SENATE BILL 467

Short Title: Right to Reproductive Freedom Act. (Public)

Sponsors: Senators Murdock, Chitlik, and Meyer (Primary Sponsors).

Referred to: Rules and Operations of the Senate

March 25, 2025

A BILL TO BE ENTITLED  
AN ACT TO REMOVE BARRIERS AND GAIN ACCESS TO ABORTION AND  
REPRODUCTIVE HEALTH (RIGHT TO REPRODUCTIVE FREEDOM ACT).

Whereas, the ability to access safe and legal abortion is a critical component of a patient's health and dignity, as well as independence, freedom, and equality; and

Whereas, throughout pregnancy, patients must be able to make their own health care decisions with the advice of health care professionals they trust and without government interference; and

Whereas, North Carolina has limited access to abortion services by enacting a growing number of hurdles, restrictions, and requirements that serve no medical purpose and are intended to make it more difficult for patients to access health care; and

Whereas, the impact of abortion restrictions is predominantly felt by those who already experience systemic barriers to health care, including young people, people of color, those with disabilities, individuals with low incomes, and those who live in rural areas or are undocumented; Now, therefore,

The General Assembly of North Carolina enacts:
