A BILL TO BE ENTITLED  
AN ACT TO PROVIDE FUNDS FOR ADDITIONAL ALL PRO DAD CHAPTERS AND  
CREATE A PROGRAM TO SUPPORT NORTH CAROLINA FATHERS.

Whereas, research affirms that children with involved fathers tend to perform better socially, maintain better school attendance, have a lower risk of dropping out, and are less likely to engage in the use of drugs or alcohol; and

Whereas, the fatherlessness crisis in America affects 1 in 5 children, or 15.7 million kids, who are raised without a father (U.S. Census Bureau, 2023); and

Whereas, 80% of single-parent households in the United States in 2023 were headed by single mothers; and

Whereas, abundant research demonstrates that 71% of children growing up without a father figure, whether physically or emotionally absent, perform more poorly academically and experience regular truancy; and

Whereas, teens without a father are 7 times more likely to experience teen pregnancy and have a 54% likelihood of being poorer than their parents; and

Whereas, there is an 85% chance that fatherless children will become involved with the juvenile justice system (Children's Bureau, 2023); and

Whereas, fathers' engagement plays a critical role in helping children overcome barriers to education, including mental, emotional, and behavioral challenges; and

Whereas, such engagement fosters improvements in social interactions, academic performance, school attendance, and decreases the likelihood of dropping out, while improving student performance; and

Whereas, conversely, impaired behaviors exhibited by fathers can lead to insufficient development of a child's emotional intelligence and mental resilience, hindering their overall growth and educational success; Now, therefore,  
The General Assembly of North Carolina enacts:
