12 filed under Article 8B of this Chapter.

13 **"§ 105-129.102. Reduction for qualified equity investment.**

14 (a) An entity that makes a qualified equity investment is vested with an earned credit  
15 against tax liability that may be utilized as follows:

16 (1) On each credit allowance date of such qualified equity investment, the entity or  
17 subsequent holder of the qualified equity investment shall be entitled to utilize a  
18 portion of the credit during the taxable year, including the credit allowance  
19 date.

20 (2) The credit reduction amount is equal to the applicable percentage for the credit  
21 allowance date multiplied by the purchase price paid.

22 (b) The amount of the credit claimed by an entity shall not exceed the amount of such  
23 entity's State tax liability for the tax year for which the credit is claimed. Any amount of tax credit  
24 that the entity is prohibited from claiming in a taxable year as a result of this section may be  
25 carried forward for use for five years.

26 **"§ 105-129.103. Restrictions on transfer.**

27 No tax credit may be sold or transferred, except to an affiliate. Tax credits earned by or  
28 allocated to a partnership, limited liability company, corporation, or other pass-through entity may  
29 be allocated to the partners, members, or shareholders of such entity for their direct use in  
30 accordance with the provisions of any agreement among such partners, members, or shareholders,  
31 provided the qualified community development entity provides notice to the Department of the  
32 allocation.

33 **"§ 105-129.104. Application and award.**

34 (a) A qualified community development entity that seeks to have an equity investment  
35 designated as a qualified equity investment and eligible for tax credits under this Article shall  
36 apply to the Department on a form prescribed by the Department. The form shall include each of  
37 the following:

38 (1) Evidence of the applicant's certification as a qualified community development  
39 entity, including evidence that North Carolina is included in the service area of  
40 the entity.

41 (2) A copy of the allocation agreement executed by the applicant or its controlling  
42 entity and the Community Development Financial Institutions Fund.

43 (3) A certificate executed by an executive officer of the applicant attesting that the  
44 allocation agreement remains in effect and has not otherwise been revoked or  
45 cancelled by the Community Development Financial Institutions Fund.

46 (b) Within 30 days after receipt of a completed application containing the information set  
47 forth in subsection (a) of this section, the Department shall grant or deny the application in full or  
48 in part. If the Department denies any part of the application, it shall inform the qualified  
49 community development entity of the grounds for the denial and the qualified community  
50 development entity shall have 15 days from the notice of denial to correct the application. If the

1 qualified community development entity fails to correct its application within the 15-day period,  
2 the application remains denied and must be resubmitted in full with a new submission date.

3 (c) If the application is granted, the Department shall certify the proposed equity  
4 investment as a qualified equity investment that is eligible for tax credits under this Article in  
5 writing, subject to the limitations provided in subsection (e) of this section.

6 (d) The Department shall certify qualified equity investments in the order in which  
7 applications are received by the Department. Applications received on the same day shall be  
8 deemed to have been received simultaneously. For applications that are complete and received on  
9 the same day, the Department shall certify, consistent with remaining qualified equity investment  
10 capacity, qualified equity investments in proportionate percentages based upon the ratio of the  
11 amount of qualified equity investment requested in an application to the total amount of qualified  
12 equity investments requested in all applications received on the same day.

13 (e) A total of one hundred million dollars (\$100,000,000) in qualified equity investment  
14 authority pursuant shall be available for certification and allocation each fiscal year. The  
15 Department shall accept applications beginning on November 1, 2016, and each November 15  
16 thereafter, for allocation and certification up to the limitation provided in this subsection. If a  
17 pending request cannot be fully certified due to the limitation provided in this subsection, the  
18 Department shall certify the portion that may be certified unless the qualified community  
19 development entity elects to withdraw its request rather than receive partial certification.

20 (f) An approved applicant may transfer all or a portion of its certified qualified equity  
21 investment authority to its controlling entity or any qualified community development entity that  
22 is controlled by or under common control with the applicant, by providing notice to the  
23 Department in writing, and the Department shall acknowledge such transfer in writing.

24 (g) Within 30 days of receiving certification of qualified equity investment authority, the  
25 qualified community development entity shall issue the qualified equity investment, receive cash  
26 in the amount of the certified amount, and designate an amount equal to the certified amount as a  
27 federal qualified equity investment with the Community Development Financial Institutions Fund.  
28 The qualified community development entity shall provide the Department with evidence of the  
29 receipt of the cash investment and designation of the qualified equity investment as a federal  
30 qualified equity investment within five business days after receipt. If the qualified community  
31 development entity does not receive the cash investment or designate the equity investment as a  
32 federal qualified equity investment within 30 days following receipt of the certification notice, the  
33 certification shall lapse and the entity may not issue the qualified equity investment without  
34 reapplying to the Department for certification. Lapsed certifications revert back to the Department  
35 and shall be reissued, first, pro rata to other applicants whose qualified equity investment  
36 allocations were reduced pursuant to subsection (d) of this section and thereafter in accordance  
37 with the application process.

38 **"§ 105-129.105. Recapture.**

39 The Department shall recapture and revoke the tax credit allowed pursuant to this Article if  
40 any of the following occur:

41 (1) Any amount of a federal tax credit available with respect to a qualified equity  
42 investment that is eligible for a credit under this Article is recaptured under  
43 Section 45D of the Code. In such case, the recapture by the Department of  
44 Insurance shall be proportionate to the federal recapture with respect to such  
45 qualified equity investment.

46 (2) The qualified community development entity fails to make qualified  
47 low-income community investments in an amount equal to the purchase price in  
48 North Carolina non-real estate qualified active low-income community  
49 businesses within 12 months of the issuance of the qualified equity investment  
50 with at least seventy-five percent (75%) of its qualified equity investment

1 authority initially invested in qualified active low-income community  
2 businesses whose principal business operations are located in rural areas.  
3 (3) After satisfying subdivision (2) of this section, the qualified community  
4 development entity fails to maintain qualified low-income community  
5 investments in North Carolina non-real estate qualified active low-income  
6 community businesses equal to one hundred percent (100%) of its qualified  
7 equity investment authority until the last credit allowance date for the qualified  
8 equity investment.

9 For purposes of this Article, an investment shall be considered held by a qualified community  
10 development entity even if the investment has been sold or repaid if the qualified community  
11 development entity reinvests an amount equal to the capital returned to or recovered by the  
12 qualified community development entity from the original investment, exclusive of any profits  
13 realized, in another qualified low-income community investment within 12 months of the receipt  
14 of such capital. Periodic amounts received during a calendar year as repayment of principal on a  
15 loan that is a qualified low-income community investment shall be treated as continuously  
16 invested in a qualified low-income community investment if the amounts are reinvested in another  
17 qualified low-income community investment by the end of the following calendar year. A  
18 qualified community development entity shall not be required to reinvest capital returned from  
19 qualified low-income community investments after the sixth anniversary of the issuance of the  
20 qualified equity investment, and the qualified low-income community investment shall be  
21 considered held by the qualified community development entity through the seventh anniversary  
22 of the qualified equity investment.

23 **"§ 105-129.106. Cure period.**

24 Enforcement of the recapture provisions of G.S. 105-129.105 of this Article shall be subject to  
25 a six-month cure period. No recapture shall occur until the qualified community development  
26 entity has been given notice of noncompliance by the Department of Insurance and afforded six  
27 months from the date of such notice to cure the noncompliance.

28 **"§ 105-129.107. Retaliatory tax treatment.**

29 An entity claiming a credit under this Article is not required to pay any additional retaliatory  
30 tax levied under G.S. 105-228.8 as a result of claiming the credit. It is the intent of the General  
31 Assembly that an entity claiming a reduction under this Article is not required to pay any  
32 additional tax that may arise as a result of claiming that reduction.

33 **"§ 105-129.108. Annual report.**

34 (a) Qualified community development entities that issue qualified equity investments shall  
35 submit a report to the Department within the first five business days after the first anniversary of  
36 the initial credit allowance date that provides documentation of the investment of the full amount  
37 of the purchase price in qualified low-income community investments in qualified active  
38 low-income community businesses located in North Carolina. The report shall include all of the  
39 following:

- 40 (1) A bank statement of such qualified community development entity evidencing  
41 each qualified low-income community investment.
- 42 (2) Evidence that such business was a qualified active low-income community  
43 business located at the time of such qualified low-income community  
44 investment.
- 45 (3) Evidence that the qualified community development entity invested at least  
46 seventy-five percent (75%) of the purchase price in qualified active low-income  
47 community businesses located in rural areas.

48 (b) Thereafter, the qualified community development entity will submit an annual report to  
49 the Department with 45 days of the beginning of the calendar year during the compliance period.  
50 No annual report shall be due prior to the first anniversary of the initial credit allowance date. The  
51 report shall include, but is not limited to, the following:

1           (1) Number of employment positions created and retained as a result of qualified  
2           low-income community investments.

3           (2) Average annual salary of positions described in subdivision (1) of this  
4           subsection.

5           (c) The qualified community development entity is not required to provide the annual  
6 report set forth in subsection (b) of this section for qualified low-income community investments  
7 that have been redeemed or repaid.

8 **"§ 105-129.109. Rules; advisory letters.**

9           The Department may promulgate rules and issue advisory letters under this Article. The  
10 Department shall look for guidance in rule making and issuing guidelines from Section 45O of the  
11 Code and the rules and regulations issued thereunder.

12 **"§ 105-129.110. New capital requirement.**

13           No qualified active low-income community business that receives a qualified low-income  
14 community investment from a qualified community development entity that issues qualified equity  
15 investments under this Article, or any affiliates of such a qualified active low-income community  
16 business, may directly or indirectly (i) own or have the right to acquire an ownership interest in a  
17 qualified community development entity or member or affiliate of a qualified community  
18 development entity, including, but not limited to, a holder of a qualified equity investment issued  
19 by the qualified community development entity, or (ii) loan to or invest in a qualified community  
20 development entity or member or affiliate of a qualified community development entity, including,  
21 but not limited to, a holder of a qualified equity investment issued by a qualified community  
22 development entity, where the proceeds of such loan or investment are directly or indirectly used  
23 to fund or refinance the purchase of a qualified equity investment hereunder. For purposes of this  
24 Article, a qualified community development entity shall not be considered an affiliate of a  
25 qualified active low-income community business solely as a result of its qualified low-income  
26 community investment in such business.

27 **"§ 105-129.111. Net benefit test.**

28           Prior to making a qualified low-income community investment, a qualified community  
29 development entity shall provide a revenue impact assessment prepared using a nationally  
30 recognized third-party independent economic forecasting method and that projects State and local  
31 tax revenue to be generated by project that receives qualified low-income community investment  
32 will result in a positive economic impact over a 10-year period that exceeds one hundred ten  
33 percent (110%) of the cumulative amount of tax credits the qualified low-income community  
34 investment will generate. The Department shall have 15 days to review the assessment and  
35 provide notice of approval. Any assessment not approved or denied within 15 days shall be  
36 deemed approved. The requirements of this section shall not apply to any reinvestments that may  
37 be required with respect to capital returned or repaid from a qualified community development  
38 entity's initial qualified low-income community investments."

39           **SECTION 2.(b)** This Part becomes effective July 1, 2016, and applies to qualified  
40 equity investments made on or after that date.

46 demands on such funds. The State Treasurer may invest the funds as provided in this subsection. If  
47 an investment was authorized by this subsection at the time the investment was made or  
48 contractually committed to be made, then that investment shall continue to be authorized by this  
49 subsection, and none of the percentage or other limitation on investments set forth in this  
50 subsection shall be construed to require the State Treasurer to subsequently dispose of the  
51 investment or fail to honor any contractual commitments as a result of changes in market values,

1 ratings, or other investment qualifications. For purposes of computing market values on which  
 2 percentage limitations on investments in this subsection are based, all investments shall be valued  
 3 as of the last date of the most recent fiscal quarter.
