The applicant shall attach to the application the following:

(1) An affidavit by the petitioner that the petitioner has been of good behavior during the period of probation since the decision to defer further proceedings on the misdemeanor in question and has not been convicted of any felony or misdemeanor other than a traffic or boating violation under the laws of the United States or the laws of this State or any other state;

Administrative Office of the Courts. The application shall be forwarded to the Department of Public Safety and to the Administrative Office of the Courts, which shall conduct the searches and report their findings to the court.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the probationary period deemed desirable.

If the court determines, after hearing, that such person was discharged and the proceedings against the person dismissed and that he or she was not over 21 years of age at the time of the offense, it shall enter such order. The effect of such order shall be to restore such person in the contemplation of the law to the status the person occupied before such arrest or indictment or information. No person as to whom such order was entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of the person's failures to recite or acknowledge such arrest, or indictment or information, or trial in response to any inquiry made of him or her for any purpose.

The court shall also order that all records of the proceeding be expunged from the records of the court and direct all law enforcement agencies bearing records of the same to expunge their records of the proceeding. The clerk shall notify State and local agencies of the court's order as provided in G.S. 15A-15.

…

(c) Whenever any person who has not previously been convicted of an offense under Article 5 or 5A of Chapter 90 of the General Statutes or under any statute of the United States or any state relating to controlled substances included in any schedule of Article 5 of Chapter 90 of the General Statutes or to that paraphernalia included in Article 5B of Chapter 90 of the General Statutes pleads guilty to or has been found guilty of a misdemeanor under Article 5A of Chapter 90 of the General Statutes, the court may, upon application of the person not sooner than 12 months after conviction, order cancellation of the judgment of conviction and expunction of the records of the person's arrest, indictment or information, trial, and conviction. A conviction in which the judgment of conviction has been cancelled and the records expunged pursuant to this subsection shall not be thereafter deemed a conviction for purposes of this subsection or for purposes of disqualifications or liabilities imposed by law upon conviction of a crime, including the additional penalties imposed for second or subsequent convictions of violation of Article 5A of Chapter 90 of the General Statutes. Cancellation and expunction under this subsection may occur only once with respect to any person. Disposition of a case under this subsection at the district court division of the General Court of Justice shall be final for the purpose of appeal.

The granting of an application filed under this subsection shall cause the issue of an order to expunge from all official records, other than the confidential files retained under G.S. 15A-151, all recordation relating to the person's arrest, indictment or information, trial, finding of guilty, judgment of conviction, cancellation of the judgment, and expunction of records pursuant to this subsection.

The judge to whom the petition is presented is authorized to call upon a probation officer for additional investigation or verification of the petitioner's conduct since conviction. expunction of the petitioner's court record. The effect of such order shall be to restore the petitioner in the contemplation of the law to the status he occupied before such arrest or indictment or information or conviction. No person as to whom such order was entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of the person's failures to recite or acknowledge such arrest, or indictment or information, or conviction, or trial in response to any inquiry made of him or her for any purpose. The judge may waive the condition that the petitioner attend the drug education school if the judge makes a specific finding that there was no drug education school within a reasonable distance of the defendant's residence or that there were specific extenuating circumstances which made it likely that the petitioner would not benefit from the program of instruction.

The clerk shall notify State and local agencies of the court's order as provided in G.S. 15A-150.

PART IV. ENVIRONMENTAL AND NATURAL RESOURCES REGULATION

ENVIRONMENTAL SELF-AUDIT PRIVILEGE AND LIMITED IMMUNITY

SECTION 4.1.(a) Chapter 8 of the General Statutes is amended by adding a new Part to read:

"Part 7D. Environmental Audit Privilege and Limited Immunity.

"**§ 8-58.50. Purpose.**

(a) In order to encourage owners and operators of facilities and persons conducting activities regulated under those portions of the General Statutes set forth in G.S. 8-58.52, or conducting activities regulated under other environmental laws, to conduct voluntary internal environmental audits of their compliance programs and management systems and to assess and improve compliance with statutes, an environmental audit privilege is recognized to protect the confidentiality of communications relating to voluntary internal environmental audits.

(b) Notwithstanding any other provisions of law, nothing in this Part shall be construed to protect owners and operators of facilities and regulated persons from a criminal investigation or prosecution carried out by any appropriate governmental entity.

(c) Notwithstanding any other provision of law, any privilege granted by this Part shall apply only to those communications, oral or written, pertaining to and made in connection with the environmental audit and shall not apply to the facts relating to the violation itself.

"**§ 8-58.51. Definitions.**

The following definitions apply in this Part:

(1) "Department" means the Department of Environment and Natural Resources.

(2) "Enforcement agencies" means the Department, any other agency of the State, and units of local government responsible for enforcement of environmental laws.

(3) "Environmental audit" means a voluntary, internal evaluation or review of one or more facilities or an activity at one or more facilities regulated under federal, State, regional, or local environmental law, or of compliance programs, or management systems related to the facility or activity if designed to identify and prevent noncompliance and to improve compliance with these laws. For the purposes of this Part, an environmental audit does

not include an environmental site assessment of a facility conducted solely in anticipation of the purchase, sale, or transfer of the business or facility. An environmental audit may be conducted by the owner or operator, the parent corporation of the owner or operator or by their officers or employees, or by independent contractors. An environmental audit must be a discrete activity with a specified beginning date and scheduled ending date reflecting the auditor's bona fide intended completion schedule.

(4) "Environmental audit report" means a document marked or identified as such with a completion date existing either individually or as a compilation prepared in connection with an environmental audit. An environmental audit report may include field notes and records of observations, findings, opinions, suggestions, recommendations, conclusions, drafts, memoranda, drawings, photographs, computer-generated or electronically-recorded information, maps, charts, graphs, and surveys, provided the supporting information is collected or developed for the primary purpose and in the course of an environmental audit. An environmental audit report, when completed, may include all of the following components:

a. An audit report prepared by an auditor, which may include the scope and date of the audit and the information gained in the audit, together with exhibits and appendices and may include conclusions, recommendations, exhibits, and appendices.

b. Memoranda and documents analyzing any portion of the audit report or issues relating to the implementation of an audit report.

c. An implementation plan that addresses correcting past noncompliance, improving current compliance, or preventing future noncompliance.

(5) "Environmental laws" means all provisions of federal, State, and local laws, rules, and ordinances pertaining to environmental matters.

"**§ 8-58.52. Applicability.**

This Part applies to activities regulated under environmental laws, including all of the following provisions of the General Statutes, and rules adopted thereunder:

(1) Article 7 of Chapter 74.
(2) Chapter 104E.
(3) Article 25 of Chapter 113.
(4) Articles 1, 4, and 7 of Chapter 113A.
(5) Article 9 of Chapter 130A.
(6) Articles 21, 21A, and 21B of Chapter 143.
(7) Part 1 of Article 7 of Chapter 143B.

"**§ 8-58.53. Environmental audit report; privilege.**

(a) An environmental audit report or any part of an environmental audit report is privileged and, therefore, immune from discovery and is not admissible as evidence in civil or administrative proceedings, except as provided in G.S. 8-58.54 and G.S. 8-58.56. Provided, however, all of the following documents are exempt from the privilege established by this Part:

(1) Information obtained by observation of an enforcement agency.
(2) Information obtained from a source independent of the environmental audit.
(3) Documents, communication, data, reports, or other information required to be collected, maintained, otherwise made available, or reported to a enforcement agency or any other entity by environmental laws, permit, order, consent agreement, or as otherwise provided by law.

(4) Documents prepared either prior to the beginning of the environmental audit or subsequent to the completion date of the audit report and, in all cases, any documents prepared independent of the audit or audit report.

(5) Documents prepared as a result of multiple or continuous self-auditing conducted in an effort to intentionally avoid liability for violations.

(6) Information which is knowingly misrepresented or misstated or which is knowingly deleted or withheld from an environmental audit report, whether or not included in a subsequent environmental audit report.

(7) Information in instances where the material shows evidence of noncompliance with environmental laws, permits, orders, consent agreements, and the owner or operator failed to either promptly take corrective action or eliminate any violation of law identified during the environmental audit within a reasonable period of time.

(b) If an environmental audit report or any part of an environmental audit report is subject to the privilege provided for in subsection (a) of this section, no person who conducted or participated in the audit or who significantly reviewed the audit report may be compelled to testify regarding the audit report or a privileged part of the audit report except as provided for in G.S. 8-58.53(d), 8-58.54, or 8-58.56.

(c) Nothing in this Part shall be construed to restrict a party in a proceeding before the Industrial Commission from obtaining or discovering any evidence necessary or appropriate for the proof of any issue pending in an action before the Commission, regardless of whether evidence is privileged pursuant to this Part. Further, nothing in this Part shall be construed to prevent the admissibility of evidence which is otherwise relevant and admissible in a proceeding before the Industrial Commission, regardless of whether the evidence is privileged pursuant to this Part. Provided, however, the Commission, upon motion made by a party to the proceeding, may issue appropriate protective orders preventing disclosure of information outside of the Commission's proceeding.

(d) Nothing in this Part shall be construed to circumvent the employee protection provisions provided by federal or State law.

(e) The privilege created by this Part does not apply to criminal investigations or proceedings. Where an audit report is obtained, reviewed, or used in a criminal proceeding, the privilege created by this Part shall continue to apply and is not waived in civil and administrative proceedings and is not discoverable or admissible in civil or administrative proceedings even if disclosed during a criminal proceeding.

"**§ 8-58.54. Waiver of privilege.**

(a) The privilege established under G.S. 8-58.53 does not apply to the extent that it is expressly waived in writing by the owner or operator of a facility at which an environmental audit was conducted and who prepared or caused to be prepared the audit report as a result of the audit.

(b) The audit report and information generated by the audit may be disclosed without waiving the privilege established under G.S. 8-58.53 to all of the following persons:

(1) A person employed by the owner or operator or the parent corporation of the audited facility.

(2) A legal representative of the owner or operator or parent corporation.

(3) An independent contractor retained by the owner or operator or parent corporation to conduct an audit on or to address an issue or issues raised by the audit.

(c) Disclosure of an audit report or information generated by the audit under all of the following circumstances shall not constitute a waiver of the privilege established under G.S. 8-58.53:

(1) Disclosure made under the terms of a confidentiality agreement between the owner or operator of the facility audited and a potential purchaser of the business or facility audited.

(2) Disclosure made under the terms of a confidentiality agreement between governmental officials and the owner or operator of the facility audited.

(3) Disclosure made under the terms of a confidentiality agreement between a customer, lending institution, or insurance company with an existing or proposed relationship with the facility.

"**§ 8-58.55. Notification of audit.**

In order to assert the privilege established under G.S. 8-58.53, the owner or operator of the facility conducting the environmental audit shall, upon inspection of the facility by an enforcement agency, or no later than 10 working days after completion of an agency's inspection, notify the enforcement agency of the existence of any audit relevant to the subject of the agency's inspection, as well as the beginning date and completion date of that audit. Any environmental audit report shall include a signed certification from the owner or operator of the facility that documents the date the audit began and the completion date of the audit.

"**§ 8-58.56. Revocation of privilege in civil and administrative proceedings.**

In a civil or administrative proceeding, an enforcement agency may seek by motion a declaratory ruling on the issue of whether an environmental audit report is privileged. The court shall revoke the privilege established under G.S. 8-58.53 for an audit report if the factors set forth in this section apply. In a civil proceeding, the court, after an in camera review, shall revoke the privilege established under G.S. 8-58.53 if the court determines that disclosure of the environmental audit report was sought after the effective date of this Part and either of the following apply:

(1) The privilege is asserted for purposes of deception or evasion.

(2) The material shows evidence of significant noncompliance with applicable environmental laws; the owner or operator of the facility has not promptly initiated and pursued with diligence appropriate action to achieve compliance with these environmental laws or has not made reasonable efforts to complete any necessary permit application; and, as a result, the owner or operator of the facility did not or will not achieve compliance with applicable environmental laws or did not or will not complete the necessary permit application within a reasonable period of time.

"**§ 8-58.57. Privilege in criminal proceedings.**

The privilege established under G.S. 8-58.53 is not applicable in any criminal proceeding.

"**§ 8-58.58. Burden of proof.**

A party asserting the privilege established under G.S. 8-58.53 has the burden of proving that (i) the materials claimed as privileged constitute an environmental audit report as defined by this Part and (ii) compliance has been achieved or will be achieved within a reasonable period of time. A party seeking disclosure under G.S. 8-58.56 has the burden of proving the condition for disclosure set forth in that section.

"**§ 8-58.59. Stipulations; declaratory rulings.**

The parties to a proceeding may at any time stipulate to entry of an order directing that specific information contained in an environmental audit report is or is not subject to the privilege. In the absence of an ongoing proceeding, where the parties are not in agreement, an enforcement agency may seek a declaratory ruling from a court on the issue of whether the materials are privileged under G.S. 8-58.53 and whether the privilege, if existing, should be revoked pursuant to G.S. 8-58.56.

"**§ 8-58.60. Construction of Part.**

Nothing in this Part limits, waives, or abrogates any of the following:

(1) The scope or nature of any statutory or common law privilege, including the work-product privilege or the attorney-client privilege.
(2) Any existing ability or authority under State law to challenge privilege.
(3) An enforcement agency's ability to obtain or use documents or information that the agency otherwise has the authority to obtain under State law adopted pursuant to federally delegated programs.

"**§ 8-58.61. Voluntary disclosure; limited immunity from civil and administrative penalties and fines.**

(a) An owner or operator of a facility is immune from imposition of civil and administrative penalties and fines for a violation of environmental laws voluntarily disclosed subject to the requirements and criteria set forth in this section. Provided, however, that waiver of penalties and fines shall not be granted until the applicable enforcement agency has certified that the violation was corrected within a reasonable period of time. If compliance is not certified by the enforcement agency, the enforcement agency shall retain discretion to assess penalties and fines for the violation.

(b) If a person or entity makes a voluntary disclosure of a violation of environmental laws discovered through performance of an environmental audit, that person has the burden of proving (i) that the disclosure is voluntary by establishing the elements set forth in subsection (c) of this section and (ii) that the person is therefore entitled to immunity from any administrative or civil penalties associated with the issues disclosed. Nothing in this section may be construed to provide immunity from criminal penalties.

(c) For purposes of this section, disclosure is voluntary if all of the following criteria are met:

(1) The disclosure is made within 14 days following a reasonable investigation of the violation's discovery through the environmental audit.
(2) The disclosure is made to an enforcement agency having regulatory authority over the violation disclosed.
