Short Title: Changes for Bonds Authorized Under ARRTA.

1 A BILL TO BE ENTITLED
2 AN ACT TO AMEND THE NORTH CAROLINA GENERAL STATUTES TO ALLOW THE
3 STATE TO TAKE FULL ADVANTAGE OF THE EXPANSION OF EXISTING BOND
4 PROGRAMS AND THE CREATION OF NEW BOND PROGRAMS UNDER THE
5 AMERICAN RECOVERY AND REINVESTMENT TAX ACT OF 2009 (ARRTA).

6 The General Assembly of North Carolina enacts:

7 **SECTION 1.** Article 34B of Chapter 115C of the General Statutes reads as
8 rewritten:

9 "Article 34B.

10 "Qualified Zone Academy ~~Bonds~~ Bonds and Qualified School Construction Bonds.

11 "**§ 115C-489.5. Qualified zone academy ~~bonds~~; bonds and qualified school construction**
12 **bonds; findings.**

13 The General Assembly finds:

- 14 (1) Section 226 of the Taxpayer Relief Act of 1997, as codified at ~~26 U.S.C. §~~
15 ~~1397E~~, 26 U.S.C. § 54E, provides funds for school improvements through
16 taxable qualified zone academy bonds. Ninety-five percent (95%) or more of
17 the proceeds of a qualified zone academy bond issue must be used for a
18 qualified purpose with respect to a qualified zone academy established by an
19 eligible local education agency.
- 20 (2) Partnerships between private entities and local schools are promoted through
21 the use of qualified zone academy bonds. Issuers must certify that they have
22 received written commitments from one or more private entities to make
23 qualified contributions valued at ten percent (10%) of the proceeds of the
24 issue.
- 25 (2a) Section 1521, et seq., of the American Recovery and Reinvestment Tax Act
26 of 2009 (ARRTA), enacted as 26 U.S.C. § 54F, provides a new source of
27 funds for construction, rehabilitation, or repair of public school facilities or
28 for acquisition of land for public school facilities through the issuance of
29 qualified school construction bonds.
- 30 (3) Eligible taxpayers may receive federal tax credits for holding the qualified
31 zone academy ~~bonds~~ bonds or qualified school construction bonds. It is
32 intended that the qualified zone academy bonds and qualified school
33 construction bonds be sold at ~~par value~~ a price so that the tax credits
34 received ~~are instead~~ produce the economic equivalent of interest that
35 otherwise would have been paid on the bonds. Therefore, issuers of qualified
36 zone academy bonds or qualified school construction bonds are obligated to

1 repay the principal amount of the qualified zone academy bonds or qualified
2 school construction bonds but need not make interest payments.

- 3 (4) Applicable federal law limits the amount of qualified zone academy bonds
4 and qualified school construction bonds that may be issued in North
5 Carolina in a calendar year. The amount of qualified school construction
6 bonds that may be issued in the State is divided between amounts
7 specifically designated for identified local school districts pursuant to
8 ARRTA ("local allocation") and amounts allocated to the entire State for use
9 throughout the State ("statewide allocation").

10 **"§ 115C-489.6. Administration; consultation; issuance of bonds.**

11 (a) ~~State Board of Education to Administer QZAB Program.~~ – The State Board of
12 Education is designated the State education agency responsible for administering the qualified
13 zone academy bond program in North Carolina for the purposes of ~~26 U.S.C. § 1397E.26~~
14 U.S.C. § 54E. The State Board of Education shall perform all activities required to implement
15 and carry out the qualified zone activity bond program in North Carolina. Those activities
16 include:

17 ...

18 (a1) Qualified School Construction Bond Program. – The State Board of Education is
19 designated the State education agency responsible for administering the statewide allocation of
20 authority to issue qualified school construction bonds under 26 U.S.C. § 54F. The State Board
21 of Education shall perform all activities required to implement and carry out the statewide
22 allocation for the qualified school construction bond program in North Carolina. Those
23 activities include:

- 24 (1) Designing an application process under which proposals may be solicited
25 from issuers wishing to issue qualified school construction bonds pursuant to
26 the statewide allocation.
27 (2) Awarding the State's allocation of total funds among selected applicants and
28 establishing conditions upon the usage of the allocation. These conditions
29 may include:
30 a. Requiring that the bond proceeds be used for purposes permitted
31 under 26 U.S.C. § 54F.
32 b. Conditions designed to assure that the allocation is used in a timely
33 manner and that the allocations are made in accordance with the
34 requirements of federal statutes, regulations, and rulings.
35 (3) Confirming that the terms of any qualified school construction bonds issued
36 in accordance with this program are consistent with the terms of the federal
37 program.
38 (4) Acting as the State entity designated to receive notice from any local school
39 district that it will not utilize its local allocation so that the unused resource
40 will become part of the statewide allocation. Local school districts receiving
41 a local allocation are hereby directed to coordinate the use of such allocation
42 with the State Board of Education so that any local allocation that will not be
43 used by the local school district becomes eligible for use as part of the
44 statewide allocation.

45 (b) Assistance. – The Department of Public Instruction shall provide the State Board of
46 Education any support it requires in carrying out this section.

47 (c) Consultation. – In reviewing applications and awarding allocations, the State Board
48 of Education shall consult with the Local Government Commission to determine whether a
49 prospective issuer of qualified zone academy bonds or qualified school construction bonds is
50 able to issue or incur marketable obligations.

1 (d) Issuance of Bonds. – Any ~~bonds designated as~~ qualified zone academy bonds or
2 qualified school construction bonds may be issued pursuant to the applicable provisions of and
3 in compliance with the Local Government Bond Act, Article 4 of Chapter 159 of the General
4 Statutes, or pursuant to the applicable provisions of and in compliance with G.S. 160A-20, to
5 the extent authorized by G.S. 153A-158.1. As provided in G.S. 159-123(b), ~~bonds designated~~
6 ~~as~~ qualified zone academy bonds or qualified school construction bonds to be issued pursuant
7 to the Local Government Bond Act may be sold by the Local Government Commission at
8 private sale."

9 **SECTION 2.** G.S. 143-433.6 is amended by adding two new subsections to read:

10 "(c) The General Assembly further finds and determines that section 1400U-3 of the
11 American Recovery and Reinvestment Tax Act of 2009 (ARRTA) added a new type of exempt
12 facility bond called "recovery zone facility bonds" to be used to finance construction,
13 renovation, and equipping of recovery zone property for use in any trade or business in a
14 recovery zone, all as defined in ARRTA, and a new type of governmental bond called
15 "recovery zone economic development bonds." The ARRTA provides a formula for allocation
16 of authority to issue recovery zone facility bonds and recovery zone economic development
17 bonds to the states and by which the authority is to be reallocated by the State to counties and
18 large municipalities within the State.

19 (d) The General Assembly further finds and determines that section 54D of the Internal
20 Revenue Code of 1986, as amended, permits the issuance of tax credit bonds called "qualified
21 energy conservation bonds" (QECBs), the proceeds of which must be used for certain energy
22 conservation purposes enumerated in section 54D. Section 54D and ARRTA provide a national
23 bond limitation for the issuance of QECBs, and the Treasury Department has allocated that
24 authority among the states. Under section 54D, the United States is required to reallocate the
25 authority to issue QECBs to the counties and large local governments within the states based on
26 population, in accordance with the guidelines provided by the Treasury Department, and to
27 assure that not more than thirty percent (30%) of the QECBs issued in a state are used for
28 private activity bonds, as defined in section 54D."
