

PART I. NC HEALTH CARE FOR WORKING FAMILIES.

SECTION 1. NC Health Care for Working Families. – It is the intent of the General Assembly to facilitate the design of a health care program that addresses the needs of citizens of North Carolina committed to a healthy lifestyle who are ineligible for Medicaid due to their income levels but who are otherwise unable to afford health insurance. To meet these needs, the Department of Health and Human Services (DHHS) shall design a program to be known as "NC Health Care for Working Families." DHHS is encouraged to advocate to the federal government for any changes to the current operations of the Medicaid program at the federal level as may be needed to obtain approval for the program with the maximum federal financial participation possible. In designing the NC Health Care for Working Families program, DHHS shall comply with the components of the program outlined in this act and shall have the authority to determine specific details relating to each of the program components.

SECTION 2. Population to be covered. – The Department of Health and Human Services shall provide NC Health Care for Working Families program coverage to residents of North Carolina who meet all of the following criteria:

- (1) The resident meets all federal Medicaid citizenship and immigration requirements.
- (2) The resident is not eligible for Medicaid under the currently established North Carolina Medicaid program eligibility criteria.
- (3) The resident's modified adjusted gross income (MAGI) does not exceed one hundred thirty-three percent (133%) of the federal poverty level.
- (4) The resident is not entitled to or enrolled in Medicare Part A or Medicare Part B benefits.
- (5) The resident is an adult who is no younger than age 19 and no older than age 64.

In defining residency for the purposes of eligibility for the NC Health Care for Working Families program, the Department of Health and Human Services shall do so in a manner consistent with the residency requirements under North Carolina's Medicaid State Plan.

SECTION 3. Health care coverage. – The benefit package designed by the Department of Health and Human Services (DHHS) shall be similar to the coverage provided under North Carolina's 2017 Essential Health Benefits Benchmark Plan and the Blue Cross and Blue Shield of North Carolina Blue Options Preferred Provider Organization (PPO) Plan and shall comply with applicable federal requirements governing Alternative Benefit Plans. The benefit package designed by DHHS shall also focus on preventive care and participant wellness. Prepaid Health Plans, as defined under S.L. 2015-245, shall manage the benefits for the population covered by the NC Health Care for Working Families program through capitated contracts.

SECTION 4. Participant contributions. – NC Health Care for Working Families program participants shall pay an annual premium, billed monthly, that is set at two percent (2%) of the participant's household income. Participant contributions shall be utilized to fund the program as required by Section 7 of this act. Failure of a program participant to make a premium contribution within 90 days of its due date shall result in the suspension of the program participant from the program unless that program participant shows that he or she is exempt from the premium requirements prior to the expiration of that 90-day period. An individual who was suspended from the program for nonpayment of the monthly premium may reactivate coverage if that individual meets the eligibility requirements and pays the total amount in previously unpaid premiums owed by the individual. The Department of Health and Human Services (DHHS) shall adopt rules related to premium requirements, including exemptions from the requirements. Exemption from the premium requirements shall include only the following criteria:

- 1 (1) The participant's household income is below fifty percent (50%) of the federal
- 2 poverty guidelines.
- 3 (2) The participant has a medical hardship.
- 4 (3) The participant has a financial hardship.
- 5 (4) The participant is an Indian Health Services beneficiary.
- 6 (5) The participant is a veteran in transition but actively seeking employment.

7 DHHS shall develop cost-effective methods of accepting participant contributions
8 that facilitate the ability of participants to make the required contribution. DHHS shall take into
9 consideration the methods of payment utilized by Indiana to accept Personal Wellness and
10 Responsibility (POWER) account payments under its Healthy Indiana Plan.

11 **SECTION 5.** Program requirements. – In addition to the monthly premium
12 contributions required by Section 4 of this act, the NC Health Care for Working Families program
13 shall include the following requirements:

- 14 (1) Co-payments. – Co-payments under the program shall be comparable with the
15 co-payments applied under the North Carolina Medicaid State Plan.
- 16 (2) Preventive care and wellness activities. – To promote health and wellness, the
17 Department of Health and Human Services shall establish preventive care and
18 wellness activities. Preventive care and wellness activities shall include
19 routine physicals, routine screenings such as mammograms and
20 colonoscopies, and weight management programs, as medically appropriate
21 for the individual participant.
- 22 (3) Mandatory employment activities. – To increase employment, the Department
23 of Health and Human Services shall establish employment activities for
24 program participants that adhere to federal guidance and are aligned with the
25 work requirements of the Able-Bodied Adults Without Dependents
26 (ABAWDs) policy under the Supplemental Nutrition Assistance Program as
27 much as possible, provided that exemptions from mandatory employment
28 activities shall be limited to the following individuals:
 - 29 a. Individuals caring for a dependent minor child, an adult disabled child,
30 or a disabled parent.
 - 31 b. Individuals who are in active treatment for a substance abuse disorder.
 - 32 c. Individuals determined to be medically frail or with an acute medical
33 condition that would prevent the individual from complying with the
34 employment requirements.
 - 35 d. Pregnant and post-partum women.
 - 36 e. Indian Health Services beneficiaries.
 - 37 f. Any other category of individuals required to be exempt by the Centers
38 for Medicare and Medicaid Services.

39 **SECTION 6.** Defined measures and goals. – The NC Health Care for Working
40 Families program shall be built on defined measures and goals for risk-adjusted health outcomes,
41 quality of care, patient satisfaction, access, and cost. Each component shall be subject to specific
42 accountability measures, including penalties. The Department of Health and Human Services
43 may use organizations such as the National Committee for Quality Assurance (NCQA), the
44 Physician Consortium for Performance Improvement (PCPI), or any others necessary to develop
45 effective measures for outcomes and quality.

46 **SECTION 7.** Funding. – The following three sources shall be the only sources of
47 funding for the NC Health Care for Working Families program:

- 48 (1) Federal funds. – The Department of Health and Human Services is required
49 to seek the highest federal financial participation percentage available to fund
50 the program.

- 1 (2) Participant contributions. – Participants in the program shall make monthly
2 premium payments as required by Section 4 of this act.
- 3 (3) State and county funds. – The State and county share of costs that are not
4 covered by federal funds or participant contributions will be funded through
5 intergovernmental transfers, gross premiums tax revenue, and hospital
6 assessments. It is the intent of the General Assembly that all State funds
7 needed for the program shall be generated through increased revenue from the
8 gross premiums tax, hospital assessments and intergovernmental transfers, as
9 well as new revenue from an additional hospital assessment that the General
10 Assembly intends to enact to meet the requirements of this act.

11 **SECTION 8.** Submission of State Plan amendments and implementation time line.

12 – The Department of Health and Human Services shall submit all State Plan amendments and
13 modifications to the 1115 demonstration waiver for Medicaid transformation as necessary to
14 implement coverage under the NC Health Care for Working Families program required by this
15 act. Subject to the contingencies in Section 9 of this act, coverage for newly eligible adults under
16 this act shall begin no later than the earlier of the following:

- 17 (1) One hundred twenty days after the approval by the Center for Medicare and
18 Medicaid Services of all State Plan amendments or amendments to the 1115
19 demonstration waiver submitted under this Section.
- 20 (2) July 1, 2020.

21 **SECTION 9.** Implementation and program continuation contingencies. – The State

22 shall not be bound to provide coverage under the NC Health Care for Working Families program.
23 Coverage under the NC Health Care for Working Families program shall not be implemented or
24 shall be terminated if any of the following occurs:

- 25 (1) If the program approved by the Center for Medicare and Medicaid Services
26 fails to substantially comply with the program components required by this
27 act, including the participant contributions authorized under Section 4 of this
28 act or any of the program requirements authorized under Section 5 of this act,
29 then the NC Health Care for Working Families program shall not be
30 implemented and the Department of Health and Human Services (DHHS)
31 shall stop all activities related to implementation.
- 32 (2) If legislation necessary to ensure that the State and county share of costs that
33 are not covered by federal funds, participant contributions, or increased gross
34 premiums tax revenue will be funded through a new hospital assessment is not
35 enacted, as required by subdivision (3) of Section 7 of this act, then the NC
36 Health Care for Working Families program shall not be implemented and
37 DHHS shall continue to seek federal approval of the program if approval has
38 not already been given, but shall stop all other activities related to
39 implementation until the necessary legislation is enacted.
- 40 (3) If the combination of funding sources identified in Section 7 of this act is not
41 sufficient to initially fund or to provide a sustainable funding source to cover
42 all costs of the program, then the NC Health Care for Working Families
43 program shall not be implemented and DHHS shall stop all activities related
44 to implementation.
- 45 (4) If the federal medical assistance percentage (FMAP) for services provided
46 through the program is less than ninety percent (90%), then the NC Health
47 Care for Working Families program shall not be implemented and DHHS shall
48 stop all activities related to implementation.
- 49 (5) If, after the implementation of the program, the federal medical assistance
50 percentage (FMAP) for services provided through the NC Health Care for
51 Working Families program falls below ninety percent (90%), then, upon

1 receipt of information indicating that the FMAP will be lower than ninety
2 percent (90%), the Secretary of DHHS shall promptly provide notice of the
3 change in the FMAP to the Chairs of the Joint Legislative Oversight
4 Committee on Medicaid and NC Health Choice and to the Fiscal Research
5 Division. Coverage under the NC Health Care for Working Families program
6 shall terminate on the last day the FMAP is ninety percent (90%) or greater.

- 7 (6) If, after implementation of the program, the combination of funding sources
8 identified in Section 7 of this act is no longer sufficient to fund or provide a
9 sustainable funding source to cover all costs of the program, then coverage
10 under the NC Health Care for Working Families program shall terminate on
11 the last day of the fiscal year in which the funding is no longer sufficient.

12 **SECTION 10.** Report. – No later than October 1, 2019, the Department of Health
13 and Human Services (DHHS) shall submit to the Joint Legislative Oversight Committee on
14 Medicaid and NC Health Choice a report with a design proposal for the NC Health Care for
15 Working Families program. The report shall contain a strategy for obtaining approval for federal
16 funding for the program. The report shall include the federal medical assistance percentage
17 (FMAP) sought by DHHS and an analysis of the fiscal impact to the State that would result from
18 the proposal. The report shall also include long-term strategies to fund the NC Health Care for
19 Working Families program in such a way that the sources of funding identified in Section 7 of
20 this act remain the only sources of funding for the program. As part of its report, DHHS shall
21 submit either a copy of the draft demonstration waiver under Section 1115 of the Social Security
22 Act necessary to effectuate the NC Health Care for Working Families program or a draft of any
23 modifications to the 1115 demonstration waiver for Medicaid transformation.
