18 required if the zoning map amendment directly affects more than 50 properties, owned by a total

43 **"§ 160A-388. Board of adjustment.**

44 ...

45 (b1) Appeals. – The board of adjustment shall hear and decide appeals from decisions of

49 (1) Any person who has standing under G.S. 160A-393(d) or the city may appeal
50 a decision to the board of adjustment. An appeal is taken by filing a notice of

1 appeal with the city clerk. The notice of appeal shall state the grounds for the
2 appeal.

3 (2) The official who made the decision shall give written notice to the owner of
4 the property that is the subject of the decision and to the party who sought the
5 decision, if different from the owner. The written notice shall be delivered by
6 personal delivery, electronic mail, or by first-class mail. In order for a decision

15 of any civil proceeding authorized by law, including G.S. 160A-393.1, or
16 appeals therefrom, unless the official who made the decision certifies to the
17 board of adjustment after notice of appeal has been filed that because of the
18 facts stated in an affidavit, a stay would cause imminent peril to life or
19 property or because the violation is transitory in nature, a stay would seriously
20 interfere with enforcement of the ordinance. In that case, enforcement
21 proceedings shall not be stayed except by a restraining order, which may be
22 granted by a court. If enforcement proceedings are not stayed, the appellant
23 may file with the official a request for an expedited hearing of the appeal, and
24 the board of adjustment shall meet to hear the appeal within 15 days after such
25 a request is filed. Notwithstanding the foregoing, appeals of decisions granting
26 a permit or otherwise affirming that a proposed use of property is consistent
27 with the ordinance shall not stay the further review of an application for
28 permits or permissions to use such property; in these situations the appellant
29 may request and the board may grant a stay of a final decision of permit
30 applications or building permits affected by the issue being appealed.

43 provided by subsection (b) of this section.

44 (b) Civil Action. – Except as otherwise provided in this section for claims involving
45 questions of interpretation, in lieu of any remedies available under G.S. 160A-388(b1), a person
46 with standing, as defined in subsection (c) of this section, may bring an original civil action
47 seeking declaratory relief, injunctive relief, damages, or any other remedies provided by law or
48 equity, in superior court or federal court to challenge the enforceability, validity, or effect of a
49 local land development regulation for any of the following claims:

3 (3) The ordinance, either on its face or as applied, constitutes a taking of property.

4 If the decision being challenged is from an administrative official charged with enforcement
 5 of a local land development regulation, the party with standing must first bring any claim that the
 6 ordinance was erroneously interpreted to the applicable board of adjustment pursuant to
 7 G.S. 160A-388(b1). An adverse ruling from the board of adjustment may then be challenged in
 8 an action brought pursuant to this subsection with the court hearing the matter de novo together
 9 with any of the claims listed in this subsection.

10 (c) Standing. – Any of the following criteria shall provide standing to bring an action
 11 under this section:

12 (1) The person has an ownership, leasehold, or easement interest in, or possesses
 13 an option or contract to, purchase the property that is the subject matter of a
 14 final and binding decision made by an administrative official charged with
 15 applying or enforcing a land development regulation.

16 (2) The person was a development permit applicant before the decision-making
 17 board whose decision is being challenged.

18 (3) The person was a development permit applicant who is aggrieved by a final
 19 and binding decision of an administrative official charged with applying or
 20 enforcing a land development regulation.

21 (d) Time for Commencement of Action. – Any action brought pursuant to this section
 22 shall be commenced within one year after the date on which written notice of the final decision
 23 is delivered to the aggrieved party by personal delivery, electronic mail, or by first-class mail.

24 (e) Joinder. – An original civil action authorized by this section may, for convenience
 25 and economy, be joined with a petition for writ of certiorari and decided in the same proceedings.
 26 For the claims raised in the original civil action, the parties shall be governed by the Rules of
 27 Civil Procedure. The record of proceedings in the appeal pursuant to G.S. 160A-393 may not be
 28 supplemented by discovery from the civil action unless supplementation is otherwise allowed
 29 under G.S. 160A-393(j). The standard of review in the original civil action for the cause or causes
 30 of action pled as authorized by subsection (b) of this section shall be de novo. The standard of
 31 review of the petition for writ of certiorari shall be as established in G.S. 160A-393(k).

32 (f) For the purposes of this section, the definitions in G.S. 143-755 shall apply."

33 **SECTION 8.** G.S. 160A-364.1 reads as rewritten:

34 "**§ 160A-364.1. Statute of limitations.**

35 ...

36 (c) Nothing in this section or in G.S. 1-54(10) or G.S. 1-54.1 shall bar a party in an action
 37 involving the enforcement of a zoning or unified development ordinance or in an action
 38 authorized by G.S. 160A-393.1 from raising as a claim or defense to such enforcement action in
 39 such proceedings the enforceability or the invalidity of the ordinance. Nothing in this section or
 40 in G.S. 1-54(10) or G.S. 1-54.1 shall bar a party who files a timely appeal from an order,
 41 requirement, decision, or determination made by an administrative official contending that such
 42 party is in violation of a zoning or unified development ordinance from raising in the appeal the
 43 invalidity of such ordinance as a defense to such order, requirement, decision, or determination.
 44 A party in an enforcement action or appeal may not assert the invalidity of the ordinance on the
 45 basis of an alleged defect in the adoption process unless the defense is formally raised within
 46 three years of the adoption of the challenged ordinance.

47 "

48 **SECTION 9.** G.S. 160A-393 reads as rewritten:

49 "**§ 160A-393. Appeals in the nature of certiorari.**

1 (j) Hearing on the Record. – The court shall hear and decide all issues raised by the
2 petition by reviewing the record submitted in accordance with subsection ~~(h)~~(i) of this section.
3 Except that the court ~~may, in its discretion, shall~~ allow the record to be supplemented with
4 affidavits, testimony of witnesses, or documentary or other evidence if, and to the extent that, the
5 ~~record is not adequate to allow an appropriate determination~~ petition raises any of the following
6 issues: issues, in which case the rules of discovery set forth in the North Carolina Rules of Civil
7 Procedure shall apply to the supplementation of the record of said issues:

8 (1) Whether a petitioner or intervenor has standing.

9 (2) Whether, as a result of impermissible conflict as described in
10 G.S. 160A-388(e)(2), or locally adopted conflict rules, the decision-making
11 body was not sufficiently impartial to comply with due process principles.

12 (3) Whether the decision-making body erred for the reasons set forth in
13 sub-subdivisions a. and b. of subdivision (1) of subsection (k) of this section.

14 (k) Scope of Review. –

15 (1) When reviewing the decision of a decision-making board under the provisions
16 of this section, the court shall ensure that the rights of petitioners have not
17 been prejudiced because the decision-making body's findings, inferences,
18 conclusions, or decisions were:

19 a. In violation of constitutional provisions, including those protecting
20 procedural due process rights.

21 b. In excess of the statutory authority conferred upon the ~~city~~city,
22 including preemption, or the authority conferred upon the
23 decision-making board by ordinance.

24 c. Inconsistent with applicable procedures specified by statute or
25 ordinance.

26 d. Affected by other error of law.

27 e. Unsupported by substantial competent evidence in view of the entire
28 record.

29 f. Arbitrary or capricious.

30 (2) When the issue before the court is one set forth in sub-subdivisions a. through
31 d. of subdivision (1) of this subsection, including whether the decision-making
32 board erred in interpreting an ordinance, the court shall review that issue de
33 novo. The court shall consider the interpretation of the decision-making board,
34 but is not bound by that interpretation, and may freely substitute its judgment
35 as appropriate.

36 (3) The term "competent evidence," as used in this subsection, shall not preclude
37 reliance by the decision-making board on evidence that would not be
38 admissible under the rules of evidence as applied in the trial division of the
39 General Court of Justice if (i) except for the items noted in sub-subdivisions
40 a., b., and c. of this subdivision that are conclusively incompetent, the
41 evidence was admitted without objection or (ii) the evidence appears to be
42 sufficiently trustworthy and was admitted under such circumstances that it
43 was reasonable for the decision-making board to rely upon it. The term
44 "competent evidence," as used in this subsection, shallshall, regardless of the
45 lack of a timely objection, not be deemed to include the opinion testimony of
46 lay witnesses as to any of the following:

47 a. The use of property in a particular way would affect the value of other
48 property.

49 b. The increase in vehicular traffic resulting from a proposed
50 development would pose a danger to the public safety.

1 c. Matters about which only expert testimony would generally be
2 admissible under the rules of evidence.

3 (l) Decision of the Court. – Following its review of the decision-making board in
4 accordance with subsection (k) of this section, the court may affirm the decision, reverse the
5 decision and remand the case with appropriate instructions, or remand the case for further
6 proceedings. If the court does not affirm the decision below in its entirety, then the court shall be
7 guided by the following in determining what relief should be granted to the petitioners:

8 (1) If the court concludes that the error committed by the decision-making board
9 is procedural only, the court may remand the case for further proceedings to
10 correct the procedural error.

11 (2) If the court concludes that the decision-making board has erred by failing to
12 make findings of fact such that the court cannot properly perform its function,
13 then the court may remand the case with appropriate instructions so long as
14 the record contains substantial competent evidence that could support the
15 decision below with appropriate findings of fact. However, findings of fact
16 are not necessary when the record sufficiently reveals the basis for the
17 decision below or when the material facts are undisputed and the case presents
18 only an issue of law.

19 (3) If the court concludes that the decision by the decision-making board is not
20 supported by substantial competent evidence in the record or is based upon an
21 error of law, then the court may remand the case with an order that directs the
22 decision-making board to take whatever action should have been taken had
23 the error not been committed or to take such other action as is necessary to
24 correct the error. Specifically:

25 a. If the court concludes that a permit was wrongfully denied because the
26 denial was not based on substantial competent evidence or was
27 otherwise based on an error of law, the court ~~may shall~~ remand with
28 instructions that the permit be issued, subject to ~~reasonable and~~
29 ~~appropriate conditions.~~ any conditions expressly consented to by the
30 permit applicant as part of the application or during the board of
31 adjustment appeal or writ of certiorari appeal.

32 b. If the court concludes that a permit was wrongfully issued because the
33 issuance was not based on substantial competent evidence or was
34 otherwise based on an error of law, the court may remand with
35 instructions that the permit be revoked.

36 c. If the court concludes that a zoning board decision upholding a zoning
37 enforcement action was not supported by substantial competent
38 evidence or was otherwise based on an error of law, the court shall
39 reverse the decision.

41 **SECTION 10.** Part 3 of Article 19 of Chapter 160A of the General Statutes is
42 amended by adding a new section to read:

43 **"§ 160A-393.2. No estoppel effect when challenging development conditions.**

44 A city or county may not assert before a board of adjustment or in any civil action the defense
45 of estoppel as a result of actions by the landowner or permit applicant to proceed with
46 development authorized by a rezoning or a development permit as defined in G.S. 143-755 if the
47 landowner or permit applicant is challenging conditions that were illegally imposed."

48 **SECTION 11.** G.S. 6-21.7 reads as rewritten:

49 **"§ 6-21.7. Attorneys' fees; cities or counties acting outside the scope of their authority.**

50 In any action in which a city or county is a party, upon a finding by the court that the city or
51 county acted ~~outside the scope of its legal authority,~~ violated a statute or case law setting forth

1 unambiguous limits on its authority, the court may shall award reasonable attorneys' fees and
2 costs to the party who successfully challenged the city's or county's action, provided that if the
3 court also finds that the city's or county's action was an abuse of its discretion, the court shall
4 award attorneys' fees and costs. In any action in which a city or county is a party, upon
5 finding by the court that the city or county took action inconsistent with, or in violation of,
6 G.S. 160A-360.1, 153A-320.1, or 143-755, the court shall award reasonable attorneys' fees and
7 costs to the party who successfully challenged the local government's failure to comply with any
8 of those provisions. In all other matters, the court may award reasonable attorneys' fees and costs
9 to the prevailing private litigant. For purposes of this section, "unambiguous" means that the
10 limits of authority are not reasonably susceptible to multiple constructions."

11 **SECTION 12.** G.S. 160A-381 reads as rewritten:

12 **"§ 160A-381. Grant of power.**

13 ...

14 (c) The regulations may also provide that the board of adjustment, the planning board, or
15 the city council may issue special use permits or conditional use permits in the classes of cases
16 or situations and in accordance with the principles, conditions, safeguards, and procedures
17 specified therein and may impose reasonable and appropriate conditions and safeguards upon
18 these permits. Conditions and safeguards imposed under this subsection shall not include
19 requirements for which the city does not have authority under statute to regulate nor requirements
20 for which the courts have held to be unenforceable if imposed directly by the ~~city~~-city, including,
21 without limitation, taxes, impact fees, building design elements within the scope of subsection
22 (h) of this section not voluntarily offered by the petitioner, street improvements in excess of those
23 allowed in G.S. 160A-372, driveway-related improvements in excess of those allowed in
24 G.S. 136-18(29) and G.S. 160A-307, or other unauthorized limitations on the development or
25 use of land. When deciding special use permits or conditional use permits, the city council or
26 planning board shall follow quasi-judicial procedures. Notice of hearings on special or
27 conditional use permit applications shall be as provided in G.S. 160A-388(a2). No vote greater
28 than a majority vote shall be required for the city council or planning board to issue such permits.
29 For the purposes of this section, vacant positions on the board and members who are disqualified
30 from voting on a quasi-judicial matter shall not be considered "members of the board" for
31 calculation of the requisite majority. Every such decision of the city council or planning board
32 shall be subject to review of the superior court in the nature of certiorari in accordance with
33 G.S. 160A-388.

34 Where appropriate, such conditions may include requirements that street and utility
35 rights-of-way be dedicated to the public and that provision be made of recreational space and
36 facilities. Notwithstanding anything to the contrary, a development permit authorized pursuant
37 to this subsection shall not be denied on the basis that existing public facilities are inadequate to
38 serve the property described in the permit application regardless of the type of use or
39 development of said property.

41 **SECTION 13.** G.S. 153A-340 reads as rewritten:

42 **"§ 153A-340. Grant of power.**

47 procedures specified therein and may impose reasonable and appropriate conditions and
48 safeguards upon these permits. Conditions and safeguards imposed under this subsection shall
49 not include requirements for which the county does not have authority under statute to regulate
50 nor requirements for which the courts have held to be unenforceable if imposed directly by the
51 ~~county~~-county, including, without limitation, taxes, impact fees, building design elements within

1 the scope of subsection (l) of this section not voluntarily offered by the petitioner, street
2 improvements in excess of those allowed in G.S. 160A-372, driveway-related improvements in
3 excess of those allowed in G.S. 136-18(29), or other unauthorized limitations on the development
4 or use of land. Where appropriate, the conditions may include requirements that street and utility
5 rights-of-way be dedicated to the public and that recreational space be provided. Notwithstanding
6 anything to the contrary, a development permit authorized pursuant to this subsection shall not
7 be denied on the basis that existing public facilities are inadequate to serve the property described
8 in the permit application regardless of the type of use or development of said property. When
9 deciding special use permits or conditional use permits, the board of county commissioners or
10 planning board shall follow quasi-judicial procedures. Notice of hearings on special or
11 conditional use permit applications shall be as provided in G.S. 160A-388(a2). No vote greater
12 than a majority vote shall be required for the board of county commissioners or planning board
13 to issue such permits. For the purposes of this section, vacant positions on the board and members

15 the board" for calculation of the requisite majority. Every such decision of the board of county
16 commissioners or planning board shall be subject to review of the superior court in the nature of
17 certiorari consistent with G.S. 160A-388.

25 agencies, but only those conditions mutually approved by the city and the petitioner may be
26 incorporated into the zoning regulations or permit ~~requirements~~. requirements; provided,
27 however, notwithstanding any provision of law or regulation to the contrary, in the exercise of
28 the authority granted by this section, including the establishment of special or conditional use
29 districts or conditional zoning, a city may not require, enforce, or incorporate into the zoning
30 regulations or permit requirements any condition or requirement not authorized by otherwise

34 excess of those allowed in G.S. 136-18(29) and G.S. 160A-307, or other unauthorized limitations
