Alternate Benefit. – Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option 2 of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that the following conditions apply:

- (1) a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance,
- b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 135-5(b19)(1)b. or G.S. 135-5(b19)(2)c., notwithstanding the requirement of obtaining age 50, or
- c. The member had not commenced to receive a retirement allowance as provided under this Chapter.
- (2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who was living at the time of his death.
- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (l) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to

the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase. The term "in service" as used in this subsection includes a member in receipt of a benefit under the Disability Income Plan as provided in Article 6 of this Chapter.

Notwithstanding the foregoing, a member who is in receipt of Workers' Compensation during the period for which the member would have otherwise been eligible to receive short-term benefits, as provided in G.S. 135-105, and who dies on or after 181 days from the last day of the member's actual service but on or before the date the benefits as provided in G.S. 135-105 would have ended, shall be considered in service at the time of the member's death for the purpose of this benefit.

For the purpose of calculating this benefit, any terminal payouts made after the date of death that meet the definition of compensation shall be credited to the month prior to the month of death. These terminal payouts do not include salary or wages paid for work performed during the month of death."

**SECTION 5.(d)** G.S. 128-27(g) reads as rewritten:

"(g) Election of Optional Allowance. – With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the Options set forth below. The election of Option two or Option three or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or the first retirement check has been cashed. Such election may be revoked by the member prior to the date the first payment becomes normally due or his first retirement check has been cashed. Provided, however, in the event a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is named for the return of accumulated contributions. If more than one beneficiary is named for the return of accumulated contributions, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries."

**SECTION 5.(e)** G.S. 128-27(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 128-26, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above, and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate."

**SECTION 5.(f)** G.S. 128-27(m) reads as rewritten:

"(m) Survivor's Alternate Benefit. – Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option two of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that all three of the following conditions apply:

- (1) a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance, or
- b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 128-27(b21)(1)b. or G.S. 128-27(b21)(2)c., notwithstanding the requirement of obtaining age 50, or
- c. The member had not commenced to receive a retirement allowance as provided under this Chapter.
- (2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who is living at the time of his death.
- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection apply.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (l) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase.

For the purpose of calculating this benefit, any terminal payouts made after the date of death that meet the definition of compensation shall be credited to the month prior to the month of death. These terminal payouts do not include salary or wages paid for work performed during the month of death."

**SECTION 6.(a)** G.S. 135-5(l) reads as rewritten:

"(1) Death Benefit Plan. – There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;
- (3), (4) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2.

subject to a minimum of twenty-five thousand dollars (\$25,000) and to a maximum of fifty thousand dollars (\$50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (1) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After December 31, 1968 and after he has attained age 70; or
- (2) After December 31, 1969 and after he has attained age 69; or
- (3) After December 31, 1970 and after he has attained age 68; or
- (4) After December 31, 1971 and after he has attained age 67; or
- (5) After December 31, 1972 and after he has attained age 66; or

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund qualified under Section 501(c)(9) of the Internal Revenue Code of 1954, as amended, for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:

When a participant's employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, and the participant does not return immediately after that service to employment with a covered employer in this System, the date on which the participant was first eligible to be separated or released from his or her involuntary military service.
- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).
- (4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars (\$25,000) nor to exceed fifty thousand dollars (\$50,000).

The basis of the death benefit payable hereunder shall be the higher of the death benefit computed as above or a death benefit based on compensation used in computing the benefit payable under G.S. 135-105 and G.S. 135-106, as may be adjusted for percentage post-disability increases, all subject to the maximum dollar limitation as provided above. **SECTION 6.(b)** G.S. 128-27(1) reads as rewritten:

**SECTION 7.(a)** G.S. 135-8(b2) reads as rewritten:

"(b2) **Retroactive Adjustment in Compensation or an Underreporting of Compensation.** – A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity in which the aggrieved member or beneficiary is granted a promotion retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation, after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

- (1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or
- (2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) for reasons other than a wrongfully denied promotional opportunity where the member is promoted retroactively."

**SECTION 7.(b)** G.S. 128-30(b2) reads as rewritten:

"(b2) **Retroactive Adjustment in Compensation or an Underreporting of Compensation.** – A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity in which the aggrieved member or beneficiary is granted a promotion retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

- (1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or
- (2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), for reasons other than a wrongfully denied promotional opportunity where the member is promoted retroactively."

**SECTION 8.(a)** G.S. 135-3(8) is amended by adding a new sub-subdivision to read:

"c1. Within 90 days of the end of each month in which a beneficiary is reemployed under the provisions of sub-subdivision c. of this subdivision, each employer shall provide a report for that month on each reemployed beneficiary, including the terms of the reemployment, the date of the reemployment, and the amount of the monthly compensation. If such a report is not received within the required 90 days, the Board shall assess the employer with a penalty of ten percent (10%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer did not report the reemployed beneficiaries, with a minimum penalty of twenty-five dollars (\$25.00)."

**SECTION 8.(b)** G.S. 128-24(5) is amended by adding a new sub-subdivision to read:

If such a report is not received within the required 90 days, the Board shall assess the employer with a penalty of ten percent (10%) of the compensation of the unreported reemployed beneficiaries during the months for which the employer did not report the reemployed beneficiaries, with a minimum penalty of twenty-five dollars (\$25.00)."

Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the Board of Trustees, on the first day of any calendar month, not less than one day nor more than 120 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the medical board shall not certify any member as disabled who:

- (1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or
- (2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued at age 65.

Notwithstanding the requirement of five or more years of creditable service to the contrary, a member who is a law-enforcement officer and who has had one year or more of creditable service and becomes incapacitated for duty as the natural and proximate result of an accident occurring while in the actual performance of duty, and meets all other requirements for disability retirement benefits, may be retired by the Board of Trustees on a disability retirement allowance.

Notwithstanding the foregoing to the contrary, any beneficiary who commenced retirement with an early or service retirement benefit has the right, within three years of his retirement, to convert to an allowance with disability retirement benefits without modification of any election of optional allowance previously made; provided, the beneficiary presents clear and convincing evidence that the beneficiary would have met all applicable requirements for disability retirement benefits while still in service as a member. The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

Notwithstanding the foregoing, the surviving designated beneficiary of a deceased member who met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was to be due and payable, may elect to receive the reduced retirement allowance provided by a ~~fifty percent (50%)~~ one hundred percent (100%) joint and survivor payment option in lieu of a return of accumulated contributions, provided the following conditions apply:

- (1) The member had designated as the principal beneficiary, to receive a return of accumulated contributions at the time of his death, one and only one person, and
- (2) The member had not instructed the Board of Trustees in writing that he did not wish the provision of this subsection to apply."

**SECTION 10.** G.S. 127A-40(b) reads as rewritten:

"(b) Payment to a retired member of the North Carolina national guard under the provisions of this section will cease at the death of the individual and no payment will be made to beneficiaries or to the decedent's ~~estate.~~ estate, except that the legal representative of a retired member who dies shall be entitled to a full check for the month in which the death occurred."

The amount of any such retirement allowance shall be equal to one half of the amount of the retirement allowance to which the member would have been entitled had he retired under the provisions of G.S. 135-57(a) on the first day of the calendar month coinciding with or next following his date of death, reduced by two percent (2%) thereof for each full year, if any, by which the age of the member at his date of death exceeds that of his spouse. If the retirement allowance to the spouse shall terminate on the remarriage or death of the spouse before the total of the retirement allowance payments made equals the amount of the member's accumulated contributions at date of death, the excess of such accumulated contributions over the total of the retirement allowances paid to the spouse shall be paid in a lump sum to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due, otherwise to the former member's legal representatives."

For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement

Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate."

**SECTION 11.(g)** G.S. 135-5(1), as amended by Section 6(a) of this act, reads as rewritten:

"(1) Death Benefit Plan. – There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as he shall have nominated by electronic submission prior to completing 10 years of service in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;
- (3),(4) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2.

subject to a minimum of twenty-five thousand dollars (\$25,000) and to a maximum of fifty thousand dollars (\$50,000). Such death benefit shall be payable apart and separate from the

payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (l) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After December 31, 1968 and after he has attained age 70; or
- (2) After December 31, 1969 and after he has attained age 69; or
- (3) After December 31, 1970 and after he has attained age 68; or
- (4) After December 31, 1971 and after he has attained age 67; or
- (5) After December 31, 1972 and after he has attained age 66; or
- (6) After December 31, 1973 and after he has attained age 65; or
- (7) After December 31, 1978, but before January 1, 1987, and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund qualified under Section 501(c)(9) of the Internal Revenue Code of 1954, as amended, for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months or, if less, the period covered by an annual contract of employment. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:
  - a. When employment has been terminated, the last day the member actually worked.
  - b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire, unless he is on approved leave of absence and is in service under the provisions of G.S. 135-4(h).
  - c. When a participant's employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, and the participant does not return immediately after that service to employment with a covered employer in this System, the date on which the participant was first eligible to be separated or released from his or her involuntary military service.
- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).
- (4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General

Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars (\$25,000) nor to exceed fifty thousand dollars (\$50,000).

The basis of the death benefit payable hereunder shall be the higher of the death benefit computed as above or a death benefit based on compensation used in computing the benefit payable under G.S. 135-105 and G.S. 135-106, as may be adjusted for percentage post-disability increases, all subject to the maximum dollar limitation as provided above. A member in receipt of benefits from the Disability Income Plan under the provisions of G.S. 135-112 whose right to a benefit accrued under the former Disability Salary Continuation Plan shall not be covered under the provisions of this paragraph.

This death benefit shall be a lump-sum payment in the amount of six thousand dollars (\$6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

This death benefit shall be a lump-sum payment in the amount of nine thousand dollars (\$9,000) upon the completion of 24 months of contributions required under this subsection.
