45 to provide transportation shall take the respondent to an alternative non-hospital provider or
46 facility-based crisis center for a first examination in conjunction with a health screening at the
47 same location. If no non-hospital provider or facility-based crisis center for a first examination
48 in conjunction with a health screening at the same location for health screening and first

12 presence of the commitment examiner or may be examined utilizing telemedicine equipment and
13 procedures. A commitment examiner who examines a respondent by means of telemedicine must
14 be satisfied to a reasonable medical certainty that the determinations made in accordance with
15 subsection (d) of this section would not be different if the examination had been done in the
16 physical presence of the commitment examiner. A commitment examiner who is not so satisfied
17 must note that the examination was not satisfactorily accomplished, and the respondent must be
18 taken for a face-to-face examination in the physical presence of a person authorized to perform
19 examinations under this section. As used in this section, "telemedicine" is the use of two-way

 - 39 b. The respondent is capable of surviving safely in the community with
40 available supervision from family, friends, or others.
 - 41 c. Based on the respondent's psychiatric history, the respondent is in need
42 of treatment in order to prevent further disability or deterioration that
43 would predictably result in dangerousness as defined by
44 G.S. 122C-3(11).
 - 45 d. The respondent's current mental status or the nature of the respondent's
46 illness limits or negates the respondent's ability to make an informed

48 ~~The commitment examiner shall so show on the examination report and shall~~
49 ~~recommend outpatient commitment.~~ In addition addition, the commitment
50 examiner shall show the name, address, and telephone number of the proposed
51 outpatient treatment physician or center in accordance with subsection (f) of

1 this section. The person designated in the order to provide transportation shall

7 others, as defined in G.S. 122C-3(11)b., the commitment examiner shall
8 recommend inpatient commitment, and shall so show on the examination
9 report. If, in addition to mental illness and dangerousness, the commitment
10 examiner also finds that the respondent is known or reasonably believed to ~~be~~
11 ~~mentally retarded~~, have an intellectual disability, this finding shall be shown
12 on the report. Upon notification, the law enforcement officer or other
13 designated person shall take the respondent to a 24-hour facility described in
14 G.S. 122C-252 pending a district court hearing. To the extent feasible, in
15 providing the transportation of the respondent, the law enforcement officer
16 shall act within six hours of notification. The other designated person shall
17 take the respondent to a 24-hour facility described in G.S. 122C-252 pending
18 a district court hearing within six hours of notification. If there is no area
19 24-hour facility and if the respondent is indigent and unable to pay for care at
20 a private 24-hour facility, the law enforcement officer or other designated
21 person shall take the respondent to a State facility for ~~the mentally ill~~
22 individuals with mental illnesses designated by the Commission in accordance
23 with G.S. 143B-147(a)(1)a. for custody, observation, and treatment and

25 facility is not immediately available or appropriate to the respondent's medical
26 condition, the respondent may be temporarily detained under appropriate
27 supervision at the site of the first examination. Upon the commitment
28 examiner's determination that a 24-hour facility is available and medically
29 appropriate, the law enforcement officer or other designated person shall
30 transport the respondent after receiving a request for transportation by the
31 facility of the commitment examiner. To the extent feasible, in providing the
32 transportation of the respondent, the law enforcement officer shall act within
33 six hours of notification. The other designated person shall transport the
34 respondent without unnecessary delay and within six hours after receiving a
35 request for transportation by the facility of the commitment examiner. At any
36 time during the respondent's temporary detention under appropriate
37 supervision, if a commitment examiner determines that the respondent is no
38 longer in need of inpatient commitment, the proceedings shall be terminated
39 and the respondent transported and released in accordance with subdivision
40 (3) of this subsection. However, if the commitment examiner determines that
41 the respondent meets the criteria for outpatient commitment, as defined in
42 subdivision (1) of this subsection, the commitment examiner may recommend
43 outpatient commitment, and the respondent shall be transported and released
44 in accordance with subdivision (1) of this subsection. Any decision to
45 terminate the proceedings or to recommend outpatient commitment after an
46 initial recommendation of inpatient commitment shall be documented and
47 reported to the clerk of superior court in accordance with subsection (e) of this
48 section. If the respondent is temporarily detained and a 24-hour facility is not
49 available or medically appropriate seven days after the issuance of the custody
50 order, a commitment examiner shall report this fact to the clerk of superior
51 court and the proceedings shall be terminated. Termination of proceedings

1 pursuant to this subdivision shall not prohibit or prevent the initiation of new
 2 involuntary commitment proceedings when appropriate. A commitment
 3 examiner may initiate a new involuntary commitment proceeding prior to the
 4 expiration of this seven-day period, as long as the respondent continues to
 5 meet applicable criteria. Affidavits filed in support of proceedings terminated
 6 pursuant to this subdivision ~~may shall~~ not be submitted in support of any
 7 subsequent petitions for involuntary commitment. If the affiant initiating new
 8 commitment proceedings is a commitment examiner, the affiant shall conduct
 9 a new examination and ~~may shall~~ not rely upon examinations conducted as
 10 part of proceedings terminated pursuant to this subdivision.

11 In the event an individual known or reasonably believed to ~~be mentally~~
 12 ~~retarded~~ have an intellectual disability is transported to a State facility for ~~the~~
 13 ~~mentally ill, individuals with mental illnesses,~~ in no event shall that individual
