A BILL TO BE ENTITLED

AN ACT TO MODIFY BRUNSWICK COUNTY'S FIRE PROTECTION FEES.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of S.L. 1999-323, as amended by S.L. 2001-74 and Section 2 of S.L. 2007-335, reads as rewritten:

"Section 1. Fee-supported fire districts.

"Section 1.(a) Request for Fee-Supported District. – A county may create a fee-supported fire district for insurance grading purposes if it receives one of the following:

- (1) A written request to create the district signed by at least two-thirds of the members of the board of directors of a fire department that contracts with the county to provide fire protection within an area of the county.
- (2) A petition requesting creation of a district signed by fifteen percent (15%) of the resident freeholders living in an area in the county. The petition must describe the area to be designated as the district.

"Section 1.(b) Creation of Fee-Supported District. – Upon receipt of a request as provided in subsection (a), the county may adopt a resolution establishing a fee-supported fire district and imposing annual fees for the provision of fire protection services within the district. The fee may be established or changed only after the county board of commissioners has received the recommendations of the committee for that district, established under subsection (b1) of this section. The district may not include any area that is within (i) a tax-supported fire district established under Article 3A of Chapter 69 of the General Statutes; (ii) a county service district established under Article 16 of Chapter 153A of the General Statutes for fire protection purposes; or (iii) another fee-supported fire district. The district may not include any area that is within the corporate limits of a municipality unless the governing body of the municipality agrees to the inclusion. However, it is not necessary to obtain the consent of a municipality if the municipality has not levied a tax, performed any official act, nor held any elections within a period of 10 years preceding the adoption of the resolution including the area within the district.

"Section 1.(b1) Committee for District. – Each district shall have a committee to allow local control over the fee-setting process. In each district that does not include any territory in a participating municipality, the committee shall consist of five members as follows: The Fire Chief, the member of the board of county commissioners in whose electoral district more than fifty percent (50%) of the land area of the district lies, a community member chosen by the Fire Department Board of Directors, a community member chosen by the board of county commissioners, and the Fire Marshal-Marshall or other official as designated by the County

1 Manager. In each district that does include any territory in a participating municipality, the
2 committee shall consist of members as follows: The Fire Chief, the mayor of each participating
3 municipality in the district, the member of the board of county commissioners in whose
4 electoral district more than fifty percent (50%) of the land area of the district lies, a community
5 member chosen by the Fire Department Board of Directors, a community member chosen by
6 the board of county commissioners, and the Fire ~~Marshal~~Marshal or other official as
7 designated by the County Manager. In either type of district, the Fire Marshal or the other
8 official designated by the County Manager shall chair the committee, but may vote only to
9 break a tie. The committee shall conduct an inquiry into the amount of funds required by the
10 district to meet its needs, and shall make findings on the issue. The committee will
11 communicate these findings to the board of county commissioners and recommend a fee. The
12 board of county commissioners will then set the fee. The same process shall be used for
13 changes to the fee once established.

14 "Section 1.(c) Fees. – The fees imposed by the county may not exceed the cost of
15 providing fire protection services within the district and may be imposed on owners of all real
16 property ~~that benefits from the availability of fire protection~~ and on owners of all manufactured
17 or mobile homes ~~that benefit from the availability of fire protection within the district.~~ For the
18 purpose of this section, the term 'fire protection' includes furnishing emergency medical,
19 rescue, and ambulance services to protect persons in the district from injury or death. The
20 county shall establish a schedule of fees for different classes of property and the fee for each
21 class of property shall be proportional to the estimated cost of providing fire protection services
22 to that class of property. The schedule of fees shall include the following classes of property
23 and the fee on each class of property shall not exceed the following maximums:

- 24 (1) A single-family dwelling or manufactured or mobile home, and appurtenant
25 structures, plus up to five acres of surrounding land. The fee on this class of

1 f. 100,000 square feet or over, ~~eight thousand dollars (\$8,000)~~sixteen
2 thousand dollars (\$16,000).

3 (5) A multiple-family dwelling. Each unit in a multiple-family dwelling shall be
4 treated as a single-family dwelling under subdivision (1) of this subsection.

5 (6) Any other class of property selected by the county. The fee on these classes
6 of property may not exceed ~~one hundred dollars (\$100.00)~~two hundred
7 dollars (\$200.00) per year.

8 (7) Outbuildings and special structures that fail to fall into any category above
9 will be classified based on the most appropriate category determined by the
10 specific use of the type of structure.

11 **"Section 1.(d)** Billing of Fees. – The county may include a fee imposed under this section
12 on the property tax bill for the real property, or the manufactured or mobile home, on which the
13 fee is imposed.

14 **"Section 1.(e)** Use of Fees. – The county shall credit the fees collected within the district to
15 a separate fund to be used only to furnish fire protection in the district. The board of
16 commissioners shall administer the fund to provide fire protection by one or more of the
17 following methods:

18 (1) Contracting with any municipality, any incorporated nonprofit volunteer or
19 community fire department, or the Department of Environment and Natural
20 Resources.

21 (2) Furnishing fire protection itself if it maintains an organized fire department.

22 (3) Establishing a fire department in the district.

23 **"Section 1.(f)** Audit of Fire Department. – If the county contracts with a fire department to
24 provide fire protection services in a fee-supported fire district, the fire department shall prepare
25 an annual budget based on anticipated revenues and shall submit the budget to the county for
26 processing and approval through the county's regular budget procedure. The fire department
27 shall contract for quarterly bookkeeping/accounting services from an independent accountant
28 for each fiscal year July 1 through June 30. The independent accountant must be approved in
29 advance by the County Finance Officer. The fire department is to submit all invoices, cash
30 receipts, bank statements with canceled checks or facsimiles, check registers or stubs, and other
31 financial source documents to the accountant within 15 days of the end of each fiscal quarter.
32 The accountant is to provide a monthly bank reconciliation for each month of the quarter, an
33 itemized schedule of all disbursements for the quarter, and an itemized schedule of cash
34 receipts for the quarter, a quarterly financial report, and a year-to-date financial report directly
35 to the County ~~Fire Marshal's office~~Manager within 45 days of the end of each fiscal quarter.
36 Funding will not be disbursed until the financial report is accepted by the Finance Officer. The
37 fire department agrees to contract for an independent financial audit conducted by a certified
38 public accountant in accordance with generally accepted accounting principles, for each fiscal
39 year July 1 through June 30 to be completed by October 31 after that fiscal year and submitted
40 to the Brunswick County Emergency Services Department by November 10 following that
41 fiscal year and will comply with federal and State laws and regulations related to financial and
42 compliance audits. Towns will handle all financing and accounts that are spent for the town fire
43 departments. The Town will follow all accounting principles and practices as required by the
44 State of North Carolina. The Treasurer of any fee-supported department shall be bonded for at
45 least one and one-half times the department's annual budget. The county may audit the fire
46 department's financial records upon reasonable notice to the fire department. Any fees collected
47 by the county to be disbursed to a fee-supported department will be withheld until all fiscal
48 issues are resolved to the satisfaction of the County Finance Officer.

49 **"Section 1.(g)** Extension of Area of District. – The county may by resolution annex to any
50 fee-supported fire district any territory that it could include in a new district under subsection
51 (c) of this section, upon finding that:

1 (1) The area to be annexed is contiguous to the district, with at least one-eighth
2 of the area's aggregate external boundary coincident with the existing
3 boundary of the district; and

4 (2) The area to be annexed requires the services of the district.

5 The county may also by resolution annex to any fee-supported fire district any territory it
6 could include in a new district under subsection (c) of this section if seventy-five percent (75%)
7 of the real property owners in the territory to be annexed have petitioned the board of
8 commissioners for annexation to the service district.

9 The area of any fee-supported fire district may be increased by including within the
10 boundaries of the district any adjoining territory lying within a municipality if the territory is
11 not already included in another fire protection district, and both the municipal governing body
12 and the county commissioners of the county in which the district is located agree by resolution
13 to the inclusion. However, it is not necessary to obtain the consent of a municipality if the
14 municipality has not levied a tax, performed any official act, nor held any elections within a
15 period of 10 years preceding the adoption of the resolution including the area within the
16 district.

17 **"Section 1.(h)** Annexation of District. – When any portion of a fee-supported fire district
18 has been annexed by a municipality furnishing fire protection to its citizens, and the
19 municipality has not agreed to allow territory within it to be in the district, then the portion of
20 the district annexed is no longer part of a fee-supported district. For the purposes of this section
21 and regardless of the actual effective date of annexation, the date of annexation shall be
22 considered to be a date in the month of June. When any portion of a fee-supported fire district
23 is annexed by a municipality furnishing fire protection to its citizens, there is debt associated
24 with the prior fee-supported district providing the fire protection to that area, an assumption of
25 debt shall be paid to the fee-supported district at a rate of not less than one-half the fees that are
26 collected from the annexed area for a period of not less than three years. This shall in no way
27 limit or restrict a municipality from contracting with a fee-supported district to provide fire
28 protection services nor shall it require a fee-supported district to provide fire protection services
29 without an additional contract.

30 **"Section 1.(i)** Abolition of District. – Upon finding that there is no longer a need for a
31 given fee-supported fire district, the board of commissioners may repeal the resolution
32 establishing the district and thus abolish the district.

33 **"Section 1.(j)** Administrative Oversight. – Each nonmunicipal department shall bring any
34 purchase in excess of ten thousand dollars (\$10,000) for approval to a fire protection oversight
35 board that is determined by the board of commissioners of the county and is chaired by the
36 Emergency Services Director or his designee. Failure to adhere to the recommendations of the
37 committee could lead to forfeiture of collected fees. All departments that receive funding from
38 a fee-supported district shall participate in countywide strategic planning sessions conducted by
39 the emergency services office no less than once a year.

40 **"Section 1.(k)** Collection Remedies. – A county may ~~foreclose fire fee liens~~ collect any
41 delinquent fire fees, existing either before or after the effective date of this act, under any
42 procedure provided by law for the ~~foreclosure~~ collection of property tax liens, including
43 attachment, garnishment, and foreclosure, except that: (i) lien sales and lien sale certificates are
44 not required, and (ii) foreclosure may be begun at any time after 30 days after the due date. The
45 county is not entitled to a deficiency judgment in an action to foreclose a fire fee lien. The lien
46 of fire fees is inferior to all prior and subsequent liens for State, local, and federal taxes, and
47 superior to all other liens."

48 **SECTION 2.** This act applies to Brunswick County only.

49 **SECTION 3.** This act is effective when it becomes law.
